My dear Aunt Luella  
Yours of 4<sup>th</sup> came in  
due time. I did not answer  
at once. Laura was not well  
Ella fadd us and I have had  
my hands full. Laura has  
not been well since they came  
here. If she got better there was  
so much she thought she must  
do that she would perform about  
three days work in one & so of course  
was down again, and Domest-  
tically Tom is about of as much  
account as Lauras Sally,  
and in fact every other way  
except \_\_\_\_\_ still  
in one way he is improving  
he seems to have found out  
that wives are regarded  
by some as entitled to a  
little regard instead of being  
of no account & left ~~for~~ to  
wait on him and as a con-  
vener.

How on earth. Laura (poor  
child) has gone through with  
what she has at home as a  
girl & thirteen years with him  
is more than I can understand  
& yet her anxiety & care for  
him is just last and all  
the time. how it will all  
end I cannot tell. for she  
will always have to engineer  
& manage & take care of him  
as she would a child & still  
if she ever even seems to fall  
to satisfy him in any way  
he kicks & if she is sick & have  
all the care of her. he can  
lie down & sleep as though  
there was not a thing for him  
to care for when she is sick  
enough to die. but Laura  
says he was raised that way  
& that she does not expect it.

she has not really seen  
a well day since his  
arrival here.

If I should get sick  
& Laura not well and we  
had to depend on Tom  
we would be in a sad  
plight I tell you

not but what he would  
do if he could. but he  
never seems to have an  
idea that he can do any  
thing for any one else and  
very little for himself  
I am going to try  
this winter to get Laura  
restored to health. I am  
not very sanguine of success  
but shall do the best I can  
for her. now my son  
and aunt I hope you getting  
a good rest & having a nice  
time you never ought to  
have to do another days  
work in your life. the boys  
out to keep you like a queen  
you have worked & suffered  
for them until they are all  
grown up & now they ought  
to never allow hands to do a  
hands turn again. I do  
not want you to show  
this letter to any one

What I have written is  
for you alone for I  
want you to know that  
I think Laura has her  
hands full & will need  
help. I am afraid this  
country is not going to  
agree with her & again  
~~that~~ <sup>she</sup> maybe so broken in  
health that she will never  
be able to do any more hard  
work & <sup>in</sup> that case she must  
have some business at which  
she can make her living  
& have others do the work  
as to the case you had  
no gold headed case  
the case that is lost is a silver  
headed case & was mine  
You says he never said a  
word to any of Hercules  
about any case at all  
and also says that he thinks  
he must have left the case  
somewhere himself as he was  
the only one that ever carried it  
so dont worry any more about  
it. Good By Yours O.S.
