LOCAL AND MISCELLANEOUS.

☞ McMAHON is fast completing his arrangements for the removal of the old Arcade, and the erection in its place of a handsome brick block.

☞ CHARLIE McCOY has returned from New York, and in a few days you will see stacks of Dry Goods arriving at his store and a rush of customers to buy them.

☞ DESERVED PROMOTION.—Lieutenant FRED. C. BARGES, who lost his right leg at the battle of Fredericksburg, has been confirmed by the Senate as Postmaster at Westfield, Chautauqua County.

☞ Spring comes to us with wet garments and a face streaming with tears. But vegetation is flourishing vigorously nevertheless, and the grass crop promises to be the heaviest that we have had in several years

☞ We are under many obligations to Lieutenant BYRON A. JOHNSTON, of the 154th Regiment, for a copy of the Chattanooga *Daily Gazette*. It is a staunch Union sheet and appears to be well sustained.

☞ DEMOREST'S ILLUSTRATED NEWS.—This is one of the best Union illustrated weeklies published. Of late it comes out with an illustrated title page each week, and generally contains a piece of music besides one or more full sized patterns.

☞ COMING!—It will be seen by reference to our advertising columns that the great Metropolitan Circus is to exhibit in this village on Wednesday, the 25th inst. The press out of us speak of this company in a commendable manner. Go and see them.

☞ NOTICE TO DELINQUENTS!—The accounts of all those subscribers whose names have been erased from our books, and those who are in arrears to us for a number of years have been placed in the hands of Constable REUBEN TYLER for collection. We want our pay, and must have it.

☞ Railroad matters seem to have got quiet down and the people along the Railroad lines have almost ceased to urge their claims. We have nothing now, of parties of engineers in different parts of places, and begin to have serious doubts whether the proposed road will be constructed any where.

☞ DEATH FROM EATING MATCHES.—A little child of Mr. Hodges, telegraph operator at Utica, died a few days since from the effects of eating matches. The compounds with which matches are prepared are extremely

☞ The Board of Excise met in this village on Monday last, and, as usual, there was a rush for licences.

☞ The law providing for taking the votes of soldiers may be found on our first page, and should be read by everybody.

☞ They are selling abandoned oil wells in Pennsylvania for post-holes, in lengths to suit purchasers.

☞ Mrs. WORTHINGTON'S stock of Millinery Goods is said to be the finest ever bro't into this village. Her shop is just the place to buy your wife a "duck of a hat" or a "love of a bonnet."

☞ The excessively wet weather we are having now is delaying farming operations very much, and seriously interferes with plowing and planting.

☞ You can buy Pure Old Rye Whiskey at $1.50 per gallon at Swift & Lines' Liquor Store, 142 and 144 Seneca-street, Buffalo, and other Pure Wines and Liquors for Medicinal use equally cheap. The attention of Druggists is solicited. au27v24n4
