My dear age today I stand
 for admiration & admiration with
 nothing of the future and I
 realize would come perhaps
 that year. Hearing good health
 nothing the exception of a very
 I have got a long well.

Not seeing a sick day will
 wonder at not missed a day
 and only of the first part of the
 week for this morning. I was
 the afternoon. What another
 year from the day will bring just
 but I hope for the best still
 more than this could ever bring
 to closed satisfaction. The many
 of the week days have troubled
 me hearing from home quite the
 to be happy. I will be contented with
 my lot. It will be a hard one
 to look forward for better days
 in the future. I would in private
 me to be able to conquer all dif-
 culties provided with a will. I am
 just to find time in my private life
 to be situated in the hospital with
 all heart can wish for kind friends
 as much as I. With the best wishes
 to all and ever your friend
