

ose Lives When Blaze Starts in Apartment—Others Carried to Safety.

International News Service.
New York, Aug. 29.—Fire today exacted the lives of Hipolito Uriarte, aged 82, former Spanish consul in New York, and his aged wife, her with thousands of souvenirs, photographs and papers that Uriarte had collected during the last 50 years of his life. A match accidentally dropped into a pile of papers started the fire in Uriarte's apartment in Central Park, west. He was trapped in the room of his blazing treasures and died to death. His wife, hearing the fire, jumped into a courtyard four stories below and was killed.

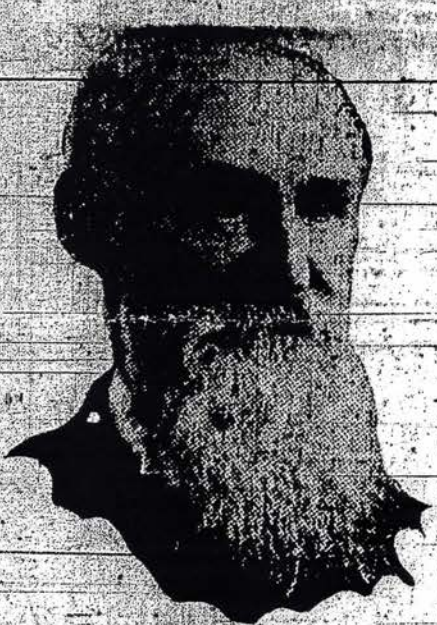

Neighbors attracted by the blaze in the windows rushed to the apartment house and warned the residents there. Firemen, aided by citizens, got the women and children out of the building in safety.

Dr. Tietrick Discusses "The Teacher"
Prof. Blodgett Talks on "The Closing Session This Forenoon"
Success of the Week Due to Splendid Discipline Maintained by County

The forty-sixth annual Erie County Teachers' Institute was brought to a close this morning with fine addresses by two of the instructors who have made the week a season of so much pleasure and profit. Dr. Tietrick and Prof. Blodgett, who spoke respectively on "The Teachers' Viewpoint" and "The True Teacher."

The remarkable success of the institute just closed was due not alone to the instructors, but in great part to the splendid degree of discipline to which the institute has been brought through the fine methods of Supt. Russell who has required of his teachers no more than they should give in the way of time and attention, and no more than those interested in their work are glad to give. Not a moment was lost, not a moment was allowed to lag. It required alertness and swift, unwavering attention to keep up with the work. This was of itself good drill for the time coming, when results in the school room will be gauged by the alertness, the keenness, the preparedness of the teacher.

The instructors introduced by Supt. Russell were welcomed by the teachers in the strength of their presentation, and their faith in Mr. Russell's determination to secure only the leading spirits of the education world in the special line he felt was needed for this year's institute. For these institutes—times of privilege and in-

 when he was about 9 years of age,
 where he lived until the spring of
 1867, when he moved to Edinboro,
 Pa., where he resided most of the time
 for 14 years. He served nearly three
 years in the army. Was taken pris-
 oner at Chancellorsville, went to
 Richmond, Va., and was in Libby
 prison a short time. From there he
 went to convalescent camp near Alex-
 andria, Va., where he was soon detail-
 ed as clerk at headquarters for par-
 oled prisoners, and was employed in
 clerical work nearly two years, to
 the time of his discharge.

He was married to Miss Emily
 Phelps, daughter of Rev. H. H.
 Phelps, October 3, 1864 (while home
 on furlough). She died December 13,
 1879. He was married to his second
 wife, Miss Lucy E. Miner, June 7,
 1881. She is now living.

He made a profession of religion
 when about eighteen years of age,
 but did not unite with any church un-
 til the fall of 1865, when he joined
 the Baptist church at East Otto,
 Cattaraugus county. Afterwards join-
 ed by letter the Baptist church at
 Edinboro, Pa., where he was an active
 member fourteen years, holding near-
 ly every office in the church.

After living at Edinboro he moved
 to Erie, Pa., where he lived fourteen
 years, and united with the First Bap-
 tist church by letter, and served part
 of the time as church clerk and
 deacon. In the spring of 1895 he
 moved to Waterford, Pa., which has
 since been his home.
