OUR COMPLIMENTS, &c., TO THE "LOKUI"
OF THE REPUBLICAN!—The "Son" portion of
this office returns his thanks to the "Junior"
of the *Republican* for his voluntary and gra-
tuitous advice upon so important a matter.—
We have long felt the need of a sound, sensible,
and experienced adviser. If the "ten-cent ob-
struction" were the only obstacle we have to
encounter, we should not complain; but "con-
fusion worse confounded" seems to prevail con-
tinually! Since the instructions of our neigh-
bor we have taken new courage, and when the
said certificate, stamp, and *that other thing* are
ours, we doubt not our ability to make more
health's way than the "Junior" of the *Republi-
ciana* has! Call again, FRANK!

MILITARY.—Adjutant SAM. NOYES, JR.,
of the 15th, returned to his home in this vil-
lage, last week. SAM's health is in a rather
poor condition. As soon as his health will per-
mit he returns to his regiment—probably im-
mediately after the holidays. Adjutant N. is
an accomplished officer, and one of the most
popular in his regiment.

Capt. Wm. T. CLARK, of the 37th, has
been spending a few days in New York, trying
to recuperate his health, which is very poor.
He has probably returned to his regiment be-
fore this.

Capt. LUKE G. HARMON, of the same regiment,
who still continues in a very feeble condition,
and wholly unfit for service, at last accounts
was in Washington, trying to get a discharge.

THE VOTE OF THE 85TH REGIMENT.—
The *Olean Times* published an item which pur-
ported to be a vote of the 85th Regiment, and
which was copied by nearly all the Republican
papers in this region. The *Fredonia Adver-
tiser* says: "The pretended canvass of the 85th
N. Y. on Governor, is a fraudulent representa-
tion from beginning to end. *The vote of the
regiment was never taken.* It shows its own
falsity and its dishonest origin on its face. A
regiment should consist of 1,000 men. This
canvass only exhibits 537. The whole circle of
officers is put down for Wardsworth—28. Some
negro worshipper or aristocratic officer made
up the count, and sent it forward for publica-
tion in a press as unscrupulous as he was. The
"gulls" may be taken by such exhibits. He
must be a very dull 'marine' to whom it will do
to tell such a story."

CARTE DE VISITES.—We have received
from the celebrated publishing house of E.
ANTHONY, New York, *Carte de Visites* taken
from the celebrated oil paintings of Mr. Wm. M.

and will be sold at a reasonable price." For furth-
er particulars as to terms, &c., enquire of the sub-
scriber at his residence two Miles north of Frank-
linville. PETER TEN BROECK.

years' experience, and devoted much time in the
study of this beautiful art, he flatters himself that
he can suit the most fastidious.

Thankful for past favors, he solicits a con-
