THE LAUREL ANNUAL of 1934 will be judged a genuine success. Undergraduates, alumni and friends of St. Bonaventure's College will enjoy the originality of its contents. Competent critics of publication excellence will view it with satisfaction as a literary production well done. . . . What this year's LAUREL ANNUAL has become was no mere circumstance. All credit goes to the officers and staff of this unusual volume, for careful planning, arduous labor, and a signal display of talented accomplishment. We, as publishers of the LAUREL ANNUAL, share the pride of your staff in a task well done. The experience of forty years of specialization in the college annual field, has gone into the making of the volume now before you. . . . Your classmates have molded into the LAUREL ANNUAL a vivid record of St. Bonaventure activities which will be lived again for years to come. We count it a privilege to have perpetuated this record in a permanent printed form in which you may take justifiable pride. Congratulations!
