*The graduating class of 1961 takes pride  
in dedicating this book to the Very Rev.  
Brian Lhota, O.F.M., a friar who is known  
as a scholar, a friend, a gentleman, a living  
Bonaventure Man, and above all, as a  
priest holding true to the spirit of St.  
Francis, a spirit of holiness and learning.*

ST. BONAVENTURE, NEW YORK

OFFICE OF THE PRESIDENT

Commencement 1960

My dear Graduates:

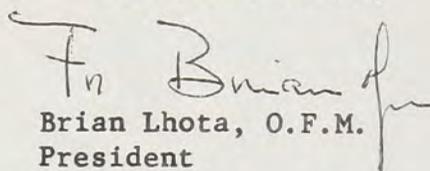

Among the fond memories of your college days will be the Centennial Celebration, the completion of Plassmann Hall and the erection of St. Bonaventure Friary. Certainly, the most memorable will be Commencement Day.

To you, we extend warm and happy congratulations on the reception of your degree. In union with your parents, your Alma Mater rejoices at your achievements; together we look forward to your many contributions "In Sanctitate et Doctrina" to God and to our Country.

You were privileged to witness the placing of the glorious Cross of Christ on the top of the Friary tower of Our Lady. Standing high above the campus, the Cross symbolizes the lofty ideals of your Alma Mater and her loyal sons and daughters.

In wishing you Godspeed we assure you of fond and prayerful mementos. May your dedication to the divine ideals of your Alma Mater win for you "Pax et Bonum," an abundance of peace and all good things.

Sincerely yours in Christ  
and  
St. Bonaventure,

  
Brian Lhota, O.F.M.  
President

## Class History

In June of 1957, all over America, the future plans of the high school graduating classes were many and varied. Quite a few had elected to advance their studies in colleges and universities in every state of our country. A certain percentage of them decided to come to St. Bonaventure University. This is how the class of 1961 came together. Here is a chronicle of the years we spent together at St. Bona's.

About two weeks after we started our college life, the Student Senate gave us a banquet in Hickey Memorial. Most of us felt it was a nice gesture on their part; a gesture designed to welcome us to the University. The fact of the matter was that they were welcoming us to the school, but it meant much more; the Freshman Rules and Regulation Program began in full swing.

Before this banquet we were freshmen at St. Bonaventure University, but now, and for the next six or seven weeks, we learned that there was a large faction here that didn't care for us at all, and they were all sophomores.

Our Freshman year was also the Centennial Year for the University. Among the visitors to the campus were his Eminence Francis Cardinal Spellman and Governor Harriman.

In this year we elected Dave Keefe, President; Mike Kelly, Vice-President; Ted Hyle, Secretary; Charlie Ruth, Treasurer; and Bob Kloster, Corny Ahern and Bob McKeon to the positions of Class Senators.

With the beginning of a new school year, the class found its position completely reversed as regards the social standing on campus. We revelled in hearing the Frosh sound off, making them run errands, shine shoes, check mail, write letters, make signs, make more signs and all the other things traditionally associated with the Rules Program.

Now our dreams were slowly being realized. At long last we were Juniors and upperclassmen. We seemed to be more a part of the University, as next year we would seem to be even a more integral part.

We knew that 1959-60 was to be our year. Bill Ramsay was chosen to be the Prom chairman, and thanks to the year long efforts of Bill and his committee, the 1960 Junior Prom, presented by the Class of '61, was a great success. The Olean Armory was decorated along the line of the Prom theme; "Paris a Nuit." It was here we could and did dance all night to the music of Larry Elgart.

Elected officers were Larry McLernon, President John Kacani, Vice-President; Ernie O'neil, Secretary; and Charlie Ruth, Treasurer; and Mike Kelly, Marty Sweeney, and Larry Higgins as our Senators.

This was the year we saw the University's third straight N.I.T. bid, a bid to the Holiday Festival, and St. Bonaventure's first All-American. Tom Stith received the honor while he maintained 31.5 points per game as a scoring average for the position of second highest scorer in the country.

In the summer before our last year of college, about thirty of us were lucky to get a six weeks, all expenses paid, vacation at Fort Sill, Oklahoma.

Finally we became Seniors. Many of us learned of the tragic death of Michael Linck, a fellow classmate. Mike is no longer a member of our ranks, but he will live on in our prayers.

The class effort of this year was directed toward three major areas; the Fall Festival, the Bonadieu, and Senior Week. Directing the efforts were John Kacani, President; John Sponyoe, Vice-President; Rease Roche, Secretary; and Charlie Ruth, Treasurer. Our Senators were Mike Kelly, Marty Sweeney, Frank Cross, Larry Cross, Larry Higgins and Tom Johnston.

The Fall Festival was another feather in our cap. The general carnival atmosphere was intensified by the Festival games held in a big circus tent at Bishop Walsh High School. That evening there was an excellent buffet dinner in the dining hall, a cocktail party in the clubhouse and to climax the event, a dance in the Olean Armory, featuring the trio of Ahmad Jamal. Sunday the big feature was a jazz concert. All of these individual activities combined to make the Fall Festival one of the fondest memories in our collection.

Thus ends the chronicle of the class of 1961. The chronicle ends here, but the lives of the men and women of the class are just beginning. No matter what field we choose to enter, we will always remember St. Bonaventure University in a valley in the Allegany foothills. We have increased our knowledge and made many friends here, and we will carry away a great storehouse of memories. We will always be here in spirit. Indeed, the spirit of St. Bona's will live forever in our hearts!

# LITERARY

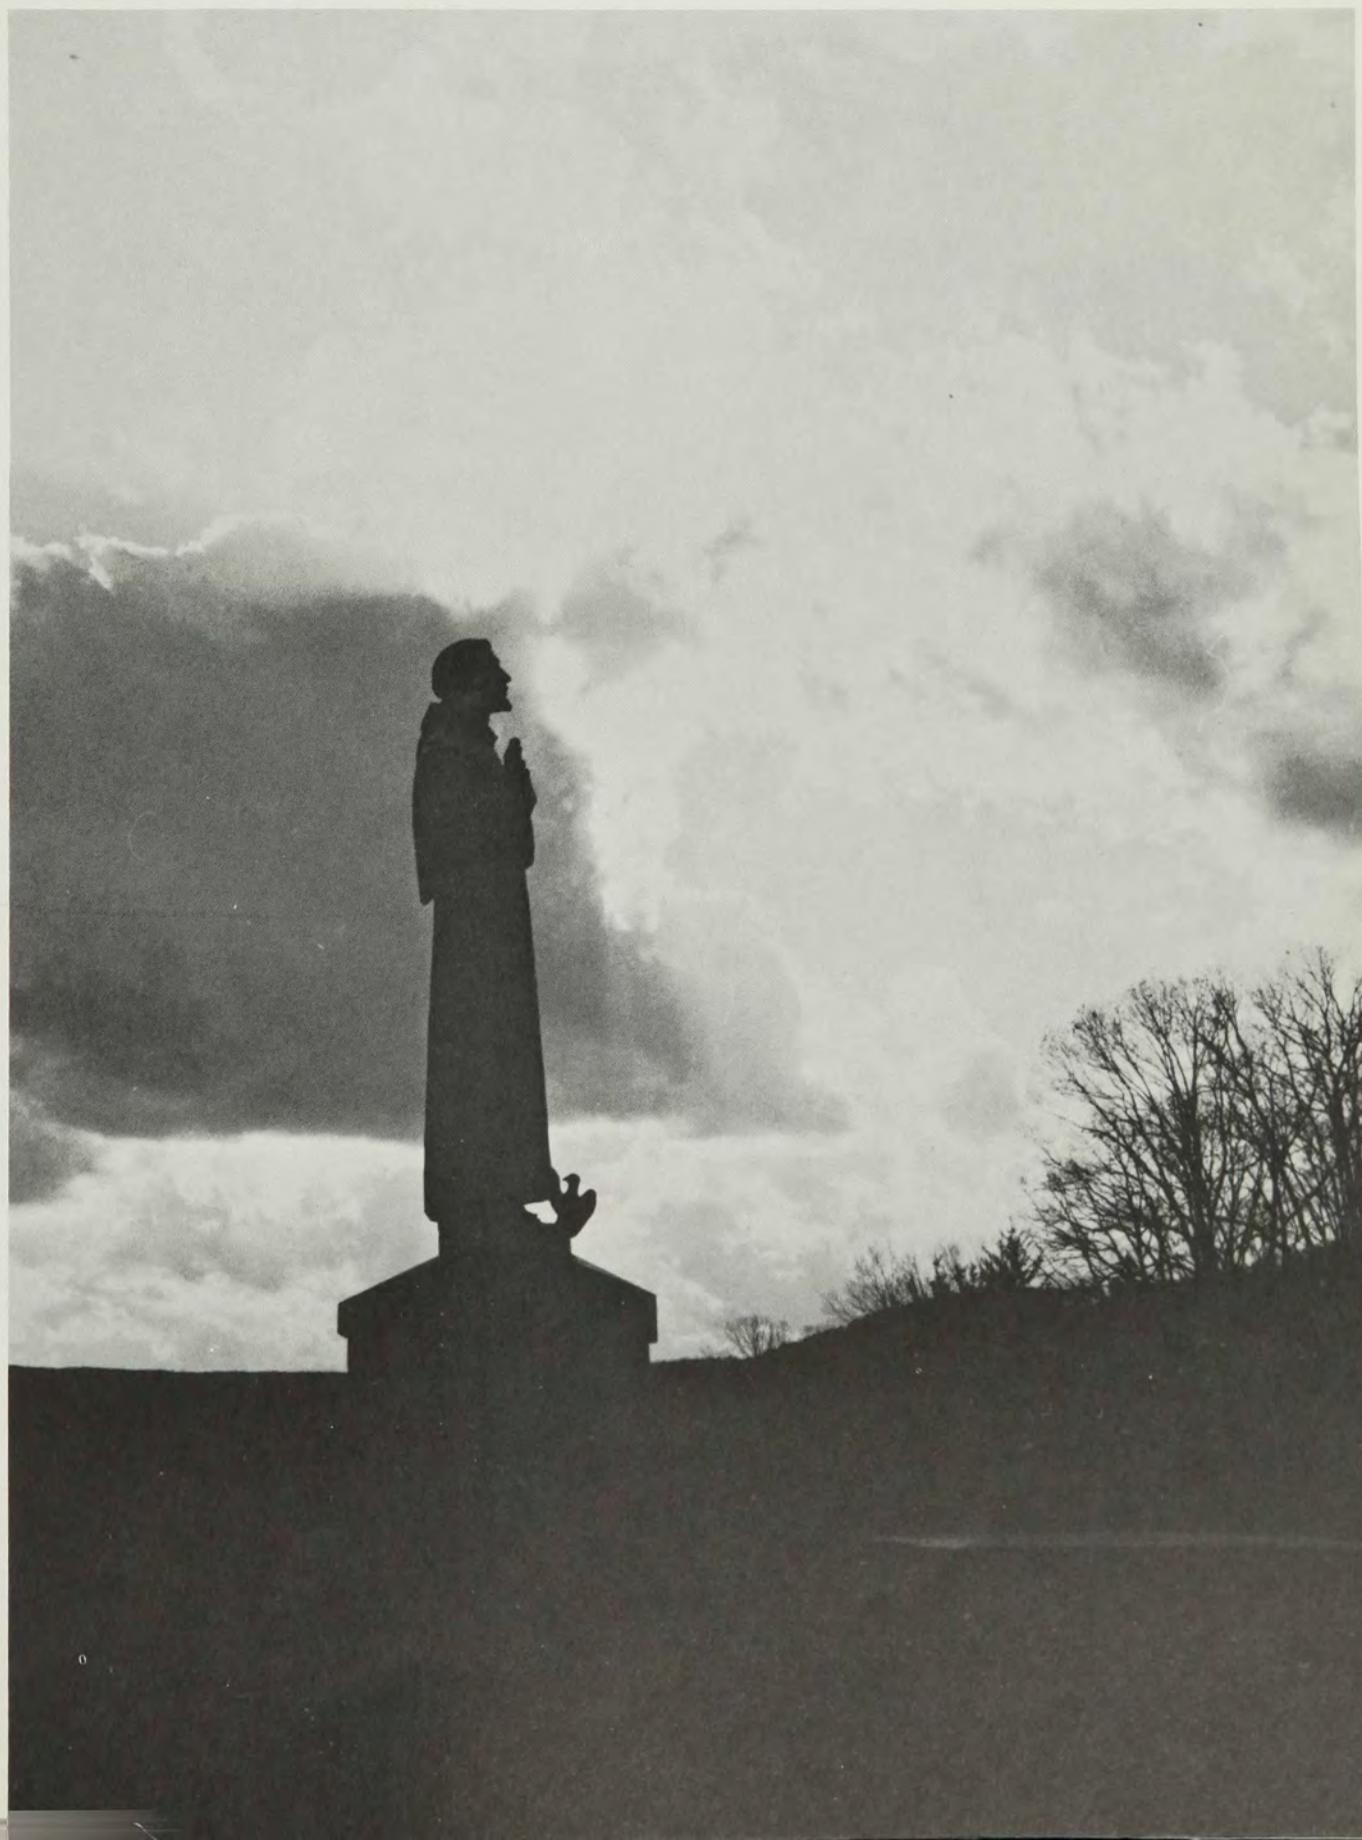

Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be virtue, and if there be any praise, think on these things.

—*St. Matthew*

*On Moving Up Day 1960 we officially became Seniors. The sun was fast setting on our college careers. There was one short year to go and it proved to be a full one.*

*On Press Day we threw out the red carpet for Bob Considine. The following Sunday it was rolled out again for our parents.*

*Our Prom was a story in itself.*

*From the time the dates arrived—through the hurried preparations—the Queen's gay Cocktail Party . . .*

The Queen

*To the Prom, Paris a Nuit. Then came Post Prom parties, a Saturday of fun at the State Park, and, all too quickly, it was over.*

*The days grew warmer and longer, but not long enough. Typewriters pounded far into the nights. Exam week (as always) was hot!*

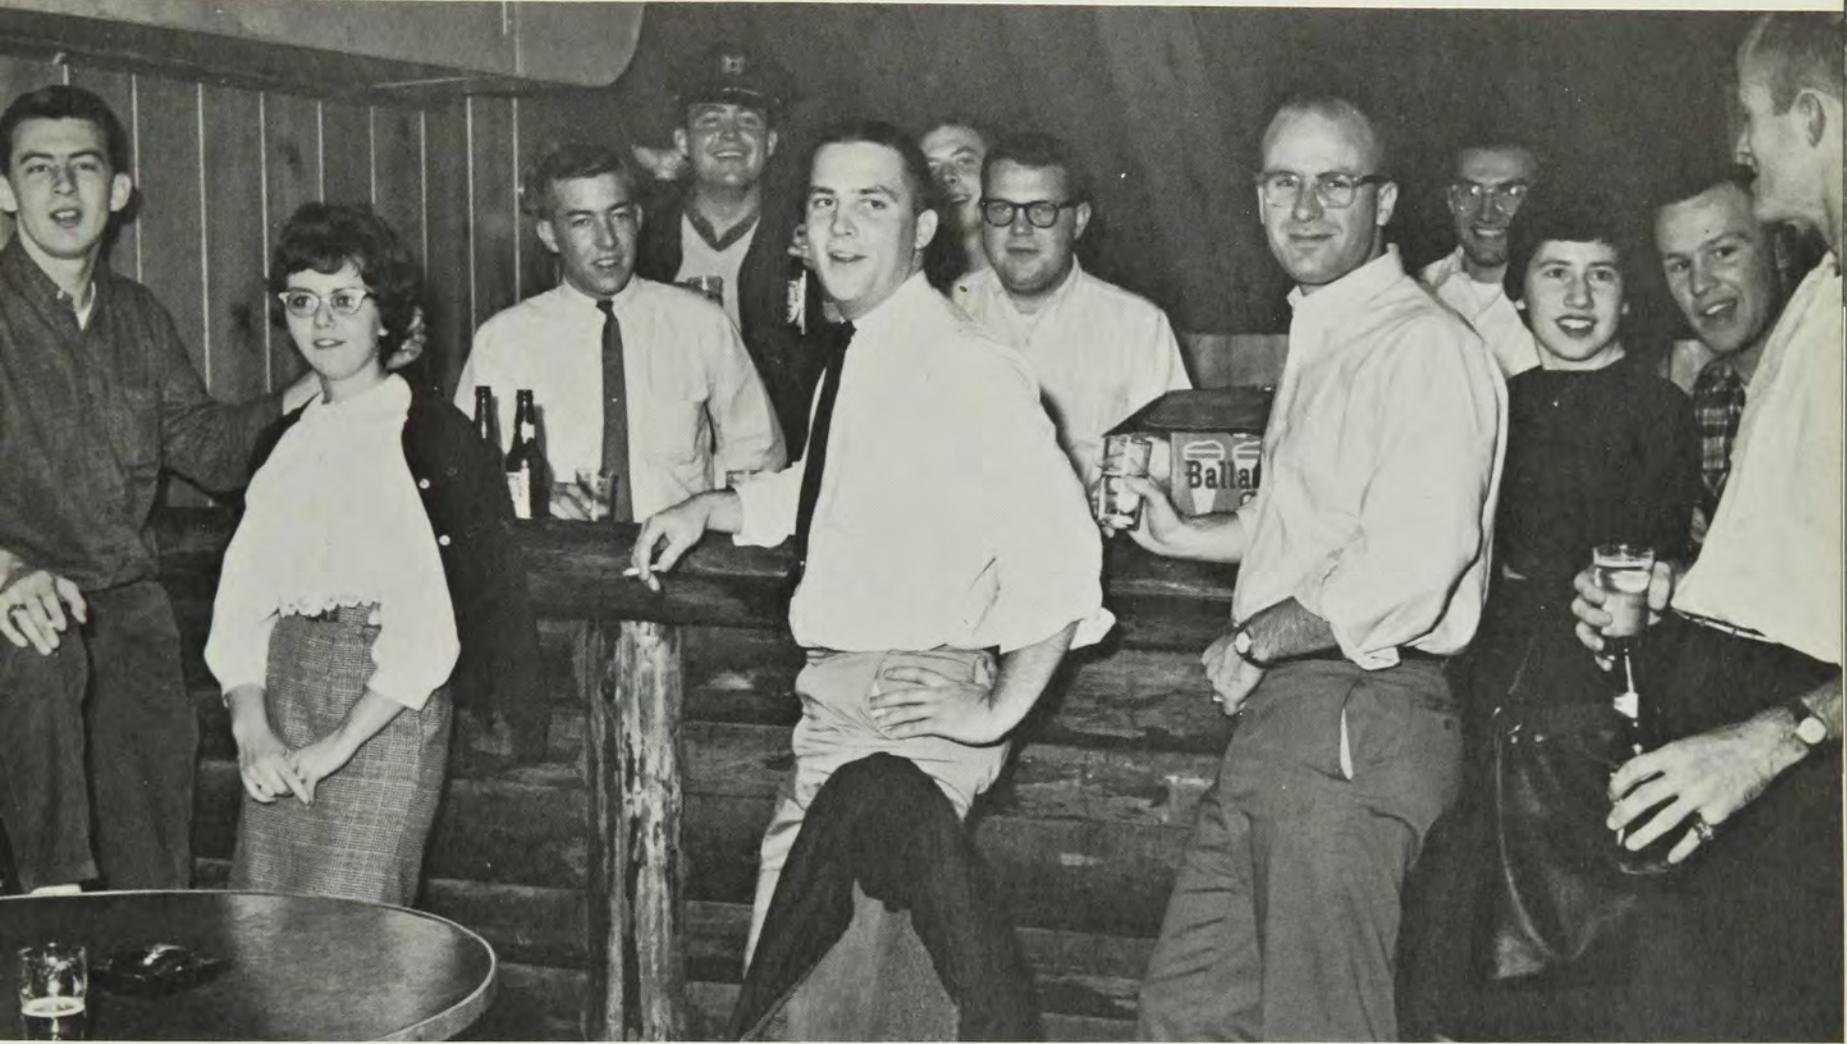

*Tests were at a premium.  
Soon we scattered for  
home.*

*That last summer seemed short. Some worked; some played; most of us did both.*

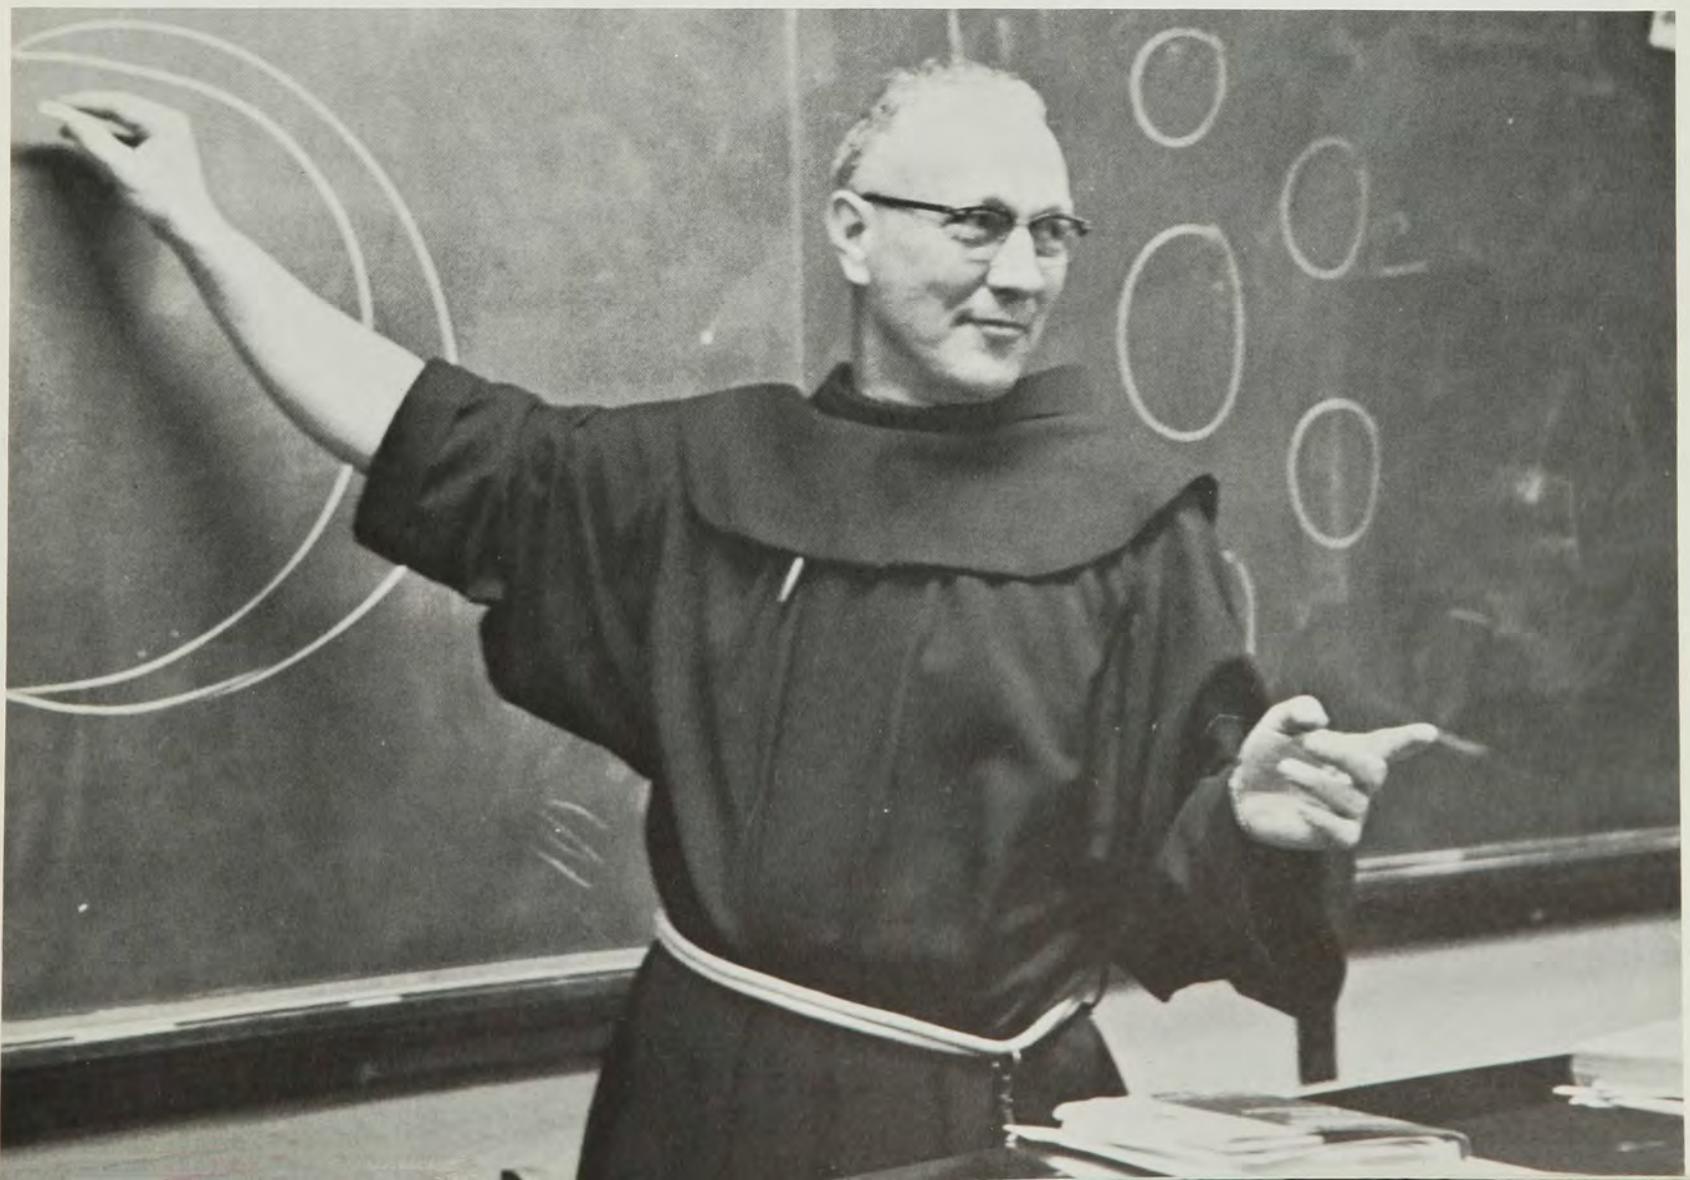

*September again. Impromptu reunions at the Rathskeller and Gargoyle and that long, long line in Butler Memorial.*

*Back to the world of shaving by  
the dawn's early light and the  
razor's red glare. Back to quick  
coffees before eight o'clocks.*

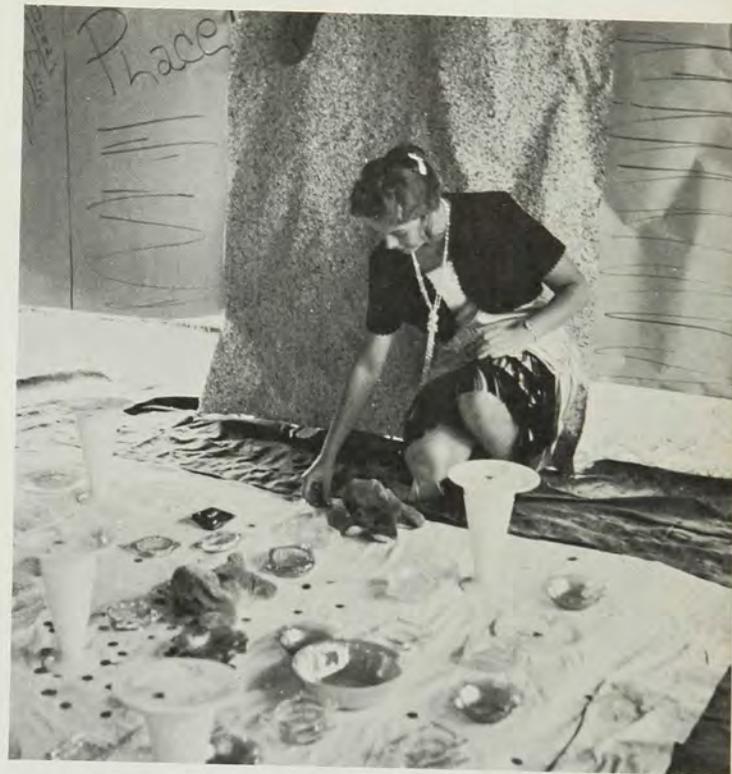

*The Fall Festival broke the routine. A carnival atmosphere prevailed throughout the weekend.*

*Everyone relaxed and had a good time  
—even the committee that supervised  
“61’s” final social success.*

*IM football strained tired muscles and polio shots added insult to the injury.*

*The "War Majors" temporarily abandoned the drill field for the annual Military Ball.*

*Ours was an election year. Lapel buttons blossomed everywhere and the speeches came fast and furious.*

Buttonholing

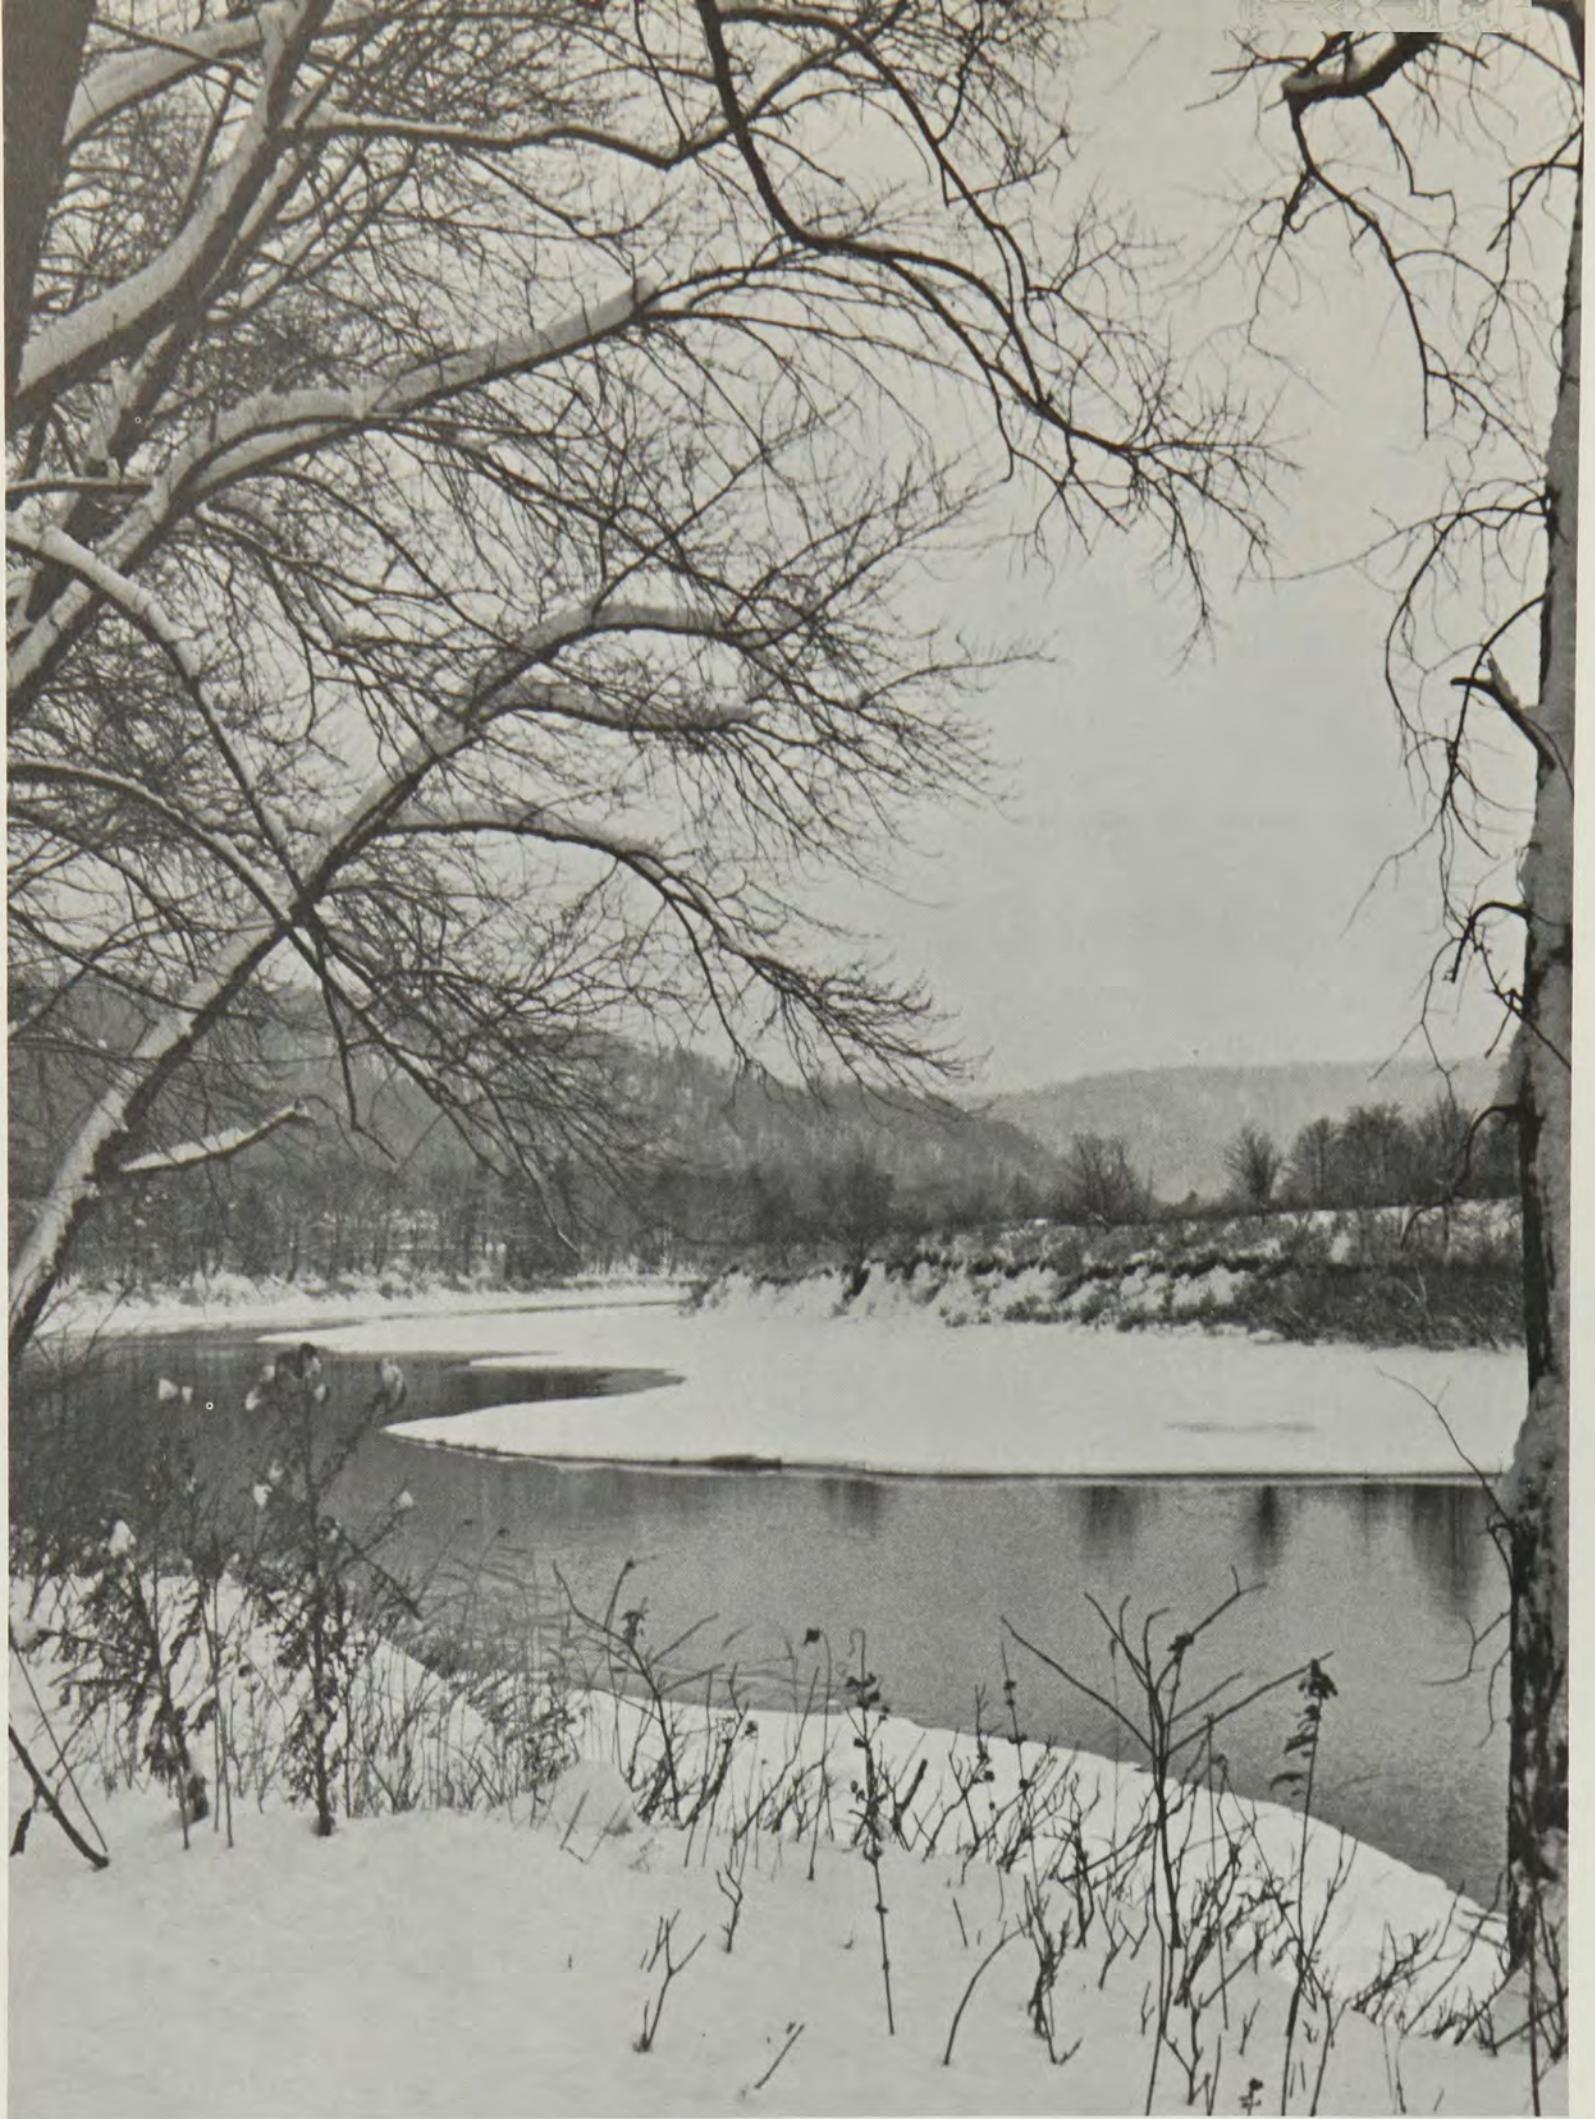

*Evenings were getting chilly, leaves were falling and we broke out our top-coats. Then, overnight . . .*

*Winter. But this one was different. We knew  
it was our last.*

*Christmas decorations went up and so did our spirits. Even the snow didn't look so bad.*

*Few things made us feel as good as playing host to the kids at their Christmas party. We don't know who had the most fun.*

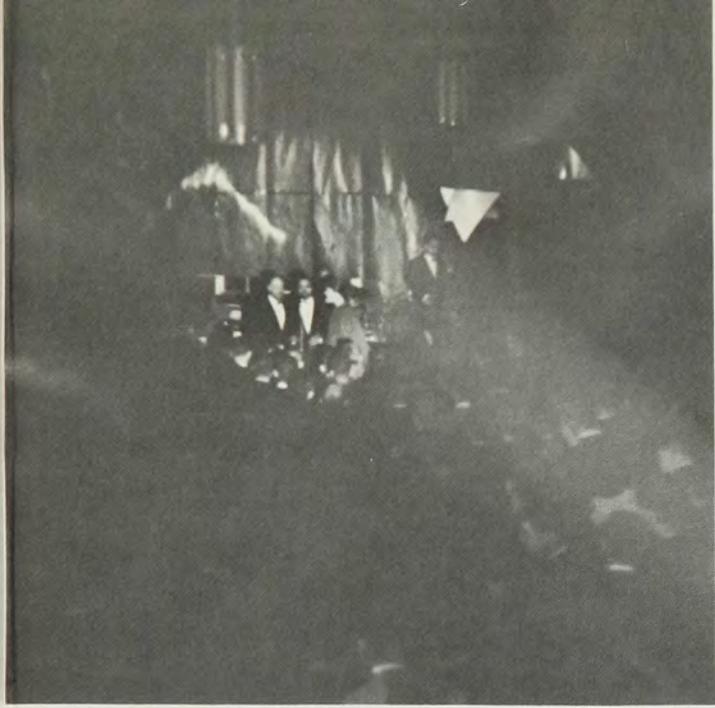

*A short Christmas vacation then back to cram for finals. "Late lights" even after the heat is turned off, and a quick refresher in the corridor between "two in a row."*

*Spring semester, 1961; one last time through the registration lines  
—a prelude to classes, seminars, and comprehensive examinations.*

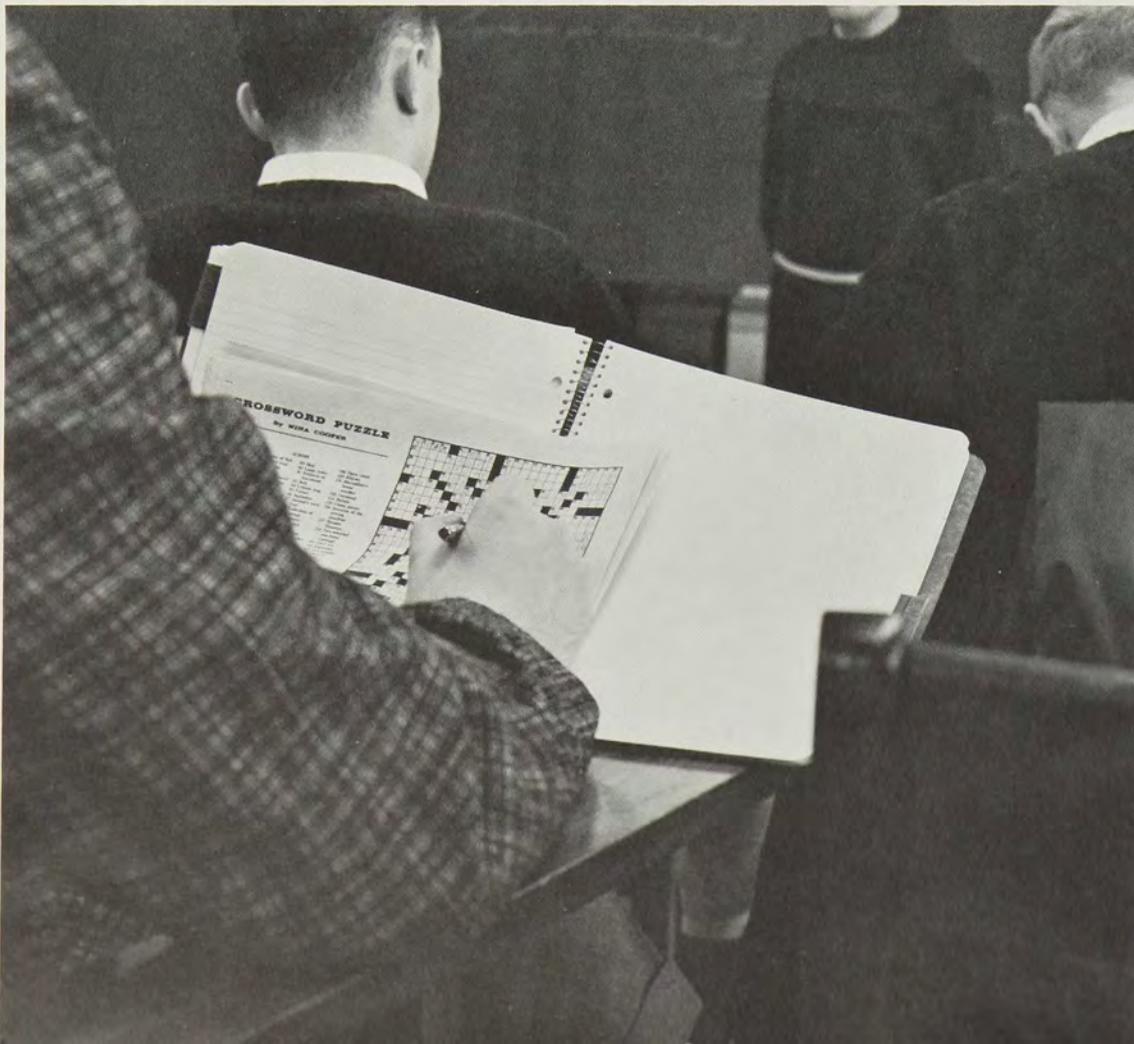

*With time out for the Winter Carnival.*

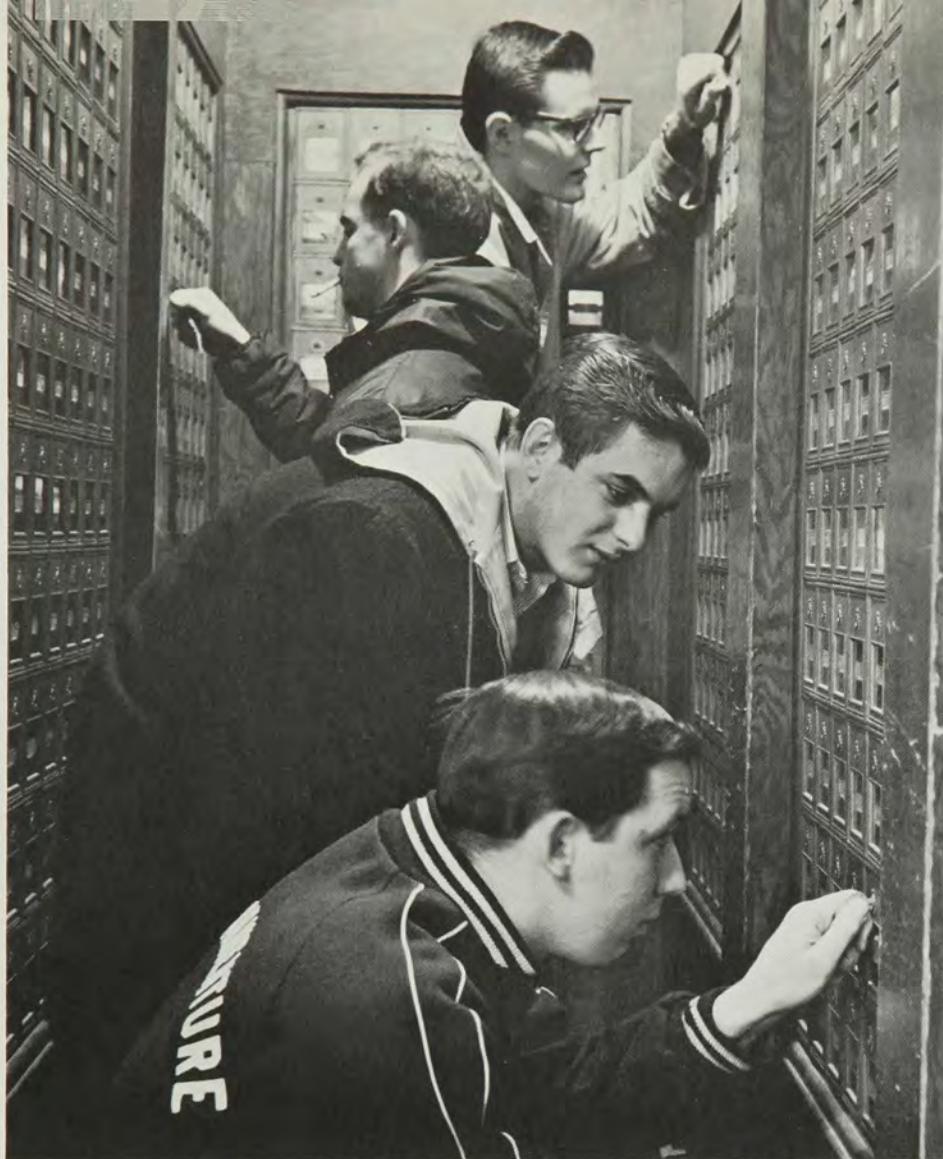

*Then back to the business of being a student  
—but not always a scholar. Classrooms still  
held their fascinations . . .*

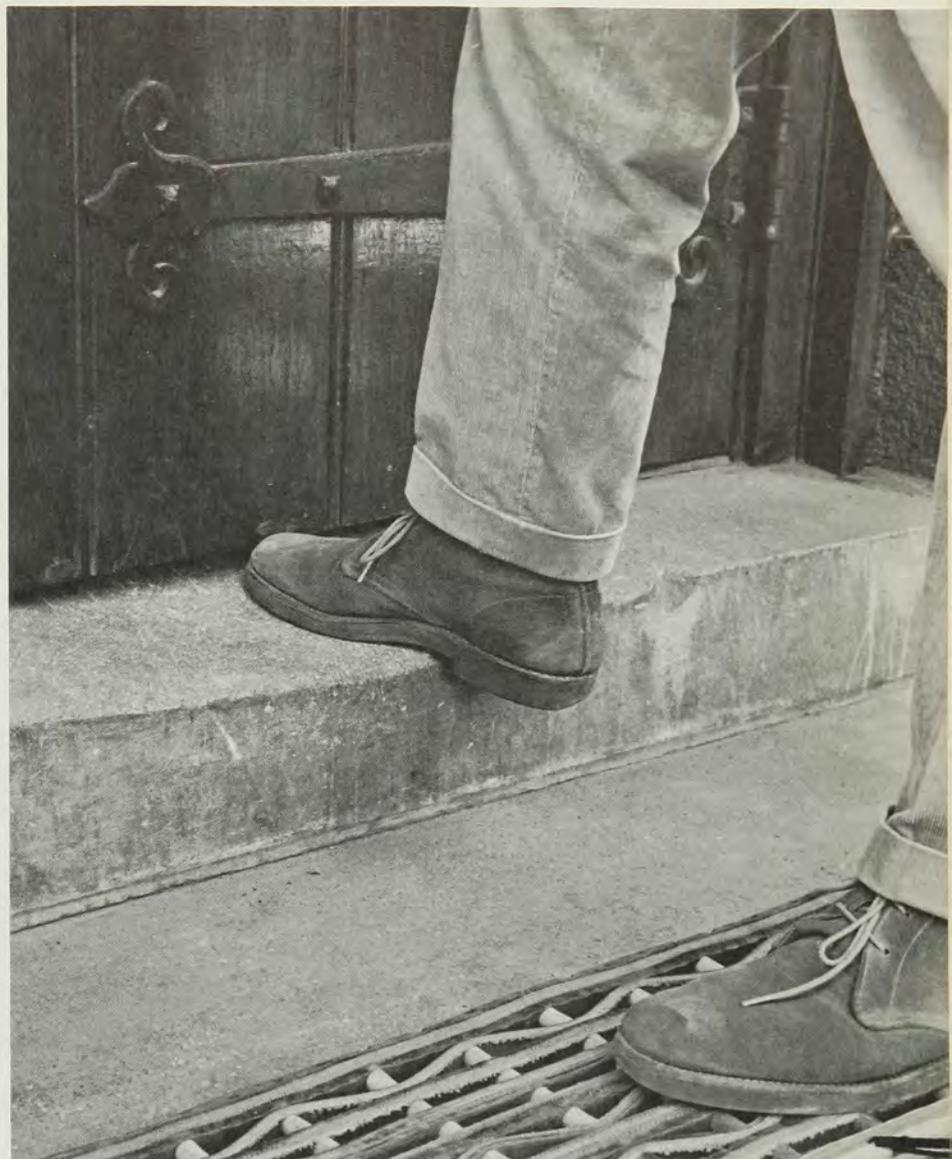

*As did other situations.*

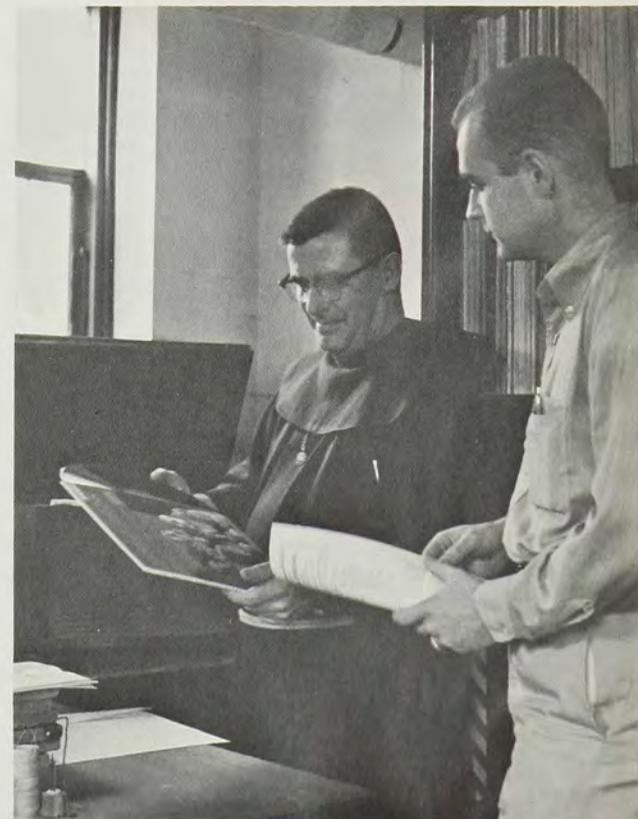

*We plodded through the usual routines, dusting out the mailbox every now and then. The winter days seemed long while we lived them. Looking back it's a different story.*

*Mostly the weather kept us inside. Basketball helped make it bearable. We studied, shared the sports page, played cards, and gabbed with the prefect. And we lived through it, as many had before us.*

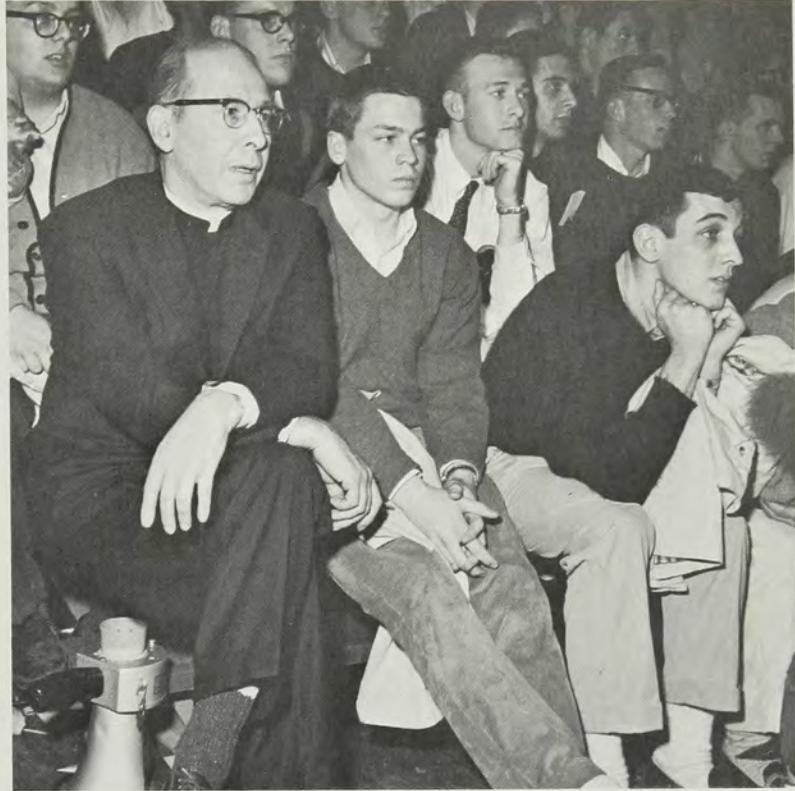

*Informal talks outside class gave us what we missed in the lectures. So did spirited philosophical discussions at the Club-house and the Burton.*

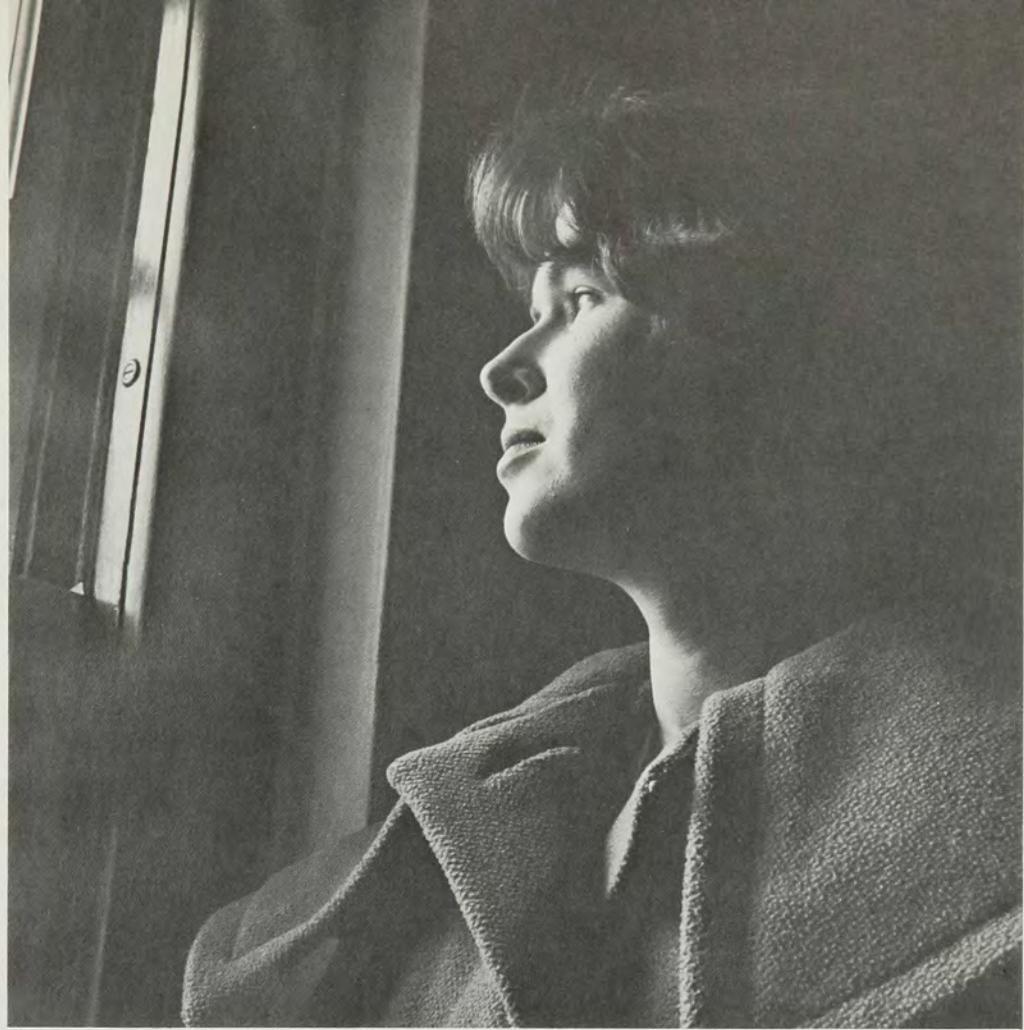

*February 25; they called it "Black Saturday." But who else has won 99 in a row? We fought all the way, but nobody was going to beat Niagara on that night.*

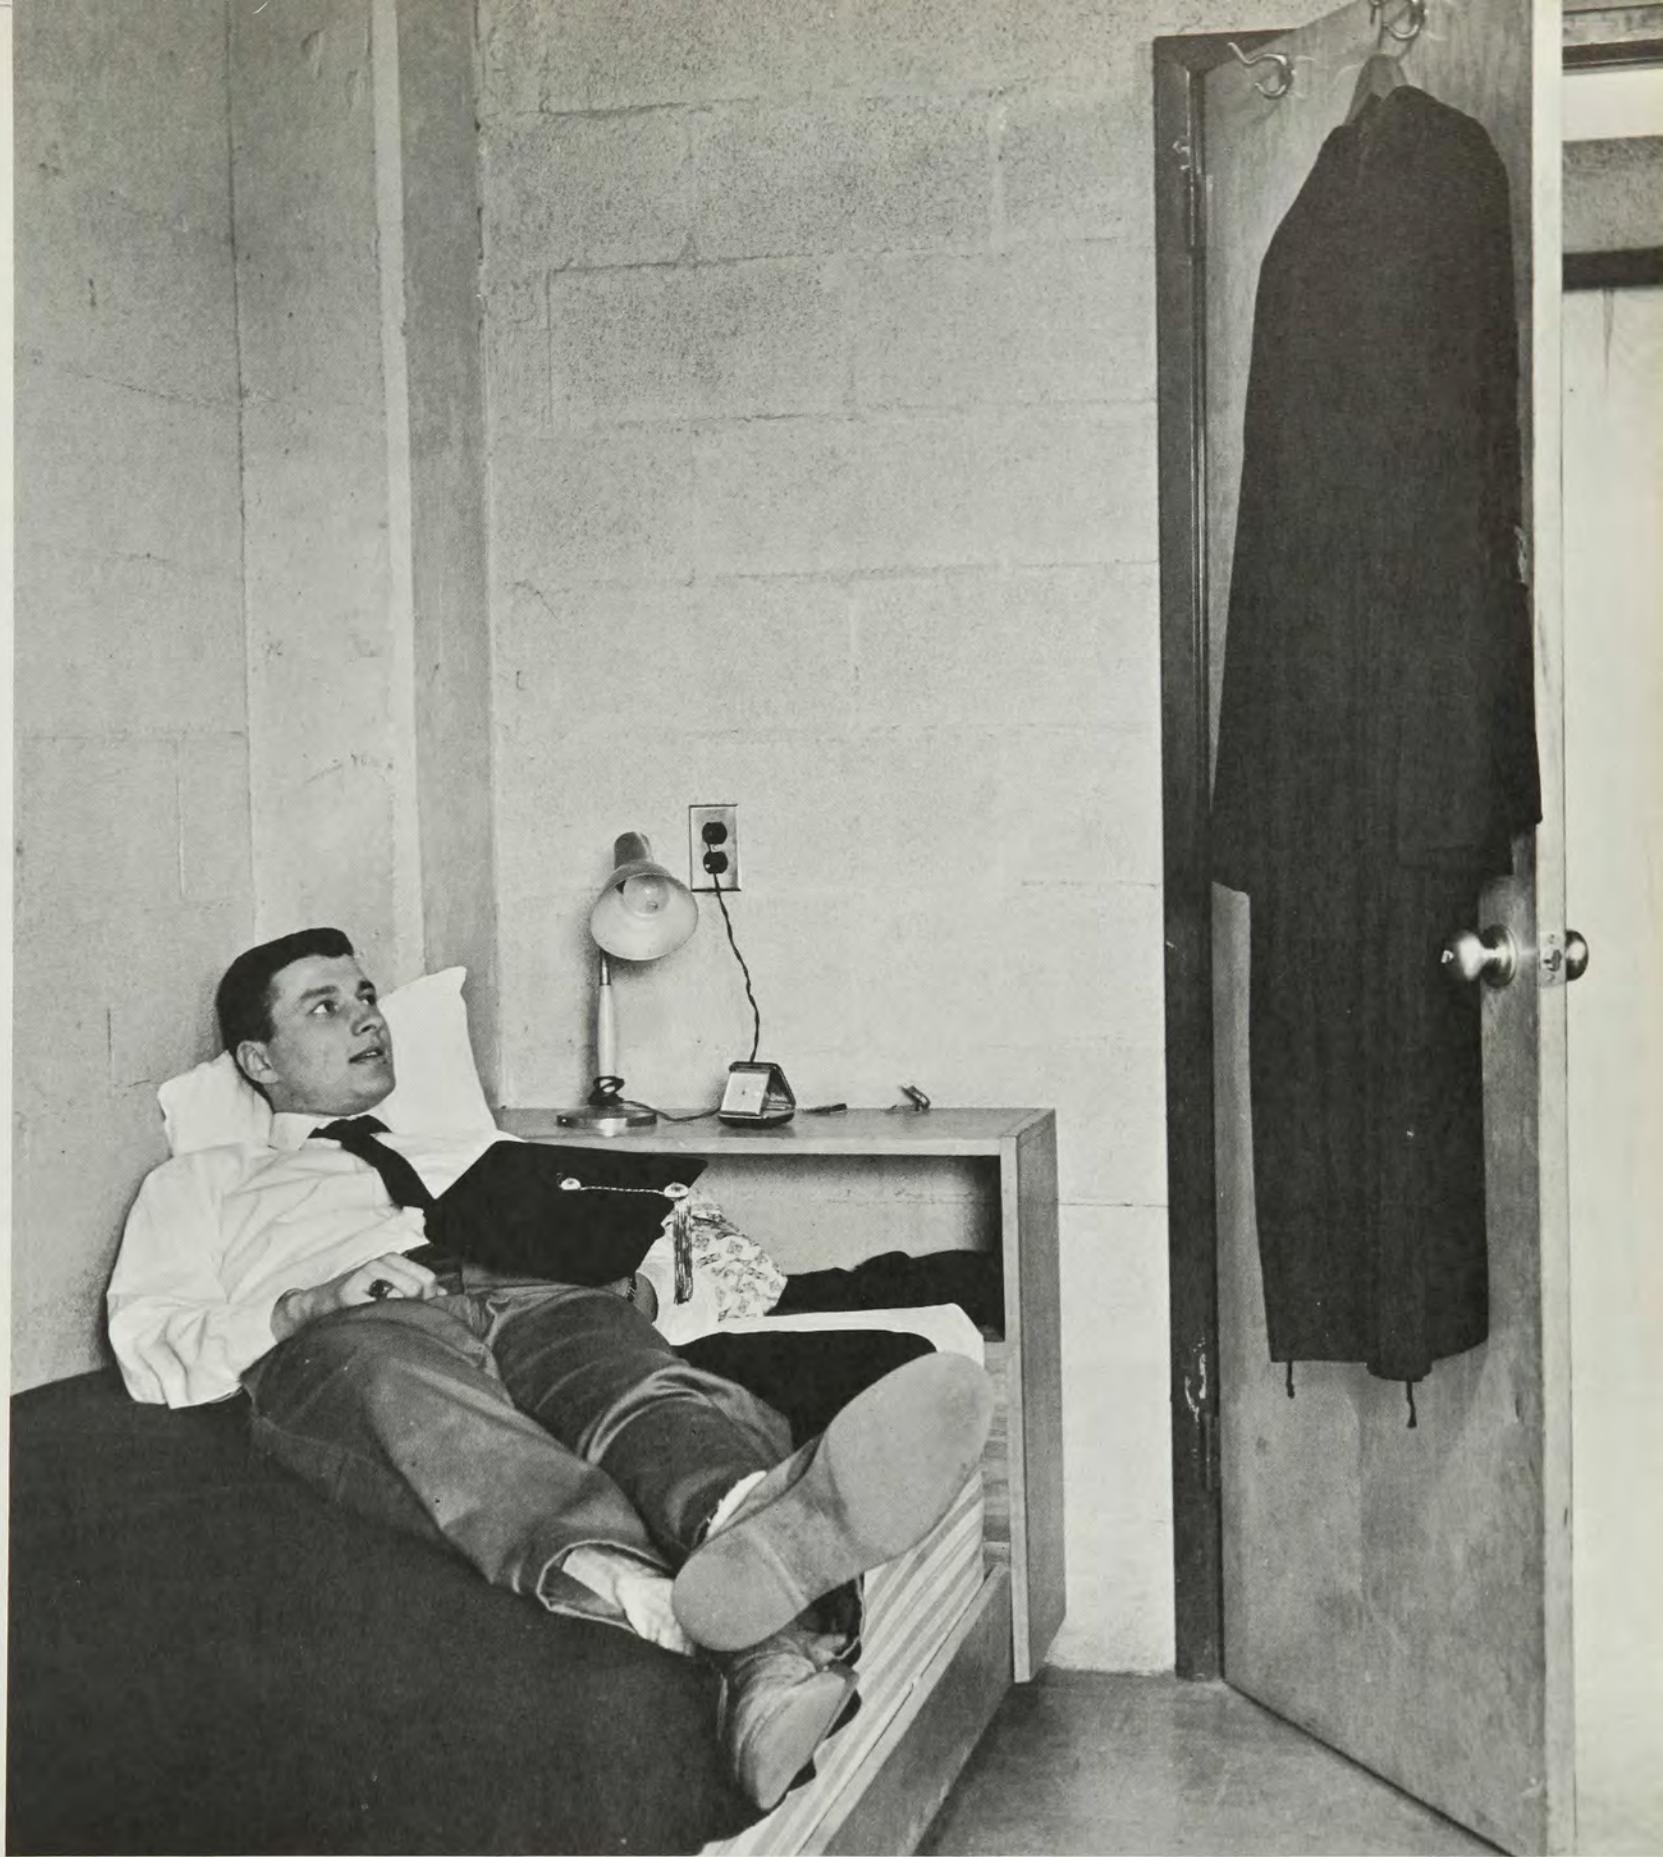

*The team was given a well earned rest. And then we were off to the NCAA and back in the nation's eye.*

*Before long, press ratings and FDC charts gave way to road maps as plans were laid for Easter vacation.*

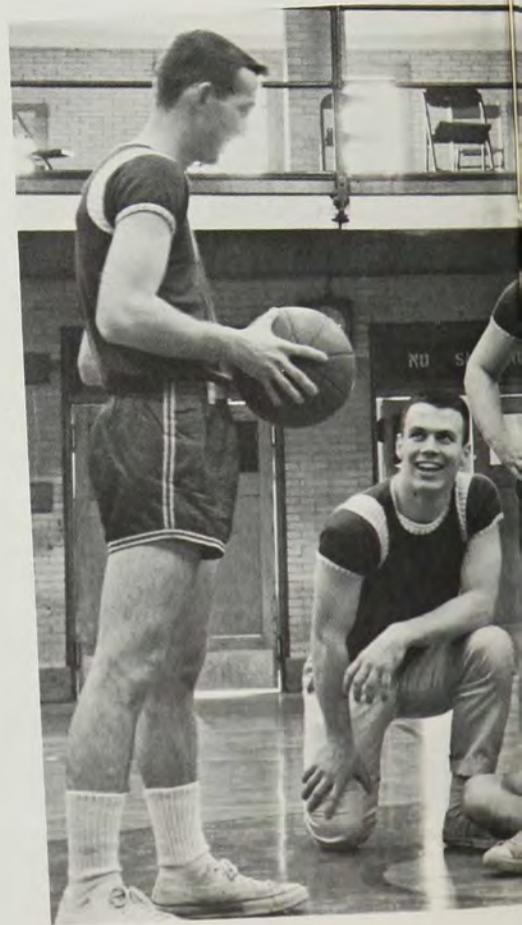

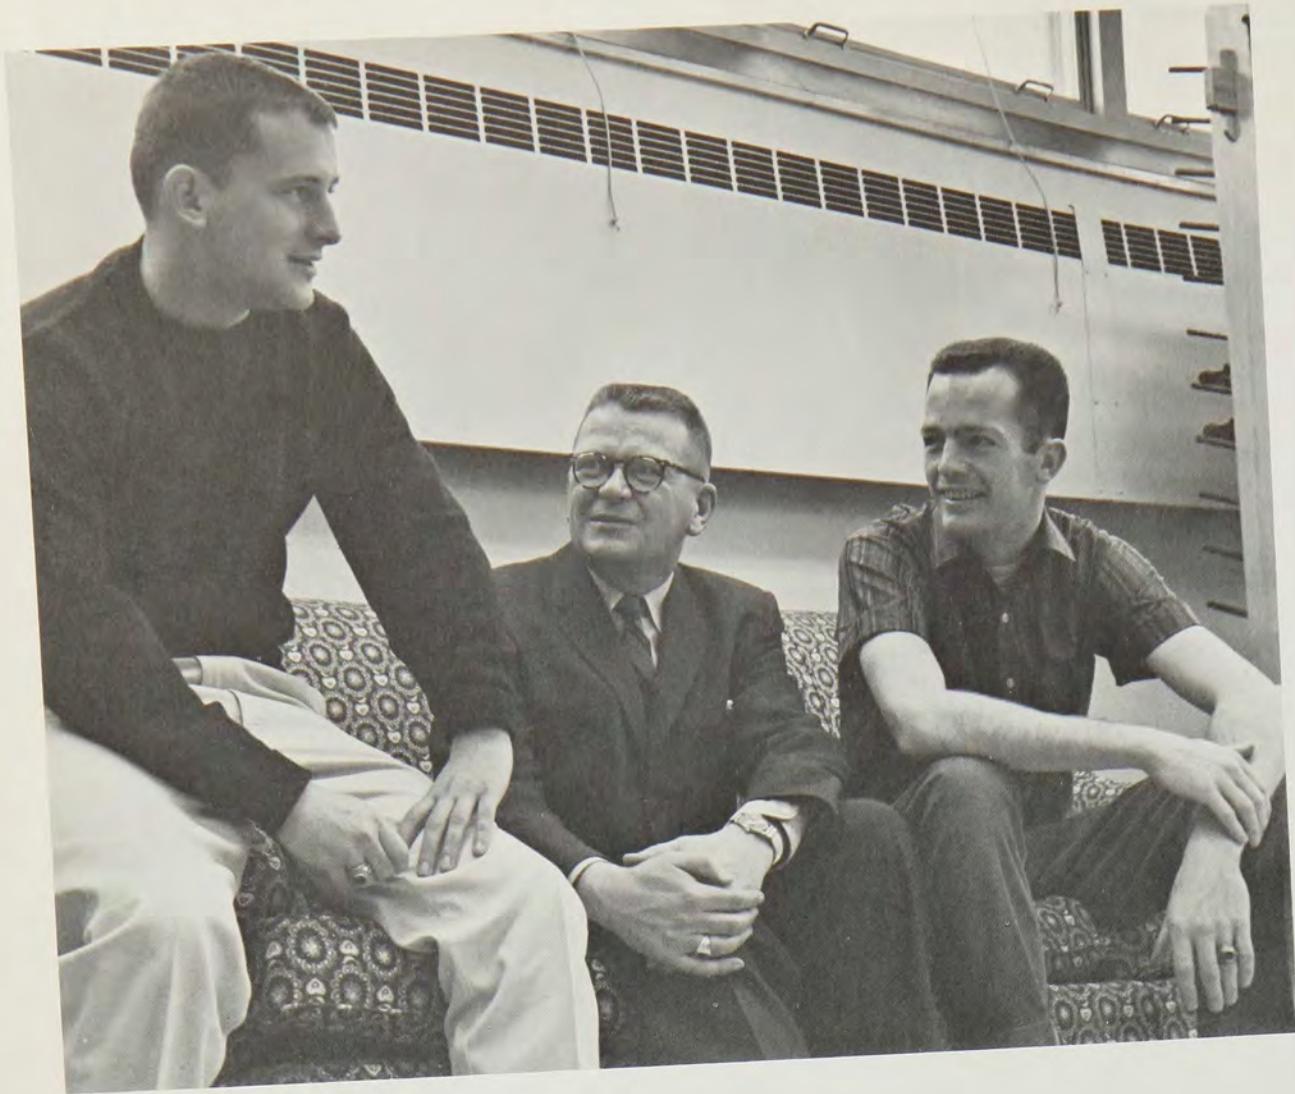

*During vacation, winter's cold had disappeared from the campus. We returned to spend our final days at Bonaventure in sunny afternoons and balmy evenings.*

*Our thoughts turned toward graduation . . .*

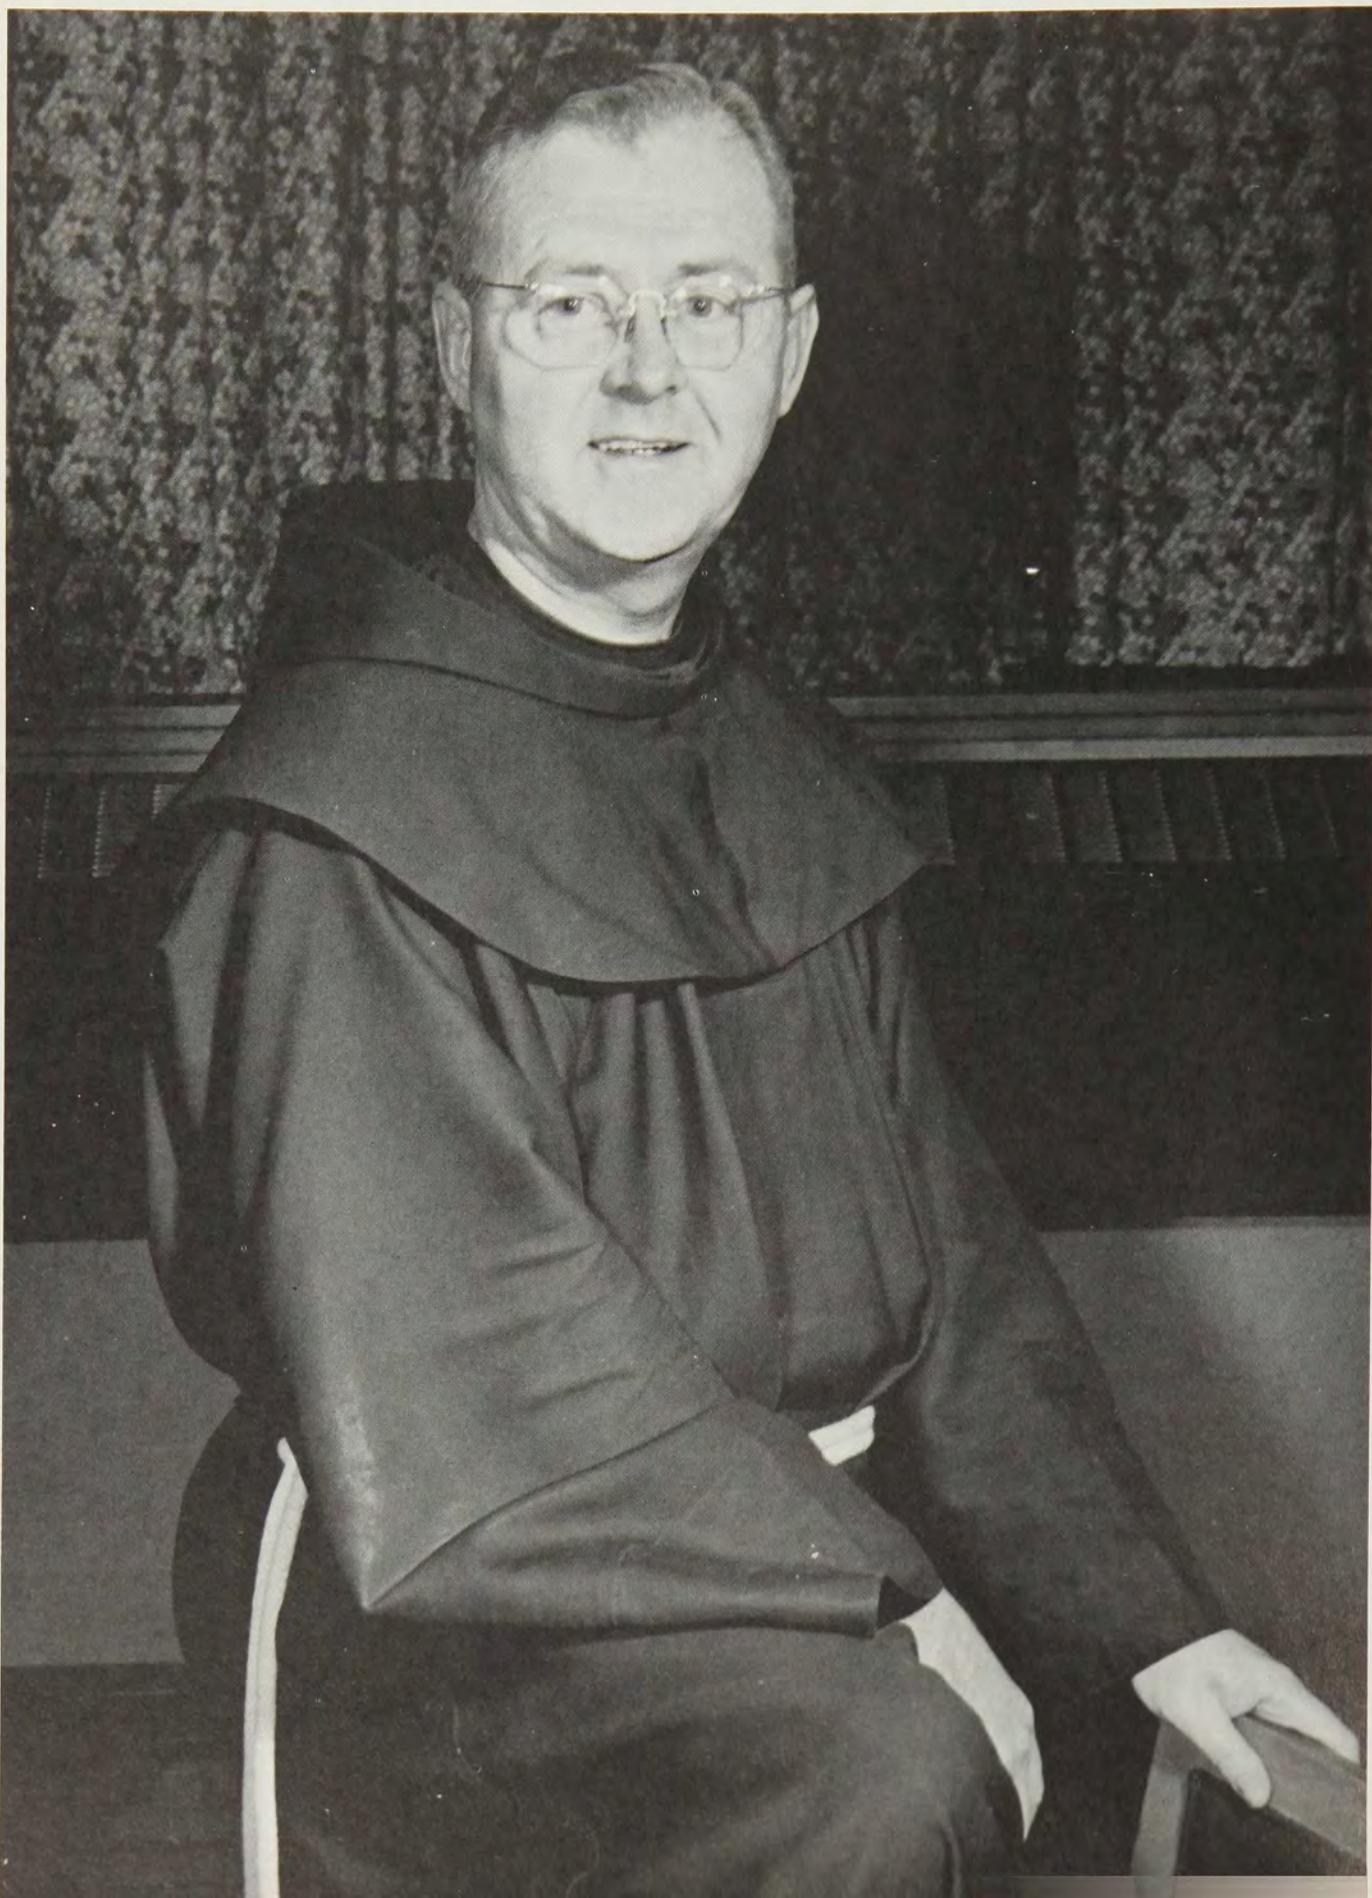

*And these thoughts brought feelings of sentiment and gratitude. We stood on the threshold of our careers; thankful for the knowledge we had obtained—through the dedication of the lay faculty . . . through contact with fellow students . . .*

*and through the devotion of the Franciscans.*

# ACTIVITIES

It is not enough to know about Virtue, but we must endeavor to possess it, and to use it, or to take any other steps that may make us good.

Eddie Donovan: more than a coach

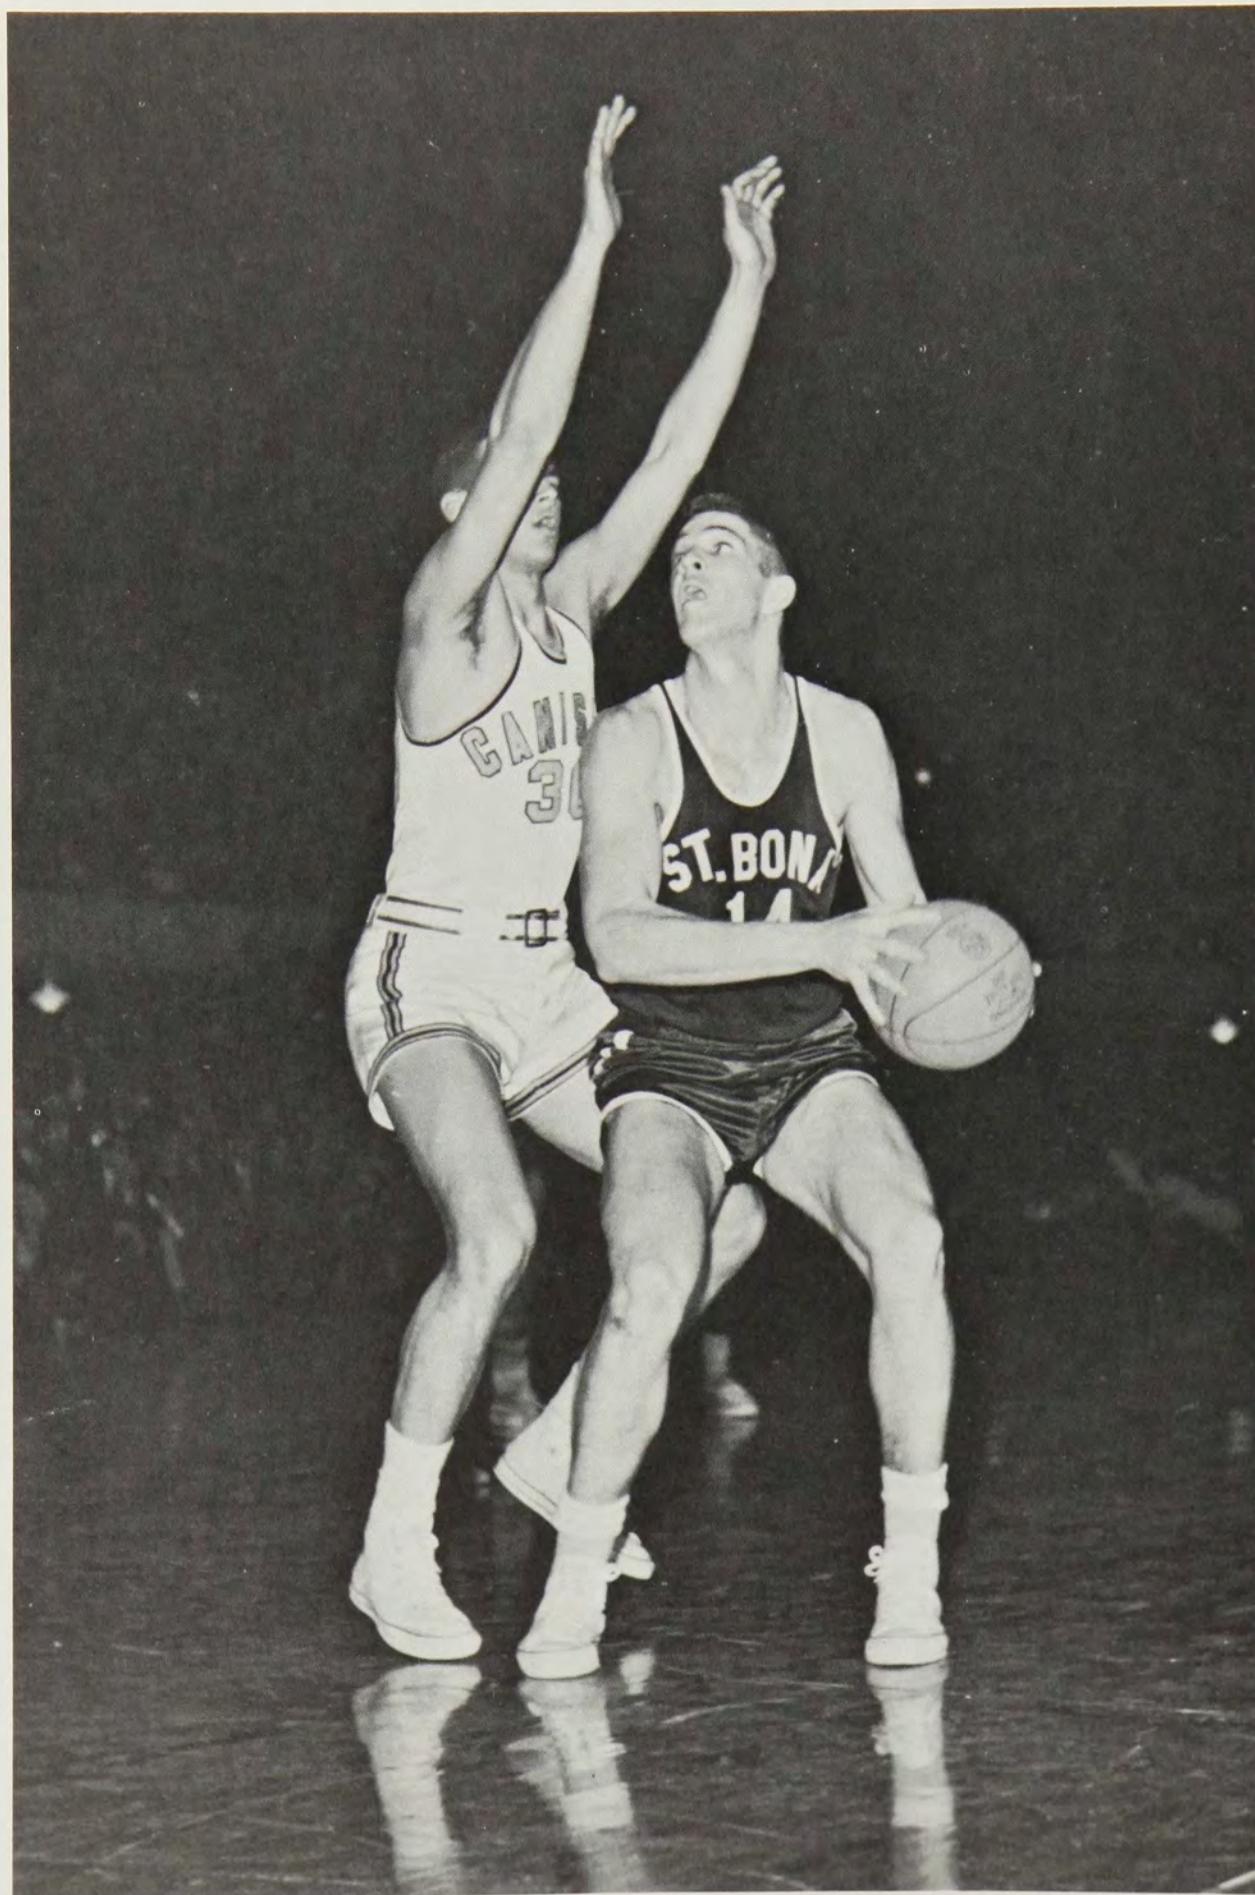

Co-captain **Whitey Martin** led many a fast break over the 1961 season, the Brown Indians' most successful ever. The 6-2 backcourt ace with the tiger-quick reflexes stood out on defense, too, pulling off more "steals" than most bank robbers.

Fellow Co-captain **Tom Stith** pulled a sweet and deadly southpaw hook shot out of his bottomless bag of tricks. The practically indefensible shot was just one more reason the graceful "T" made everybody's All America for the second year in a row.

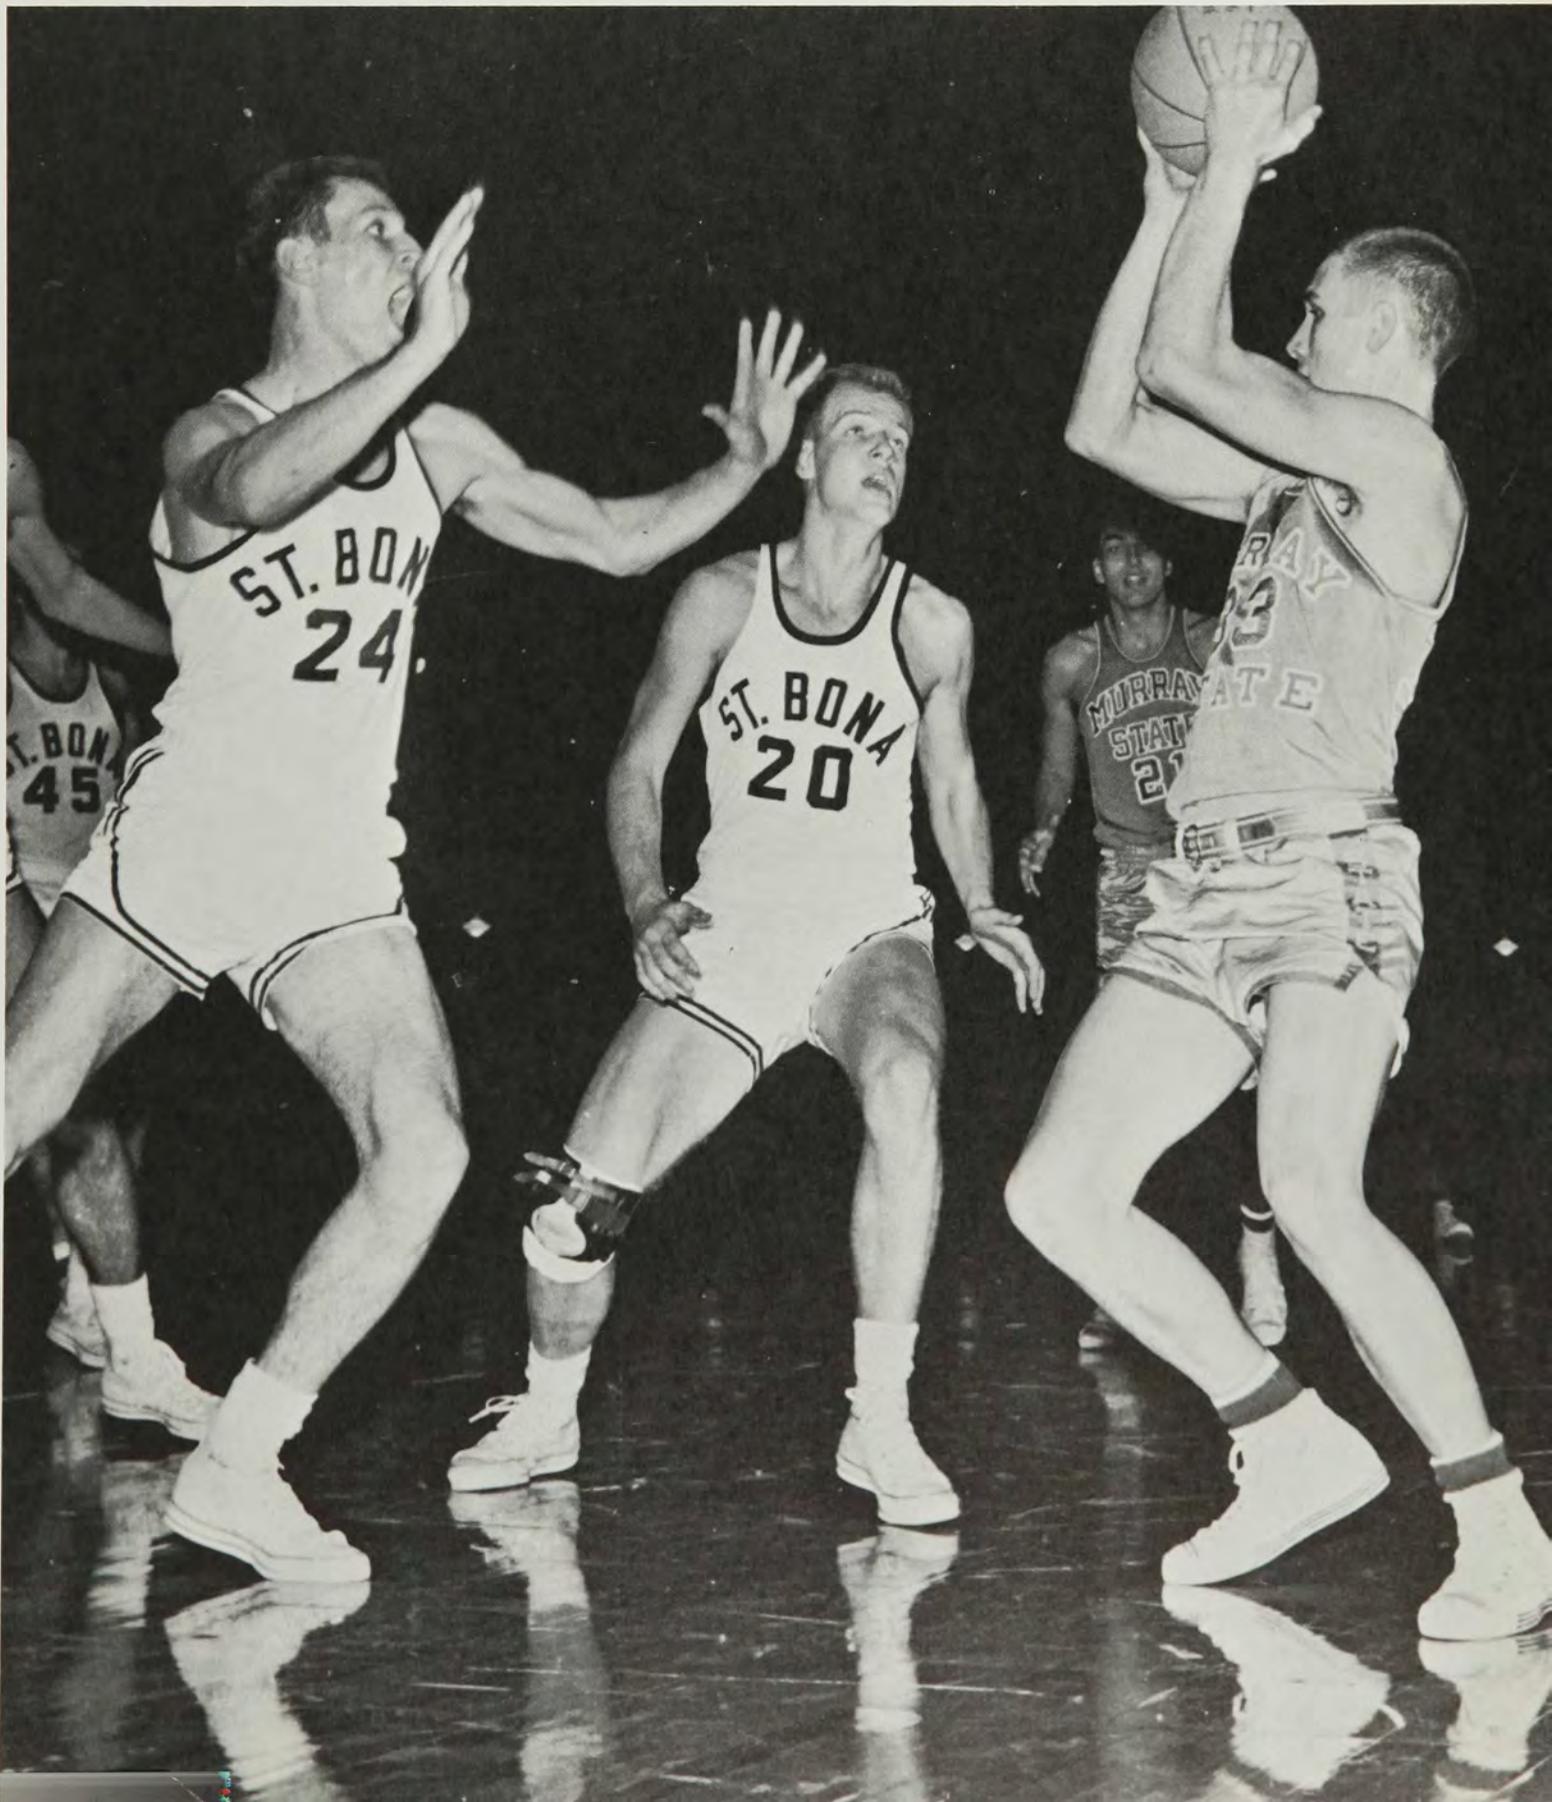

**Tom Fitzmaurice** came on strong in the second half of the 1961 season to provide needed strength on the boards. Coming in at crucial moments, Fitz battled the opponents' biggest men under the bucket, but came up with more than his share of rebounds.

**Tommy McHugh** served as a dependable emergency replacement until he was sidelined by a slipped disc in early February. But the popular senior stayed with the team even then to supply his usual moral support.

Junior **Ed Petrovick** also appeared in many tight spots. Pet's pretty jump shot and spirited board play made him a valuable man to have in reserve.

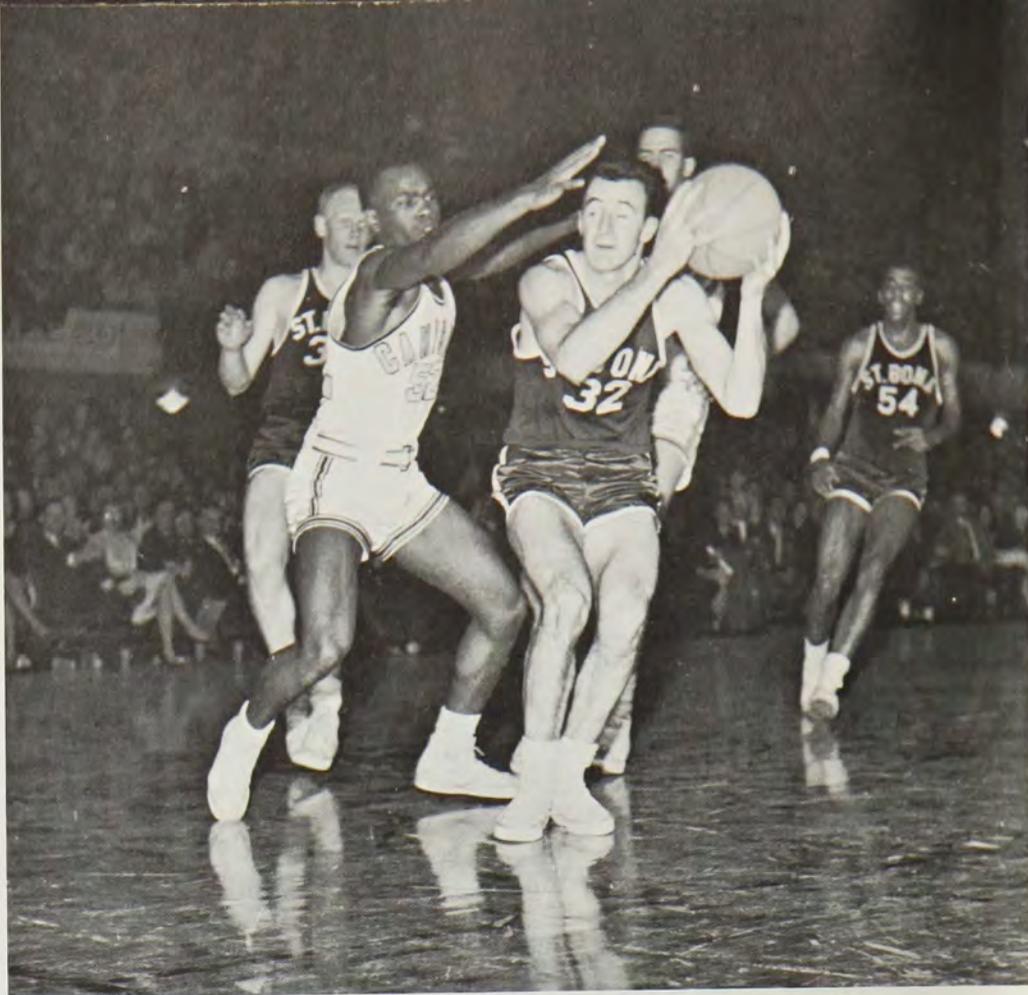

Big **Bob McCully** turned into a brawler in 1961 to fill the Brown Indians' deepest need: the big man who could control the boards. Bobby won the starting center berth and held it all season by going up higher and coming down harder than anyone else. And he usually came down with the ball.

**Orrie Jirele** made the perfect backcourt partner for Martin. The 5-11 junior's hustling, harassing defense kept opponents permanently off-balance, and his constant chatter kept teammates operating at top efficiency. Orrie specialized in a "heads up" brand of ball, spotting the slightest enemy lapse and instantly taking advantage of it.

**Tom Hannon** turned in his customary workmanlike performance over the 1961 season. The Scranton scrapper was used both as a forward and a guard, and filled in capably wherever he was played. Tom's aggressive style made him a respected figure in the jams under the bucket.

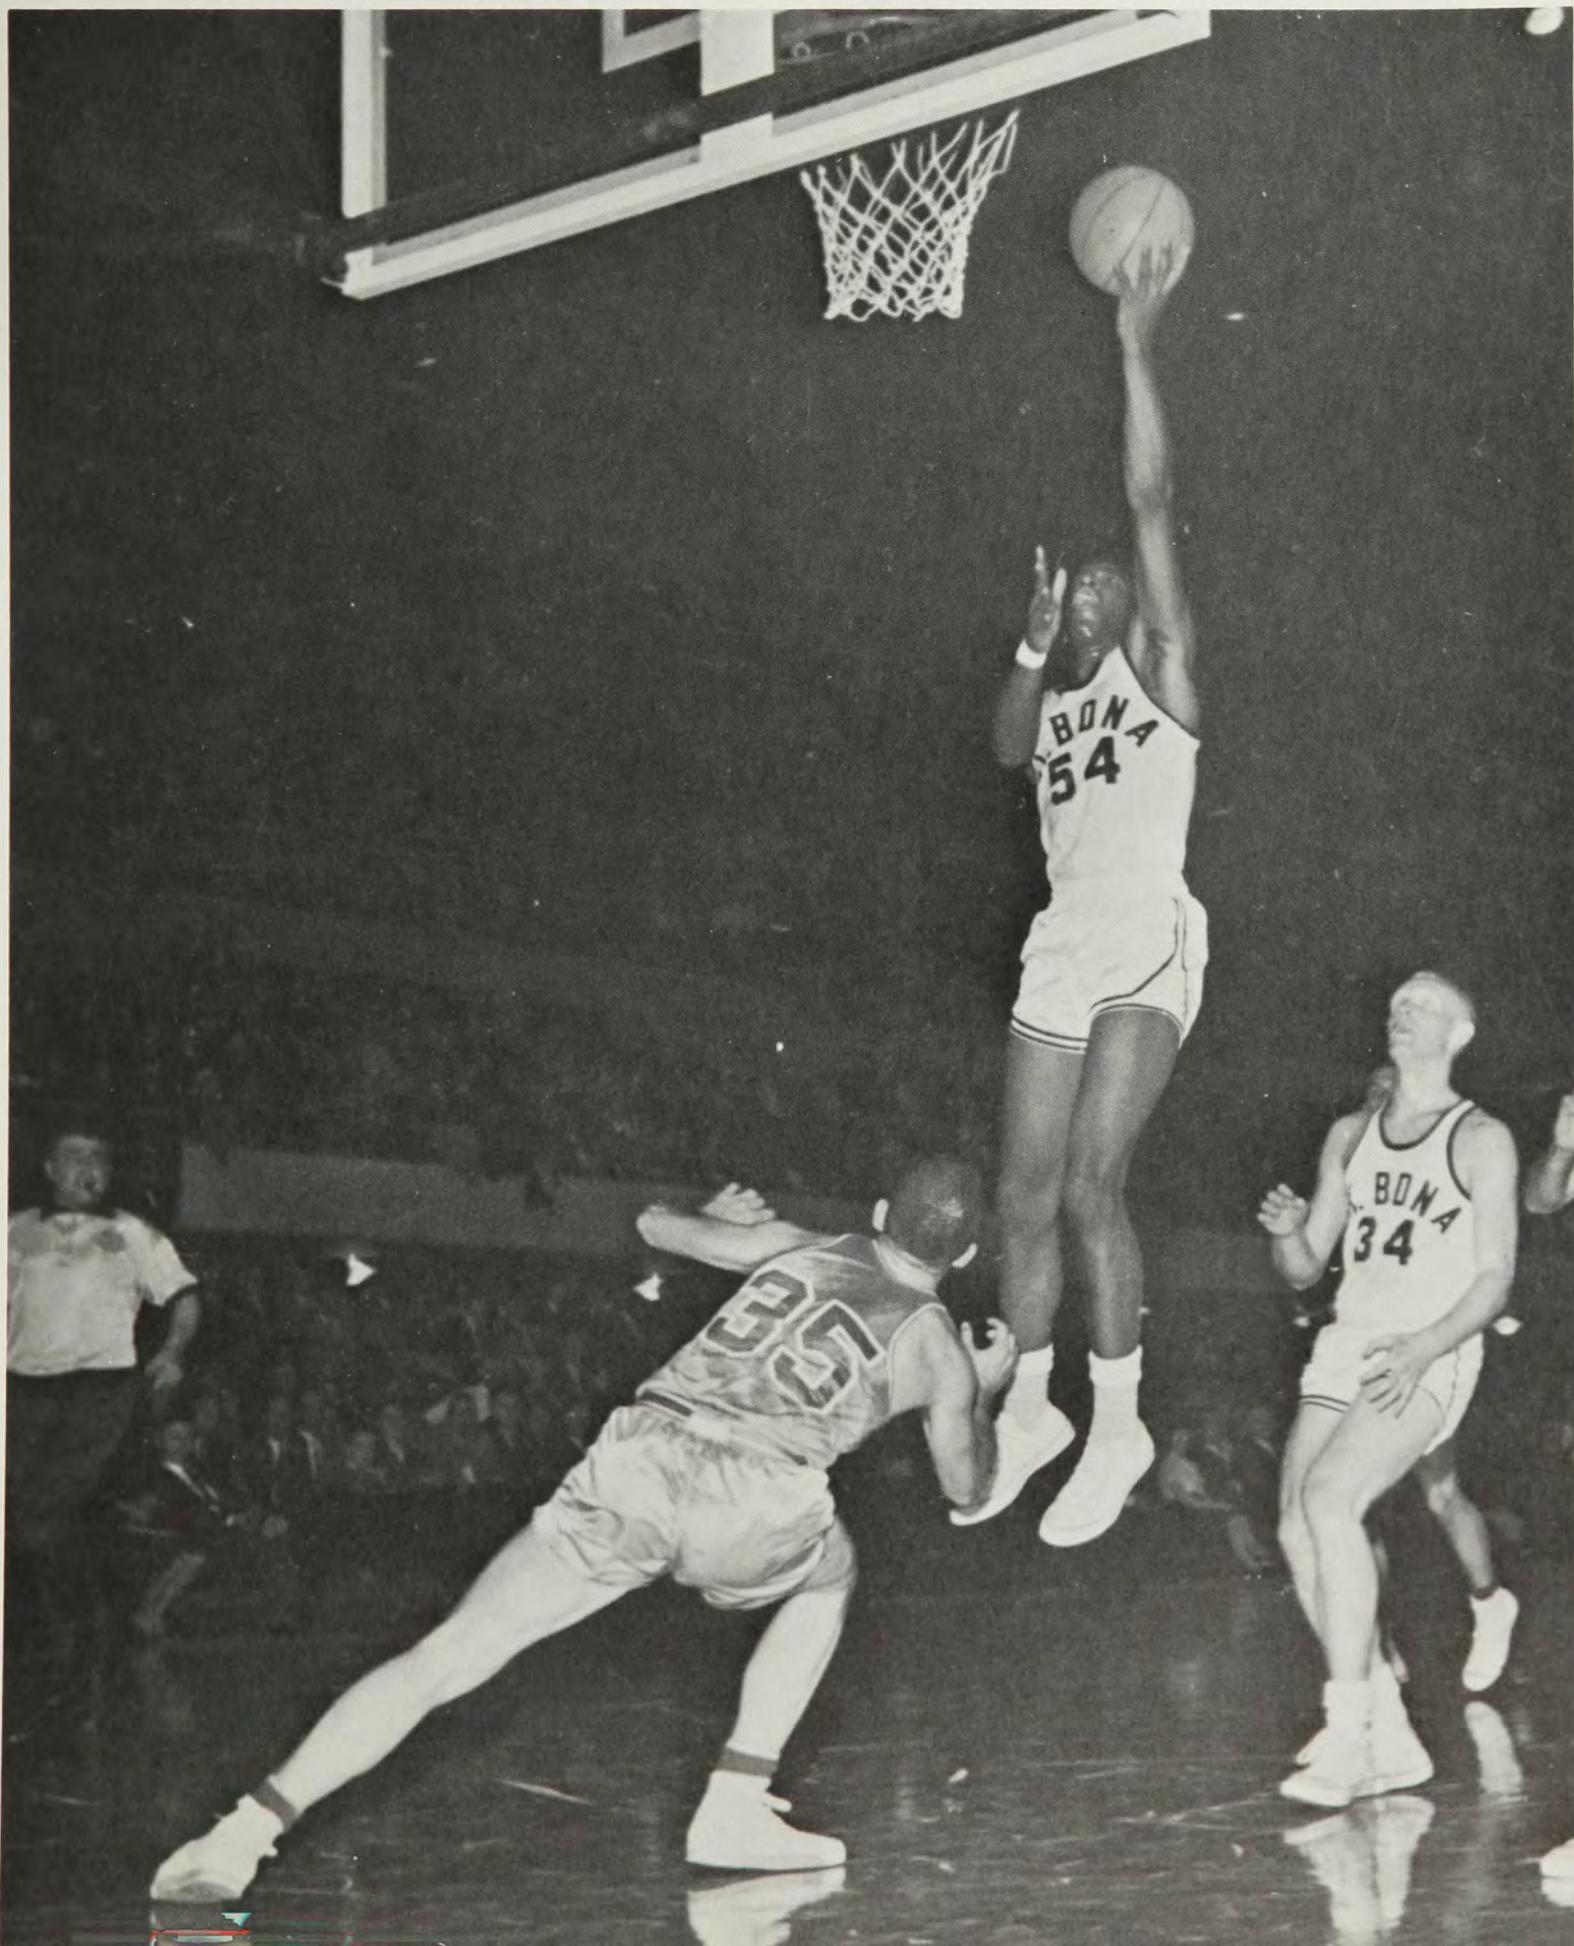

Sophomore **Mike Joyce** often made opponents look foolish. Playing most of his ball in the late minutes, the 6-1 guard's deceptive speed came in handy when back-court starters were burdened with fouls.

Jumping **Jack Ormsby** also saw limited duty. Recruited from the I-M league, amiable Jack showed a remarkable ability to outleap much taller men, and appears a bright prospect for future seasons.

When **Freddy Crawford** drove in for a layup, he usually followed through. Hardworking "Freeze" nailed down a starting berth as a sophomore by displaying a wealth of all-round talent that already has him touted for a future All America. His fantastic ballhandling and sure shooting touch placed him second only to Stith in scoring.

Taking a big step up, the Brown Indians entered their first NCAA tournament in 1961. In the opener at Madison Square Garden, the Bonnies were nearly upset by underdog Rhode Island. Trailing the scrappy Rams at the half, the Bonnies finally took it 86-76, when soph sensation Fred Crawford erupted with 14 points in the final ten minutes.

Far from the friendly sidewalks of New York, the Brown Indians invaded Charlotte, N. C. on St. Patrick's night for the Eastern Regional semi-final. There, they had the misfortune to run into a deafeningly partisan home crowd and a devastatingly fired-up Wake Forest basketball team. In spite of a valiant 29-point effort by Tom Stith, the broken-down Coliseum clock showed the Bonnies on the short end of a 78-73 final score. But the Brown Indians came roaring back the next night, blitzed Princeton with a 54-point second half to take third place. Finishing the season like they started it, they won going away, 85-67.

Undoubtedly the greatest basketball player ever to wear the brown and white of Saint Bonaventure, Co-captain **Tom Stith** closed out his fabulous career by amassing a total of 2052 points, joining the tiny handful of super-stars to exceed two thousand points in a three-year collegiate career. The effortless grace exhibited by the "Tall T" led a few critics to believe he wasn't doing his best, but anyone who ever saw him perform in one of Bona's tough contests knew better. Tom's efforts satisfied one rather capable observer: Coach Eddie Donovan. They also were enough to make him a consensus All-America two years in a row.

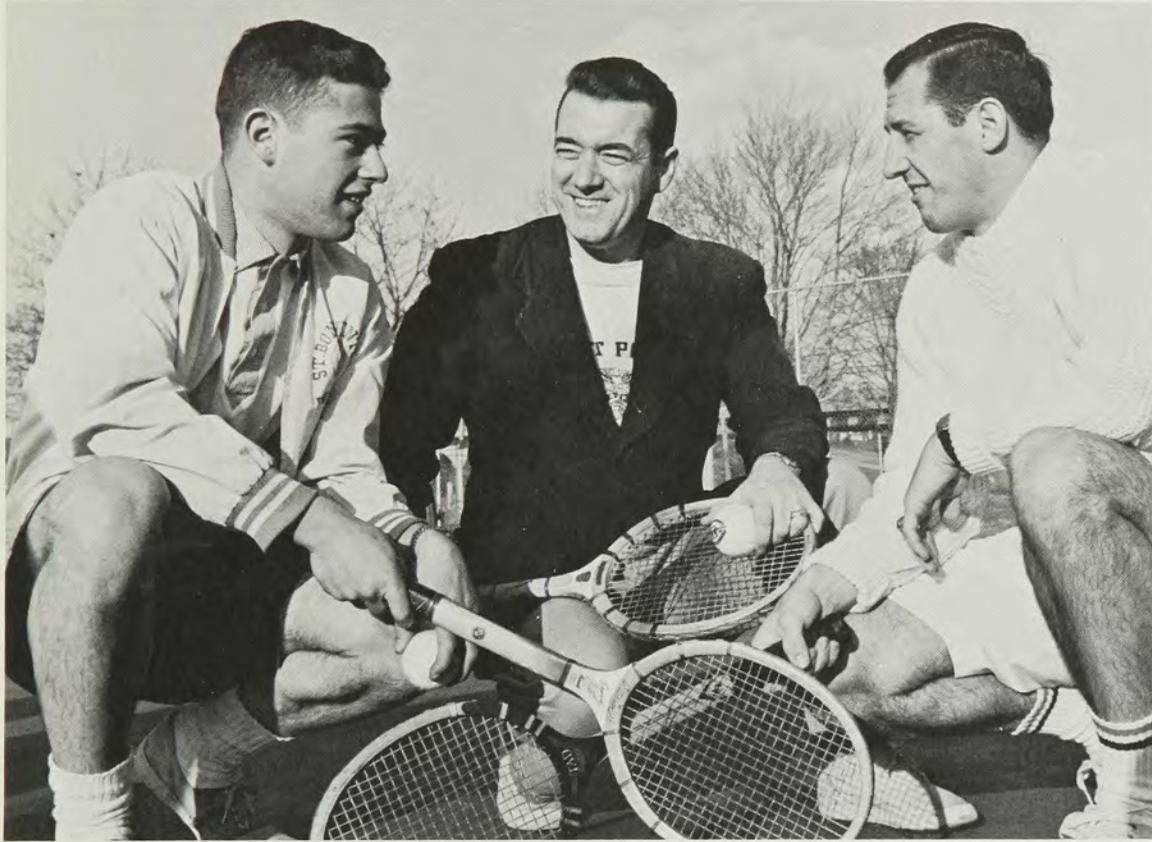

In his eighth season at the Bona basketball helm, **Coach Eddie Donovan** racked up 24 wins against only 4 losses. Despite two disappointments, the spoilers by Niagara and Wake Forest, 1960-61 went down in the record books as the Bonnies' best season on the hardwood. In the national polls the Brown Indians stood near the top from the time the season began until it ended. But win or lose, Coach Donovan's team was always a pleasure to watch. Both the fast-paced, exciting brand of ball and the sportsmanlike way in which it was played can be credited to Eddie Donovan, every Bonaman's Coach of the Year.

This is just a note of thanks to our many patrons. Without their considerate help, this annual might never have gone to press.

Through the thoughtful generosity of these people, the staff of the *1961 Bonadieu* has been able to present what we hope is a remembrance enhancing the memories of a real "Alma Mater."

The mere listing of the names of those who contributed to the success of this yearbook is meager recognition indeed. On behalf of the entire *Bonadieu* staff, we would like to sincerely thank our patrons for their appreciated answer to our plea.

William Ramsay  
*Patrons Manager*

*Editor-in-Chief*

# THANK YOU

This would seem the correct place in such a publication as the *1961 Bonadieu* to take a moment out and express a feeling of many thanks.

The top of the list belongs to Fr. Robert Gavin, O.F.M., the understanding moderator of the *Bonadieu*. Many afternoons and evenings his office rang with a frustrated editor's cry, "We have a problem!" And each time Fr. Bob had the answer, always tempered with that needed reassurance. We all give a tip of our hats to this Franciscan.

Pencils, paper, rulers and lay-out sheets were some of Rudy Kammerer's tools. The countless hours Rudy spent in the office surely ran up the electric bill. Originality and deep interest were always part of the Layout Editor's personality.

"Hold it! . . . Where is this available light? . . . How about this shot, Ernie?" I wonder how many times Bob Meteyer said these lines. This photo editor was seldom seen without his camera. Bob's skill and hard work is attested to in this volume.

Bill Ramsay attacked many people with the pitch, "Want an ad? . . . Be a patron?" His efforts were well rewarded. Those rainy, snowy, dreary, cold afternoons saw Bill and his boys, Pete Hart, Freddy Curran, and Al Capuzzi, trudge into the wilds to make the *Bonadieu* a financial success.

Trips to the post office for stamps and to the bookstore for typing paper were daily jaunts for Don Hutton. The yearbook staff definitely owes this secretary a new ribbon for his typewriter.

The job of selling our book belonged to Fran Miller and his staff. Heading up the largest single staff in the *Bonadieu* organization, Fran did an amazing job. Facts and figures were always ready when called for. Thanks to this group of "high pressure" people, sales problems were eliminated.

Paying the bills, checking the price and saying "You can't spend that much!", were everyday duties for Vin Palmiero. Trying not to spend money on red ink, the Business Manager supervised the money activities of our group. Looking at the last balance sheet, I think he did well.

The red Rambler without a muffler made many trips into town for those emergencies. Chuck Truax did more than the art work for the book; many times he made it possible for us to meet the deadline—even if sometimes he did leave his wife standing in the rain.

The Olean Times Herald enabled us to have all those pictures. George Leon, OTH photographer, told us that he took more than exposed film from the Kids' Christmas Party; a good spirit. We owe a great debt of thanks to the entire Times Herald organization.

"Frank, how soon can we have those pictures? We need them yesterday." Frank Siclari at the Camera Center helped us every inch of the way. Developing

and printing pictures on one hour notice was Frank's friendly way of answering our question.

We could never have had those action shots of the NCAA if it weren't for Jack Ritzenthaler and his connections. The number of times throughout the year when he was of help to us cannot be totaled.

A little extra thanks goes to Prof. John Skehan for his cooperation when we needed pictures of the various teams on campus. Surely some of these groups would have been overlooked if his help in reminding and scheduling had not been constant.

The Chairman of the Department of Journalism shared his limited time with the *Bonadieu*. Dr. Russell J. Jandoli contributed his skill to the Advertising and Patrons campaigns of Bill Ramsay. There is no doubt that his advice on letters and approaches helped make this aspect successful.

Seminarians are part of the University. But because they live down the road a bit, there are problems in contacting them. Fr. Roche Knopke, O.F.M., eliminated most of these difficulties for us.

Fr. Brian, as he is known to most students, cooperated with the yearbook editors fully. His time is limited, and yet he never failed to fit us into his day. Several times, the President of the University received a phone call asking him to be at a particular place in twenty minutes. He was there. The entire staff thanks the Very Rev. Brian Lhota, O.F.M., for the privilege of dedicating the book to such an individual.

Members of the *Bonadieu* had more dealings with Fr. Cornelius Welch, O.F.M., than just those concerning overcuts. Fr. Cornelius' interest in photography led us to many pictures which we otherwise would not have had.

"Thanks a lot, Don." This seemed to be a statement which was used over and over. Don Messinger, our publishers representative to St. Bona's, was always as close as the phone. Several times during the year, he came into the office and gave that extra advice and spark which was so often needed.

It would be impossible to mention each member of the faculty to whom we owe a note of thanks. Every department head and department member cooperated to the limit with the *1961 Bonadieu*. The new faculty and administration pictures show this. A bow to these gentlemen.

Finally, I am able to thank the more than forty college people who spent innumerable hours doing countless tasks so that the *1961 Bonadieu* might come to be. I think they can be proud of what their unselfish work has put before you.

These people I thank for their cooperation. But more than this, I thank them for having allowed me their association.
