Dearest

Your letter was gladly recd
Thursday Morning. I was so glad
to hear from you. Sadly you can't
quite have glad. Add. is to get a letter
from you. I have neglected answering
it because I could not think of
any thing to tell you that will be
news. But if I could do you I guess
I could think of something to say
to you. You need not think you
are a going to do all the talking
I shall say something I guess. And
I shouldn't wonder if you got as tired
of hearing me talk as you do of

that "Mr Delfie" you tell so much
of what kind of a fool is in any
way? I think you was smart to
leave him as you did. Didnt you
ask him to call a gain? You
and Kie are awful girls. Would
you dair treat a "soldier" in that
way? "I dont think you would"
He. more days and then I shall
be looking for my furlough
that isnt a great while is it? it
cant seem long to me now
I suppose you are glad your
school is out and you free from
all the duties and cares of the
school room once more.

And there is one more thing
that makes me glad. And
that is if Harveys folks are
going a way I hope they will
go before I get there.

Tell Kie that my "Feelings"
are that "Pheni" wont be much
of a loss to community as Mrs
Harvey either. But for all that
they will be missed. But I dont
know who will mourn this loss
Sadie I cant think of any thing
to write you to night. I shall
be on guard to morrow and I
shall have to leave you for to
night and I go to sleep so
I can keep a wake to morrow
night. Write as soon as you
get this Darling and you will
please your own Adrian.

So good night my Precious and
excuse me for not writing near
~~but~~ I have not time this evening
I will come and see you soon
Sadie Good night

our yours Adrian
