

Part Ward at N.Y. Harbor

~~Friday~~ June 8th

Dear Sath. I will try and finish
this scribb as you say. I have
changed my Head quarters & gone
back onto Redlions Island again
I expect now to soon be
sent to Washington I am reported
for duty now & will perhaps get
to the Regt. after a while
How you can see how much a
Salter knows where he will
be as what he will do.

yesterday at this time I had no
idea of being sent a way I
was making great calculations
on going a seeing the 8th
Regt to day But I have been
greatly disappointed as you will see
I dont expect to see them at all
now for I cant get off of this
Plague Island. I hope I shall
be sent from here in a few
days But I may stay here a

month But I have not
had a want to get to the
Regt. again (as a Discharge)
that would please me best
Well Deas I cant write much
this time pos it is getting late
I will write soon next time
Please write to me want you
Deas as soon as you get this for
it is awful lansome here

Please excuse poor writing & all
mistakes
yours with my best love &
affection
