Dear Mrs. Wilson,

Thank you very much for writing. I was hoping you hadn't forgotten me.

The Maj. Gen. of the Museum at Fort Monroe, has written to me for the history of my grandparents—when they lived on the Fort—they change the register every year—and he noticed that we wrote that our grandparents had lived there—so I still have a lot of research to do, also I would have great interest in the letters. Sincerely, Pauline Huling
