Dear Sir

The probability
is that the Pension Commission wants to
pay you back pension. You have a
claim pending which you filed
previous to Nov 25-1885 & which only
needs the evidence to complete and
pay you a much better pension than
under the new law -

As a rule it is not difficult to
obtain the evidence now called for
any two friends who know that you
have been troubled more or less, off &
on since you have been home can
fix up the required affr & complete
your old claim which is much better
than under the new law

Sincerely
Jas. W. Chatman
