Dear Parents I am about to inform you that I am still alive. I got slightly wounded in the late Battle of Gettysburg. A piece of shell struck me in the side but I have so neare recovered from the effect that I am a going to start for the front this afternoon. Brigade is near Emmittsburg. I think I can get there by tomorrow morning. We have been crowned with victory lately but is is dearly won. Our loss is very great and I do think the Rebs lost a great many more than we did. It said by our Generals to be the hardest Battle Ever Fought. We was marched from Emmittsburg to Gettysburg July 1st. A forced march and was sent right into the fight. Three Regiments of our Brigade was sent to the right of the town and 2 cannon. We was soon over powered and had begun to fall back but we was soon flanked and what got away had to cut their way through. Our Regt. got away with only 15 or 20 men the rest was taken prisoners. I lost one man killed, his name was Byron Wiggins of Arkwright. I had two men wounded Sergt E. Heath of Gerry and Corporal E. Coe of French Creek. If you should see Capt. P. C. Griswold give him my best respects xx Write as often as you can.

Dar Mr. Dunkelman:

Enclosed is a copy of a picture of Dana P. Horton in his dress uniform. I have his dress sword and battle sword which I will get a picture of and send you.

I also have his three appointments, his 2nd lieutenant, 1st lieutenant and captain. These, however, are quite large and I haven't found any machine to photo copy them.

Also enclosed is a copy of a cloth badge where he was appointed to a special committee to acompany the remains of Ulysees S. Grant. Also enclosed is a copy of two other Grant funeral badges and 3 GAR encampment badges which I thought might be of interest to you.

Also enclosed is a copy of the envelope and letter of a friend of pana P's who wrote to him on April 23, 1965. Please note the P.S. at the end of the letter. I thought this was rather interesting.

I also have a letter which Dana P. wrote to my grand mother from New York when he was at Srant's funeral telling how priviledged he was to be chosen MXXXXX to attend. However, at this point I have put it away to save and haven't been able to locate it. When I do I will send you a copy as it further authenticates his further assignment at Grant's Funeral.

I am particularly interested in the 154th at 3ettysburg as my grand mother always said that Dana P. was wounded in that battle. Anything you might have about that action I would be very happy to receive.

Thanking you, I remain

My Dear Horton

I have not time to write you but a very few lines as I am very busy to day

I am well. Am not with the Regt. as you will observe by this. Was detailed at Corps Hd. Qrs. at Savannah as Asst. Inspect Genl. and have been here since. Have considerable work to do on the march but have four good horses.

There was great rejoicing here when we heard of the fall of Richmond & Petersburg We expect Johnson has surrendered by this time The old 20th Corps had a review yesterday.

Capt Harrison Cheney has returned to the Regt, I understand. He will be Major P.H. Jones is in command of the Brig. Has stars on his shoulders. Jack Mitchell & Hotchkiss are on their way up here Jones wanted to promote me to a Capt. but I would not accept

I wish you would send my carpet bag down to Uncle Kennedys and then my sister can get it

Weather is pleasant & beauthiful. prospects are good for a early termination to national difficulties. May it soon come and last for ever Did I not know Horton that you are good as guessing I should say that you could never read this but I will risk you

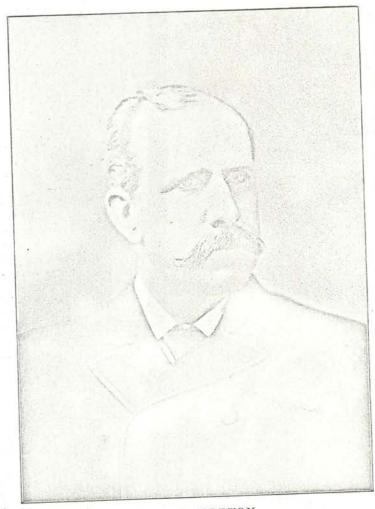

Write me soon. Give my love to Uncle Kennedys people and accept the good wishes of

Friend Griswold

Haveing been verry buisy since you left I have failed to write as soon as I wished to. however the arrival of your letter awoke me to my Duty. I am not in as good health as I could wish for. the weather is cold and unpleasant. The first day of the month it snowed and the snow is on the ground now about 1 of an inch in depth I have got a bad cold and the weather is such that I cannot get over it wee move Camp soon after you left and are now encamped near Genl" Hookers Head Quarters Our camp is named after the late Lieut" Jenkins of Company "E" two
Companys of our Regt" are detailed to Kellys Landing to load the teams of our Corps (Cos" H&I) I guess they don't have much to do for all we have had to eat for the last ten days is beans. And in fact wee have only got about 1 rations when they pretended to give us any Since wee got back Genl" Hooker has got after the Corps Quartermaster and I guess the hard tack will soon come. the Boys got pretty well starved down as well as my self. the news here are uninteresting wee get none to send away and but little comes to us by paper or letter It is generally believed that the Spring Campain will open early and that wee shall have a hard Campain of itto &(?). as to Burnham I have not got time to go and see him and I guess he has gone to Nashville. I think a furlough could not be obtained here on account of so many old Vetrens going Home. however if there is anything that I can do I will try and do it. The the Boys are as well as useual ecept starved almost to Death you spoke about my paying Lt Casler I should be glad to do so if I had the soap(?) but Col" Loomis has not payed me and wee do not get our pay until March next I am in hopes Loomis will pay me soon Well I guess I will not write any more this time but you can write longer letters for you have more news than I do, Give my regards to your family and my Parents  $\hat{\omega}$ Friends, yours as ever &

LETTER # 36

Camp Bradford baltimore, M. D. July 23rd 1863

Dear Ones at Home,

I am well at present & hope these few lines will find you enjoying the best of Health. As for my wound or bruise it is well entirely.

I started to gow to the Kegt. & left the Hospital on the 14th & went to Baltimore by kailroad with lots of others from Md. Hospital. Then we ware shut up here at this camp. It is called the camp of distribution, but they seem to be keeping us here for some reason or other.

We are formed in companies, a commissioned officer has charge of us. I am acting sargent, a Lieut of the 154th Rg. has charge of us. Once a hundred in number, The duty that we do is nothing but some policeing. I think we are left here to protect the riot that is expected here when the draft takes place. It has commenced, but no fuss yet.

How long we shal stay here can't tell, though it is better than marching this hot weather. I have a pass when I want it to go to town, but the stick is I am without money & can't by anything, but I had enough to have this picture taken to send you. It is better than them that I had taken at Folmouth. I want satisfied with them I had taken, but these I bee. I had been walking & was sweaty & warm, but it looks just like the original. gave me. It was such an uncommon thing to have anything white. though it musn't be in sight. That waist belt is one that noon Home waist belt is one that poor Henry wore when he was killed. I still have his gun yet & mean to keep it.

My hair is short but my whiskers are some in the way, but don't bother me so badly after all

Jane, I wish you were here, I con bloom a visit now, but this picture will be better than nothing. Don't let anyone have this Jane, I wish you were here, I could than nothing. Don't let anyone have this, this is the best one & may be the only one T the best one & may be the only one I can get whilst I am in the field or whilst I look like a soldier boy.

> Jane, I havn't heard from you in a long time & am very anxious to get a letter from you. The last was the last of May. I may stay here a month & may not. Whether I do or not I wish Father would send me a greenback & be sure & send it if possible. It will follow me if I go from here.

AMPLETAM, MARYING THE

Oh, I am so anxious to hear from Home, now Jane if you wish send me a letter in double quick time. I will think you are one of the worthy gals you will want. You write me a good long letter but don't be long doing it. I have had yours & my picture & Clintons out looking at them & kissed yours or tried to but have forgot how. -Will you show me when I come home?

Give my love to all & best wishes. Father, Mother, Clinton, Lib & all write to me,-write soon, Where is Lib & family? All write to me.
