SAINT BONAVENTURE

To Our War Dead

We pay humble tribute
to the Bonaventure men
who made the supreme
sacrifice in the late war

Requiescant in pace

D E D I C A T I O N

Dear Brother Vic:

Since our class was making plans to publish the Bonadieu, we held a meeting to decide whose picture would appear on our dedication page.

We knew that as we grew older we would open this book from time to time to help recall our college friends and to relive the escapades which have made "St. Bonas" forever dear to us. We know that we would turn to this page first, for it is a real beginning of our Bonaventure story. Thus, we considered it the most important of all, and we felt that the person chosen must also be important to us.

A large part of our class enrolled in September, 1940 as the Class of '44. Therefore, we have been associated with the school longer than most graduating classes. Because of this we wanted to choose someone who had been with us for these seven years.

We looked back to our Freshman year and thought of those who had befriended us while we were enduring the tortures of "rules."

We remembered those who always had a cheery greeting when we passed them on the campus.

We recalled our leaving the school for a time and those who wished us a sincere "good luck and be back soon."

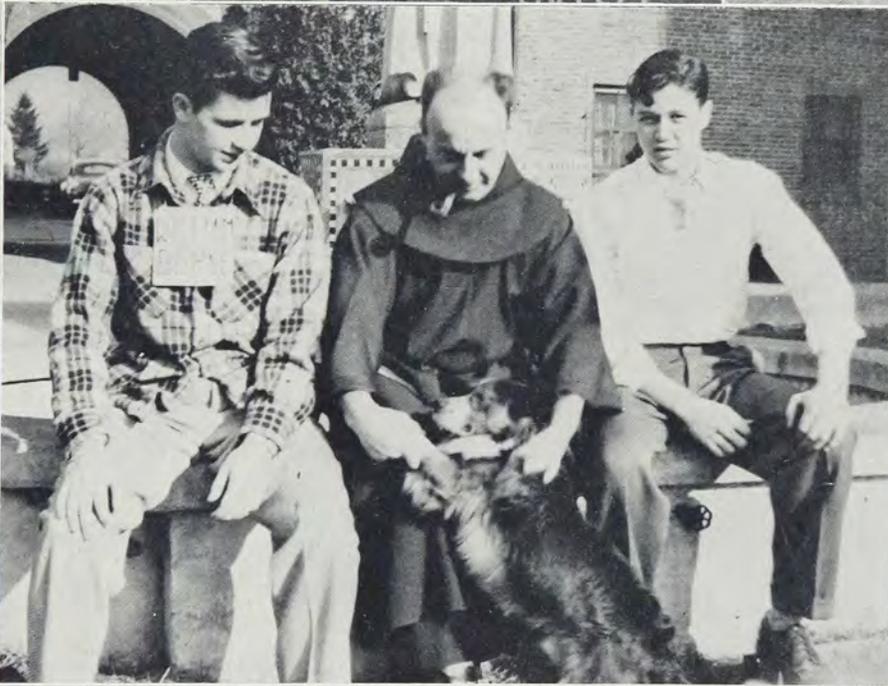

Last of all, we considered our return to the campus feeling rather strange at seeing so many new faces, and that first "Hi Joe, Hi Fred, Hi Bill, glad to see you back again", which made us feel at home realizing that we, your friends, as we leave St. Bonnies, tender a sincere, "goodbye."

We wish you happiness in coming years, although we know that with your ability to make friends and to look at the bright side of life, you will never be unhappy.

Finally, we wish you a long life so that you may continue in the service of God and in spreading the "Bonaventure Spirit" wherever you may go.

THE CLASS OF 1947.

THE SENIOR CLASS

With a warhoop, the Seniors rushed out of their last class to celebrate their newly acquired freedom.

"Just think gang, no more homework, no more lectures, no more checking in at midnight like Cinderella," cried an Arts man.

"No more afternoon Labs, no more Hydrogen Sulphide, no more dead cats and formaldehyde," shouted a budding scientist.

"No more yellow sheets, yellow sheets, yellow sheets, yellow sheets," mumbled an Accounting Major who had been here too long.

"Gaily they set off for town where they gathered at the local pubs. Toasts were drunk, glasses tinkled, and the atmosphere was super charged with hilarity.

"Suddenly the cheer dissipated and nostalgia took its place.

"No more football games, no more Proms, and no more memorable train trips," echoed through the minds of the group. Each felt that he would leave a small part of his personality behind him to roam the corridors, and classrooms. The knowledge gleaned could be transported but the friendships formed would soon be spent.

Soon this unit would be dissolved. Mark would go to Rochester, Scratch to Elmira, and Joe to Paterson. Father Tom's Boys had matured. For some the Brown and White had unfurled for the last time.

The Class of '48 distinguished itself this year by conducting one of the most successful Junior Proms in a decade of Proms. The music of Raymond Scott, featuring the unique vocalizing of the talented young Dorothy Collins, and a well chosen selection of danceable tunes provided a fine evening's entertainment. Committee men and Class Officers alike spent several hectic weeks in preparation for the big event, selling patron tickets and arranging for decorations with the help of Brother Ferdinand, O.F.M.

CLASS OF 1949

The Sophomore class contained the first full group of veterans to arrive on the campus of St. Bonaventure in great numbers. Their coming not only renewed full time activities here at Bonas, but also resulted in several changes about the campus. Notable among these additions are the recently erected classroom buildings, the six veterans' housing units, and, of course, "Diaper Row"—the apartment barracks for married veterans.

Exempt for the most part from freshmen rules, the task of giving rules went to those returnees who had gone through hazing in pre-war days. The new sophomores were too deeply inculcated with a feeling of respect for the traditions of St. Bonaventure to interfere in any manner. They realized that this traditional procedure was to the benefit of these younger men in their midst.

The class elected two fine men to the Student Senate. The class officers and committee members all put in determined efforts which bore fruit in one of the most successful social events of the year, the annual Freshman-Sophomore dance. It was held as usual on the evening following the Junior Prom. The competent management and spirited response of the class have no doubt that this diligent group will achieve still greater success as Juniors.

FRESHMEN OFFICERS

The fall of 1946 found old St. Bona's again acquiring a new group of Freshmen. But this particular year, we Freshmen were different. Numbering six hundred in all, we were the largest group ever to enter these sacred walls.

We blossomed forth with signs, lumber-jack matches, and all the other instrumentalities that go to make-up the hazing season, less than three weeks after school had started.

On December 13th, the Student Senate staged the annual Frosh Welcome Dance at the Knights of Columbus Lodge. By this time we felt that we had been inculcated into the normal way of life that flows through these halls, day by day.

January brought the end of Frosh rules, exams, and over one hundred new freshmen, the latter being an unusual feature, as well as the coeds that broadened the scene of a traditionally men's college.

The second semester rolled along as smooth as did the first, and was climaxed by the annual Frosh-Soph Dance on May 3rd, the night after the Junior Prom.

FOOTBALL

The ominous phrase "Beware the Ides of March," had much significance for Bonaventure football rivals, for March 1946 was the month that Father Anselm Krieger, O.F.M. signed Hugh Devore to direct the Brown Indians. We earnestly hoped that Mr. Devore would bring Bonas a winning team, but even the most optimistic could hardly have visualized the tremendous success he achieved. In a few short months he turned an inexperienced squad into one of the most potent grid machines seen in these parts. He brought us our first undisputed Little Three Championship in more than a decade, and had it not been for a superabundance of ill fortune, he would have given us an undefeated season. But more important, he gave St. Bonaventure a Catholic gentleman—for Hugh Devore is a man of exemplary character. Any further plaudits would fall into the realm of the repetitious.

Mr. Devore was ably assisted by the likeable Ken Stilley, who was also his assistant at Notre Dame. Ken handles the linemen, and the way his charges opened gaping holes in opposing lines is proof enough of his competence.

Devore's other assistant during the season was Bonaventure's own, Ted Mastragiaco. "Jock" was an extremely valuable man all year.

Shortly before spring training began, Coach Devore added a backfield coach in the person of John Agnone, of Notre Dame. Like all N.D. graduates, John knows plenty about the game, and will undoubtedly prove a good man to have around.

YOUNGSTOWN RALLIES IN LAST HALF TO DEFEAT ST. BONA 20 - 14

A record crowd of 8,500 sun baked football fans were on hand at Forness Stadium Saturday afternoon and saw an amazing Youngstown College team, that just wouldn't admit defeat though behind at the second half 14-0, came roaring through at the second half to score twenty points and upset Hugh Devore's Bona Indians 20-14 in the inaugural tilt of the new regime.

Nunio Marino scored both Bonnie TD's, one on a four yard, off-tackle slant, the other on a long pass from Quarterback Davey Curtin.

BONAVENTURE OVERWHELMS NIAGARA 29 - 7

St. Bonaventure defeated Niagara University 29-7 in Civic Stadium, but it was only through the goodness of Hughie Devore's heart that the badly outclassed Eagles were saved from what could have been humiliating slaughter.

Phil Colella raced 47 yards for the first touchdown, and from this point on it was apparent to the 16,157 fans that it was no contest. "Huge" Hugo Marcolini was again outstanding. He scored twice. The other Bonnies score came on a beautiful pass from Chris Scaturo to George Barkey.

The Bonaventure rooters had waited almost ten years for this great win over Niagara, and it was one of the sweetest victories that Bonas ever scored.

INDIANS SCALP ST. VINCENT'S 26 - 0

The St. Bonaventure Grid machine didn't get rolling until late in the second quarter, but once the Indians started clicking, there was little that a hard fighting St. Vincent team could do to stop them.

Hugo Marcolini raced 24 yards for the first score, but Lou Salley's 54 yard run was the prize play of the game. Phil Colella made a beautiful catch of Curtin's pass for another six pointer on a play that went better than fifty yards. George Nicksich made the fourth and final touchdown on a buck from the five yard line.

HAYES CATCHES CURTIN'S PASS IN THE BOWLING GREEN GAME

BONAS BEAT BOWLING GREEN 13 - 9

Although the Brown Indians were ahead 13-0 early in the second half, Bowling Green University's fighting eleven threw a scare into the Bonnie team and almost scored an upset win.

Bonas started out like they were really going to lower the boom on B. G. rolling up two fast touchdowns. Phil Colella made a sensational 75 yard run for the second Indian score, but Bowling Green refused to quit. Boasting a pair of giant ends, they filled the air with passes, and for a while it looked like their aerial attack might sink Bonaventure. However, Bonas was able to stop the Bowling Green passes successfully and, had it not been for an untimely fumble deep in B. G. territory, they would have added another score.

BONAVENTURE ROLLS OVER SCRANTON 33 - 7

The St. Bonaventure Brown Indians scored their first victory under the guidance of Hugh Devore when they trampled the Scranton Royals 33-7.

Scoring in every period, the Indians rolled up the highest total score ever made in the twenty games the two teams have played.

Jack Collins bucked the first Bonas score across, and later scored again. Hugo Marcolini also had a great day. Earl Buggs Smith was outstanding on defense for the Brown and White.

BONNIES SINKS KINGS POINT 26 - 0

Phil Colella, Bona speed merchant, led his teammates to a 26-0 win over the Kings Point Mariners for their sixth straight win.

The Bonnie flash scored early in the first quarter on a twenty yard end run. His second touchdown was really something to see. He raced forty-three yards on a naked reverse and had the entire Kings Point team baffled. Not a hand was laid on him.

Nunzio Marino, Bonnies drapè shape halfback, did a Lindy Hop, to get in back of his safety man, and take Dave Curtin's pass for six more points. The last T.D. came on a pass from Chris Scaturo to Big Leo Crampsey.

Record 35,089 See Bonnies overpower Canisius and Win Little Three Title

Breaking through Canisius' crazy quilt defenses with smashing power in the second, St. Bonaventure defeated Canisius 13-0 before 35,089, the largest sport crowd in Buffalo's history. The Indians thereby won the Little Three championship in their first season under Hugh Devore. The result squared the series.

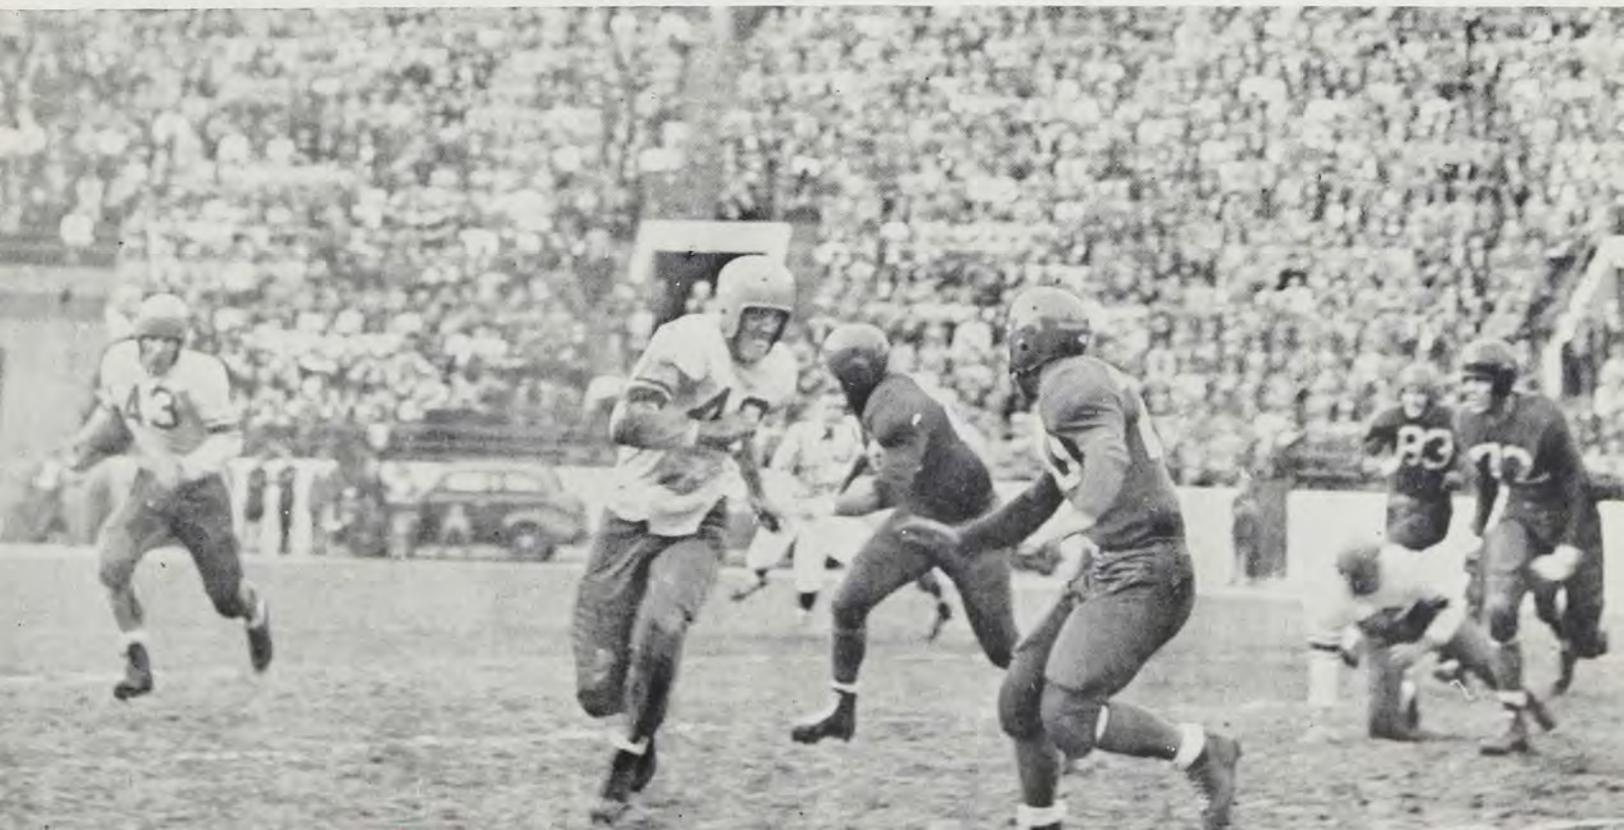

St. Bonaventure's man of the hour was hitherto unheralded George Chatlos. The 185 pound half sparked the first Bonnie drive that covered 82 yards in 14 plays. He scored from one foot out. Marcolini scored the other T.D. on a buck from the 1 yard line.

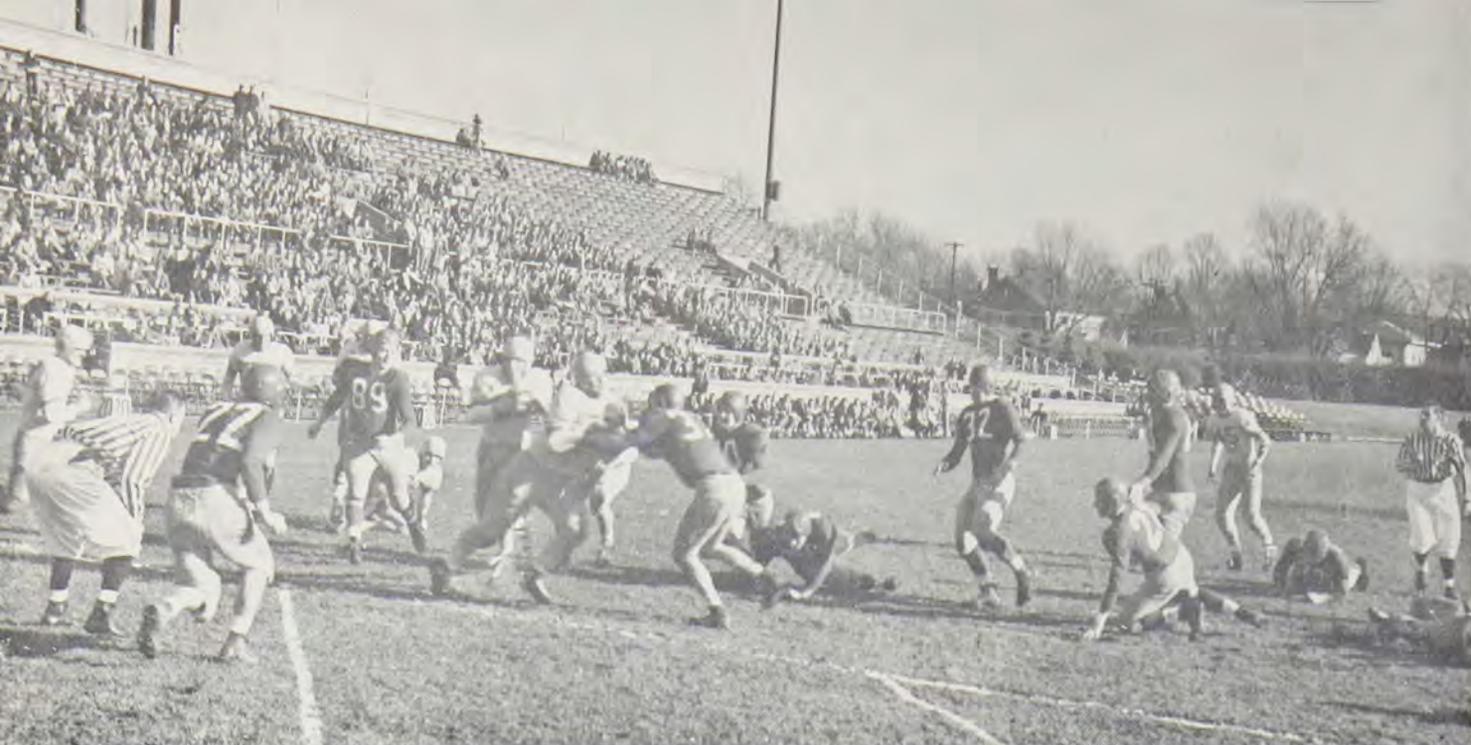

In the first half the play raged mostly between the 30 yard lines. Both lines were charging extremely hard, and Bona couldn't shake any of their backs loose. Canisius employed a four, five, six, and seven man line to effectively halt the Brown and White's fast backs.

It was a tough bruising battle all the way that got very rough in spots. At one point in the fray the entire Bonaventure bench was on their feet ready to rush on the field when an overzealous lineman slugged Phil Colella directly in front of the bench. This seemed to mark the turning point of the game for, with Chatlos, Haggerty, and Colella leading the way, the powerful Indian attack started to roll. There was less than a minute to play in the third quarter when Chatlos smashed over for six points.

The fourth period had just gotten underway when Bonnies started to move again. Starting from their own thirty they drove to the Canisius four before losing the ball. The first Griffin play was good for ten yards, but the next play was fumbled and Skoda recovered. Three plays later Marcolini went over for a touchdown.

Late in the game, the Griffins used a spread with every available receiver going down field. It clicked for several gains, but the game ended with Bonaventure in possession of the ball on their own twenty yard line.

“We Just Weren’t Up for It” Devore Says After 26-25 Loss

With no alibis, no excuses, St. Bonaventure returned home from their 26-25 defeat in the Tobacco Bowl. They were met at the Erie Railroad Station by the college band and hundreds of cheering fans.

“We just weren't up for it,” said Devore.

But the crowd of more than two thousand fans from Western New York who made the 500 mile trip from Lexington, Ky. were more than satisfied with the Indians' offensive play led by Freshman Leo Haggerty. Bonnies rolled up 301 yards on the ground and 113 in the air against a 333 yard total for Muhlenberg.

It was a newsreel thriller with both teams rolling over Stoll Field for spectacular gains. The breaks all went against St. Bona. Once Leo Crampsey made a magnificent catch on the Mules 2, only to have it nullified by a penalty.

The ironic note was that Muhlenberg scored the winning touchdown on its own fumble. Mackin fumbled when hit on the Bona 22, and kicked the ball toward the goal. A Mule lineman scooped it up on the 3, and walked over. The extra point was good, and that was the margin of victory.

George Chatlos returned the opening kickoff 74 yards, and that spectacular run set the pace of the game. The Bonnies missed a touchdown when a fourth down plunge failed by inches, and the Mules scored in four plays. Haggerty's 45 yard gallop and Colella's touchdown evened the score. Haggerty's 74 yard run and Bob Hay's one fast plunge pulled Bona to within 19-12 at half-time. Sikorski had scored all three TDs for the Mules, two on passes, one on a plunge.

Curtin's 44 yard pass to LoVoula tied the score. Bona then missed a score through penalties on the 6 yard line before the Mules drove 94 yards to their fumble and stumble touchdown.

Frank LoVoula again scored for the Bonnie, but the placement failed. The Indians drove deep into Muhlenberg territory late in the game but the Mules staved off defeat by intercepting Curtin's pass on the 4 yard line.

IDA

Iota Delta Alpha Fraternity, one of the oldest Catholic fraternities in the United States, is an honorary society for art students.

Its activity is motivated by the principle that no man is truly educated until he is consciously aware of his relationship to the past, until he has learned to cherish his heritage, until he realizes that his life is a part of it, that his life necessarily shall modify and expand it. The fraternity proposes to accomplish this goal by affording its members an opportunity for united and directed cultural activities.

Within its structure there are committees to review current literature and the theatre, criticizing them in the light of classical requisites for true literature and drama. It holds at least one debate on current affairs and presents monthly lectures on religious, social, economic and educational movements. This year, the Fraternity has sponsored a series of motion-pictures.

In the social sphere, it has inaugurated monthly banquets and has partaken in all Inter-Fraternity functions.

These past two years have been years of reorganization: the one document to survive the war, the Constitution and By-Laws, and bits of tradition, garnered from members of the faculty and returning veterans, were the guides in an attempt to establish contact with the past.

DRAMATIC CLUB

The St. Bonaventure College Dramatic Club resumed its pre-war activities in the spring of 1946 when, under the direction of the Reverend Regis Galvin, O.F.M., it presented two one-act plays: "The Man Who Died at Twelve o'Clock," and "The Little Father of the Wilderness."

At its first fall meeting last October, the following officers were elected: President, Jesse Price; Vice-President, Kathleen Sweeney; Secretary-Treasurer, Bert Mitchell.

The fall production was the Moss Hart-George S. Kaufman production: "You Can't Take It With You" whose audience-appeal lies in its discovery of the secret heart wherein each desires to lead an irresponsible life oblivious of superficial social tradition. Kathleen Sweeney as Penelope Sycamore, Bert Mitchell as Boris Kolenkov and John Regan as Mr. Kirby all turned in four-star performances. The love interest was handled by Joan M. Granaghan as Alice and Joseph Wild as Tony Kirby. Best performances—Frank Caffoe, for his highly original interpretation of Mr. DePinna, and Jesse Price, for an even and sincere performance as Martin Vanderhoff.

On April 13, 1947, the club presented "The Young In Heart," the Frank Veeland adaptation of A. R. Wylie's, "The Gay Banditti." It was highly acclaimed by the audience because of the veteran-like ease with which its cast performed. Father Regis for this production, assembled a very well-balanced group including Kathleen Sweeney and Jesse Price—back for repeat performances, Katherine Ripley, William Clancy, Mary Louise Truax and Harry McStravick. Best performances were those of Clare Armstrong (Mrs. Tasker), Patricia Pyle (Miss Fortune), and John Regan (Colonel Carlton).

The Women's Council has enjoyed a very successful year. It was organized in the interest of the women students and for the purpose of bringing them together by friendly cooperation. The Council sponsored "The Pigskin Shuffle" held in honor of the football team, a Christmas dinner and a luncheon, held on the Saturday of the Prom week-end. The members of the Council wish the future representatives of the women every success and hope that they receive cooperation equal to that which has been shown this past year.

THE ST. BONA VENTURE

The St. Bona Venture, college newspaper, saw many changes during the 1946-47 school year. Father Paschal Skahen, O.F.M., former moderator, went to his eternal reward after a few short but well spent years in the service of God, Church, Order, and the college. He was succeeded by Father Sebastian McKenna, O.F.M. The year was marked by many difficulties. Time lost at war had to be made up and veterans, conscious of this, had little time for extra curricular activities. The former staff had to retire for this reason, and a new staff was formed early in the scholastic term. William Dillon, '48, worked well and diligently as editor, ably assisted by James Higgins. Michael A. Davenport gave a tone of

sophistication and serious journalism in his column "Mad Menavelins". Walter Peer recorded the doings of the Student Senate and the sports page was well written and represented by Joseph Winiecki, Donald Kelly, Charles Albert, et al. Courses in journalism, scheduled for September, are expected to ease appreciably the problems arising in the coming year. "Improvements we intend to make will result in an increased number of issues so that there will be an issue every week with the exception of the periods preceding examinations and holiday vacations," said moderator, Father Sebastian, at a banquet held for the members of the publications staffs in June.

LAUREL

This year, after an absence of almost four years, the Laurel, the official literary magazine of St. Bonaventure College, made its appearance on the campus. However, it must be added here that it came rather haltingly out of the darkness into which it had vanished, but with the problems of reorganization that faced not only the magazine, but the entire college, little more would be expected.

The Laurel was founded in 1899 by Archbishop Paschal Robinson, O.F.M., the present Papal Nuntia to Ireland. Its primary purpose is to afford the students an outlet for their literary efforts. It does not confine itself to publishing strictly one type of literary endeavour. On the contrary the Laurel offers itself as a conductor to the public eye for any type of student writing considered worthy of print. Thus no matter what the literary inclination of the student, there is always an opening in the Laurel, for his work. It is for this reason, then, that the magazine was named the Laurel. For, as the editorial in the very first edition of the Laurel reads, "We have named our little paper the Laurel to remind the students of the efforts of the Greeks and Romans of old to receive the Laurel wreath, the emblem of victory. Each individual who writes an article suitable for publication in the Laurel will win a victory which though small is nevertheless commendable.

This year, many new students have received the laurel wreath, and it is hoped by the staff that next year, many more will become renowned in like manner.

BUFFALO CLUB

It was a crisp and tangy fall day, a day made for energetic young men. On this day, October 23, 1947 twenty-two men from the Buffalo, New York area and students at St. Bonaventure College met to reactivate the College Buffalo Club.

The first and foremost task was to elect officers. William J. Diggins was chosen president. Donald J. Kelly, Vice-President while John F. Diggins and Thomas F. Cotter were elected Secretary and Treasurer, respectively. Father Cornelius Madden, O.F.M. was selected as Moderator for the Club.

With the advent of the holiday season plans for the traditional Christmas Dance were formulated. Robert E. Gauchat and Edward M. Krusczyński were nominated to serve as Co-Chairmen. They in turn picked Joseph Gonsiorik, Daniel F. Ganey, and Henry Ralicki to serve on the various committees. On Friday evening December 27, 1947 the Main Ballroom of the Lafayette Hotel was the scene of the season's most successful social event. Not only was the dance a social triumph but it also served to complement the club's treasury.

The meetings of the Buffalo Club which are held monthly tend to promote better relations among the students from the Queen City and the suburban areas. It offers the members an opportunity to become more closely acquainted outside the classroom and to promote common interests.

The minutes of the season's final meeting serve as testimony to an exceedingly successful year. There were forty-four members present as proof of how the club has expanded during the '46-'47 semesters. The Buffalo Club of St. Bonaventure College has elected the following officers for the coming year: Donald J. Kelly, President; Thomas F. Cotter, Vice President; Thomas E. Kuebler as Secretary and Donald J. Jacobi as Treasurer.

FIRST YEAR ADVANCED

This year the Reserve Officer's Training Corps Unit at St. Bonaventure College resumed full time operations. The transitional Post-War program of training was initiated with instruction for all four classes going full blast.

A new staff, consisting of Colonel George A. Grayeb, FA, Lt. Col. Max E. Billingsley, FA; Major Burrell C. Hassett, Jr., FA, and Capt. Francis M. Gray, FA, was transferred in to take charge of the unit. They are assisted by a trained cadre of Regular Army EM, most of whom have had long and varied service in the Field Artillery.

This year most of the men enrolled in the Corps have had previous military experience. This fact has improved the level of the unit so that the St. Bonaventure R.O.T.C. has kept up the high standards that have been maintained since 1936 when the unit was inaugurated.

Due to the lack of equipment and vehicles, practical field work was highly curtailed this year. Most of the instruction, consisted of lectures, movies, and classes, with the usual Friday afternoon drill and parades taking care of the outdoor work.

SECOND YEAR ELEMENTARY

A new feature this year has been inaugurated in that both weapons used in Division Artillery—105mm Howitzers M2A1 and 155mm Howitzers M1 are available for instructional purposes. This gives the students an invaluable opportunity to become proficient in semi-fixed and separate loading weapons. In keeping with the new Post-War training Program, the War Department has shipped in M5 tractors to be used as prime movers for the field pieces. They are the latest type used with light artillery and knowledge of this type of prime mover will enable the student to handle any tractor in use today.

This year the Advanced Corps men will go to summer camp for six weeks maneuvers and field exercises at Camp Campbell, Kentucky. Not since 1941 has any class from St. Bonaventure's gone to camp. All the classes from that time up to now went on active duty at the completion of their course and received their commissions after completing the OCS course at Fort Sill, Okla. Hereafter a commission as a 2d Lt. FA in the Officer's Reserve Corps will be granted to those who successfully complete the course consisting of four years of instruction at the college and one session of summer camp.

FIRST YEAR ELEMENTARY

Plans are now under way to add more and more classes which pertain to Post-War and Occupational problems. After graduation and inception into the ORC the new officers will have a chance to go on active duty with the RA and in that way will be able to keep up with all the latest methods and ideas of the Service.

The R.O.T.C. program originally came into being in 1920 with an amendment of the National Defense Act which established units in all institutions that desired it and could guarantee one hundred men for

the course. Through the years the program grew and in 1936 the R.O.T.C. came to St. Bonaventure College. Three officers and eight EM formed the initial cadre with French 75mm guns for field pieces. From a small beginning the classes gradually grew larger and larger till they consist of approximately three hundred enrollees today.

In keeping with the aims of our Commander-in-Chief, President Truman, the R.O.T.C. is training future officers who will become the backbone of a highly trained Organized Reserve Corps which will be able to take up arms in the nation's defense at a moment's notice.

The Lowest Price, That's All!

Don't worry too much about Mr. Lowest Price — his proposition glitters only at first glance. Buyers of printing seldom are fooled by him more than once. He spikes his own game with the delivery of the job — in fact, he gives the show away with the very first proof . . . Remember: the salesman who sells brains and craftsmanship, who can create good selling ideas and put them on paper, has no competition from the out-and-out price cutter.
