**WEDDING PRESENT
POSSIBILITIES**

You will find our list a very comprehensive one—containing much that is new.

It's no trouble at all for every person to find here just the article upon which he or she had decided.

And its equally easy for those who come without having their minds made up at all—

For our store is full of inspirations.

To tell you of prices is just about impossible, because there are articles here which are eminently suitable for wedding presents at every price from \$2.50 to \$100.00.

A visit of inspection would interest you, we know.
