OBITUARY.
W. H. Lincoln of Hamlet, N. Y., died Tuesday last, of consumption and a complication of diseases brought on by army service. Mr. Lincoln was a native of Grafton, Vt., and was about forty-five years of age. Upon the death of his father in the summer of 1856 he, with other members of the family came to this county, and lived in East Otto. He afterwards entered a store in Springville, where he lived until just before the war, when he returned to Vermont, engaging in business at Rutland. Soon after the opening of the late war, he returned to this county, and upon the organization of the 154th Regt. was made Second Lieutenant of Co. B. After a few months' service, he resigned his commission on account of ill health, and came home. He again enlisted, in the fall of 1863 in the 16th N. Y. cavalry, and remained in the army until the close of the war. It was a part of this regiment that captured Booth, assassin of President Lincoln. Upon his discharge from the army, Mr. Lincoln returned to Vermont, where he resided a few years, when he went to New Hampshire. After living there a few years he went to Lowell, Mass., where he resided until 1881, when he returned to this state taking up his residence in Dunkirk. His health soon began to fail from the effects of his army service, and for the last five years he has suffered greatly. About a year ago he was granted a pension of \$24 a month, but the application was not made in time to secure arrears. For the last four or five years he has lived at East Otto, until a few months ago, when he moved to Hamlet to take charge of a store. He was able to attend to his business, (with some interruptions) until last week, when he began to grow worse. His death was quite sudden and unexpected.
Mr. Lincoln was a generous and courteous gentleman, and had a faculty of making friends. He leaves a wife, a daughter about 18 years of age, and a son about four. He was a brother of Mrs. W. L. Scott of Cattaraugus, Geo. P. Lincoln of East Otto and C. Z. Lincoln of Little Valley.
RHEUMATISM EASILY CURED.
I will cheerfully place my name to the strongest endorsement you can possibly write for Salicyline. I am entirely cured of my rheumatism of seven years' standing. I have tried many remedies but failed to find relief. It is pleasant to take, quick to give relief and decisive in its cure.
