# DEDICATION

Shane T. Colligan  
*1980-2003*

St. Bonaventure University lost a very dear member of its community on March 21, 2003, when Shane T. Colligan of Wellsville, N.Y., unexpectedly passed away just 50 days before graduation. Living on his second heart transplant, it turns out that Shane just had too much love to give and not enough days to share it.

At 23 years old, Shane touched many lives and accomplished more than many people ever will. With an infectious personality and enthusiasm for life, Shane was well known and loved by everyone he came in contact with. As an anchor and news director at the campus radio station, WSBU-FM The Buzz, editor in chief at The Bona Venture newspaper, prose editor for The Laurel, and an active member of the Campus Activities Board, he also found the time to be involved in his hometown community. Despite how crazy his schedule was, Shane always found the time to be a friend.

Intent on pursuing a career in journalism, Shane epitomized everything necessary to be a successful journalist. He had passion and dedication, not only for his work but for life. With his smiles and big hugs, his jokes and the "Shaneisms" he will never be forgotten. Although he won't be seen bouncing around campus or running around The Bona Venture offices, Shane T. Colligan will always be with us. Like an angel, he came in quickly with a burst of light, and left just as quick. He is the guardian angel of St. Bonaventure University and the class of 2003. Wherever life may take you, know he will always be with you.

The Bona Bubble has provided a zone of comfort over these past four years. No matter what's going on in our lives, we can always count on Bona's. Offering a large and caring family, Bona's is the ideal place to learn in class and about life, at the same time offering distractions that separate Bonaventure from the rest of the world.

# Let the countdown begin...

After three years, senior year is the time when many of us prepare to say goodbye to Bona's and our college years. Although four years of classes are almost over, the memories, laughter and friendships continue. Although the relationships will continue over the years, the "Days" events are a great opportunity for the seniors to get together and celebrate each of the memories shared. With 200, 100 and 50 Day celebrations, this fun countdown until graduation reminds each of us of how time has flown by, and how quickly graduation is approaching.

# Seniors

It's finally here: college graduation. A day that has been anticipated, and dreaded by some. Moving on from Bona's and making life adjustments, go confidently in the direction you choose. You have seen it all, lived through it all and managed to come out on top. It is your St. Bonaventure experience that sets you apart from everyone else. Now, as the class of 2003 prepares to venture into the world, keep those memories close to your heart. And always know that your Bona family will be here for you.

What is the most important thing you have learned in college?

"I have learned that each person is very different from one another and you can learn a lot from your friends!"

"True friendship."

"The most important thing I have learned at Bonaventure is to appreciate true friendships."

"Time management, how to be an adult (Mom and Dad were right!), to know it's OK to think for myself, and that friends, true friends, are more precious than anything."

"All things come with time and patience."

## “Do you have any pictures for the yearbook??”

Many of the seniors have heard that line come from many of our staff members. Although we might become a nuisance at times, we put this book together with love for our school and for you, the graduates. Thank you for your patience, cooperation, help and support over these past four years.

We hope that you find the Bonadieu yearbook as something you will treasure in your future. As you march forth into the world, remember your St. Bonaventure family will always be there for you. I hope you enjoy this yearbook as much as we loved putting it together for you!

Congratulations and God bless!

# The BonaVenture

Robinson/Falconio Hall is home to St. Bonaventure's campus newspaper, The BonaVenture. The student staff, made up of students of all majors, creates and distributes hundreds of copies of the paper each Friday for the campus community. They put in long, and often late, hours to keep Bona students informed and up to date about campus and local news entertainment. The paper is the eyes and ears of the school, and St. Bonaventure depends on them!!

The Campus Activities Board is responsible for booking events to entertain the campus and the community. With the help of Student Activities, this past year CAB has brought big names such as Anne Murray to perform for a Christmas concert, parapsychologist Peter Jordan for a Halloween talk about ghosts and the afterlife, and Dan Moldea, an investigative journalist who came in October to talk about covering the mafia in the media, among others. They also help to book big name celebrities for our wonderful concerts like the Goo-Goo Dolls, Willie Nelson and the Counting Crows this past year. With such a great board, wonderful people and amazing ideas, the Campus Activities Board helps bring fun events to campus.

Students for the mountain(SFM) is one of the only clubs on campus that truly gives students a stress-free atmosphere away from campus whenever it gets together. The members take different trips to places and involve other communities whenever possible. This club is great because it involves anyone who wants to join. So if you're into relaxing and having a nice peaceful time, SFM is for you!

# The PRS

The Public Relations Society is a newly formed club on campus. As one of the up and coming majors for the School of Journalism and Mass Communications, public relations is an interest of many students on campus.

The Society is designed to educate and provide the opportunity for students to network, travel, hear and learn different aspects of the world of PR. Teaching that PR is not 'the dark side' as some refer to it as, these students love what they are learning and are eager to develop the society in the upcoming years.

# The Warming House

## Students volunteer their time to help the community

St. Bonaventure's Warming House is the oldest student-run soup kitchen in the nation. Located at 110 W. State St., anyone can go help out at anytime. This past year, even Santa Clause stopped by with a few trucks to help stock up the pantry! The trucks arrived carrying thousands of items of food collected by students of St. Joseph's Collegiate Institute of Buffalo, N.Y. The students and staff of St. Joseph's have been collecting and supporting SBU's Warming House for more than 20 years. The Warming House also remains stocked thanks to

local support and generous donations from Wal-Mart and its employees. This past holiday season, Olean's Wal-Mart donated \$3,000 to the soup kitchen. The generous contribution was much appreciated and served the house well. Feeding at least 50 people around dinner time daily, there are plenty of mouths to feed. And thanks to these wonderful students and the support of the community, there are always smiling faces and helping hands to make the work go smoother.

Above, Jamie, Loralie, Christie and Courtney enjoy the wonderful weather while taking a break from serving food at the Warming House.

# Finance Club

The St. Bonaventure Finance Club is one of the most fun and beneficial organizations on campus. The 50 or so business majors involved participate in numerous community service projects such as the Festival of Trees and the Olean SPCA. They also helped to organize a networking event called Wall Street Comes to Bonaventure. The club raised a record amount of money this year through a successful fund-raising project with alumni. This covered expenses for both the fall trip to New York City and the spring trip to Chicago. A book compiling the resumes of the members is also distributed to alumni. All in all, the club enjoyed a very successful and fun school year!!

# Vocallusion

Vocallusion is a women's singing group on campus. The dozen members have performed for the nursing home in Olean and the Motherhouse is Allegany. They have also done volunteer work for The Warming House in Olean. Their most recent act was performing for the legendary Julie Andrews when she came in April 2003. The group has formed a tight bond of friendship over the years and they have enjoyed performing and singing for various organizations!!

# The Army

## Reserve Officer Training Corps

### & its proud lineage at St. Bonaventure University

The Army ROTC has had a proud lineage and supportive relationship with St. Bonaventure University beginning in 1936 when Fr. Thomas Plassmann, then the university president, submitted an application to the United States War Department requesting the establishment of an ROTC program on campus. Training began in September of 1936, and in 1939 the first class of seven Second Lieutenants was commissioned as United States Army Officers. During World War II, the Army Specialized Training Program (ASTP) temporarily suspended formal ROTC training when the university acquired the same status as an Army camp along with all of the rules and regulations in force as Army bases during the war. Robinson and Falconio residence halls were built as military barracks and are still used as residence halls today. At the end of the war in 1945, the pre-war ROTC program was again instituted at St. Bonaventure with all ROTC graduates being commissioned into the Field Artillery Branch. The year of 1970 saw many significant changes in the Seneca Battalion. The University Board of Trustees voted to make ROTC an elective, rather than mandatory as in the past years. New Second Lieutenants could now be commissioned into all branches of the Army instead of just Field Artillery.

## Taking leaps outside of the BonaBubble and into the great outdoors

Do you like to get away from the stress of life? Do you enjoy the outdoors and spending time with friends? Then the Bonavoyageurs might be for you! This group is open to all students and its purpose is to have fun while enjoying the outdoors. Although day trips are more common, the Bonavoyageurs also offer overnight camping trips. Excursions include visits to popular local spots such as Allegheny State Park, Allegheny

National Forest and the Niagara Climbing Center. Winter activities offered include snow-tubing, skiing and snowboarding, while the nice weather of spring takes Bonavoyageurs and their friends white-water rafting. There are numerous other activities that this fun group offers, but no matter what they do, this wonderful outdoors club always has a great time!

# Medical Emergency

The Medical Emergency Response Team (MERT) is a campus organization that provides optimal, although temporary, emergency medical care to any person injured or stricken by illness within the boundaries of St. Bonaventure. Most of the members of MERT have an interest in the medical field and are certified with CPR or as an EMT.

MERT members assist with blood pressure screenings and volunteer their services at University hockey games, concerts, and other campus events.

This beneficial organization is strictly volunteer and the students who participate have a wonderful time. The students of St. Bonaventure are very fortunate to have such friendly, skilled people dedicating their time and services to keep a safe and healthy atmosphere.

## Fall concert sold out as headliners come to SBU

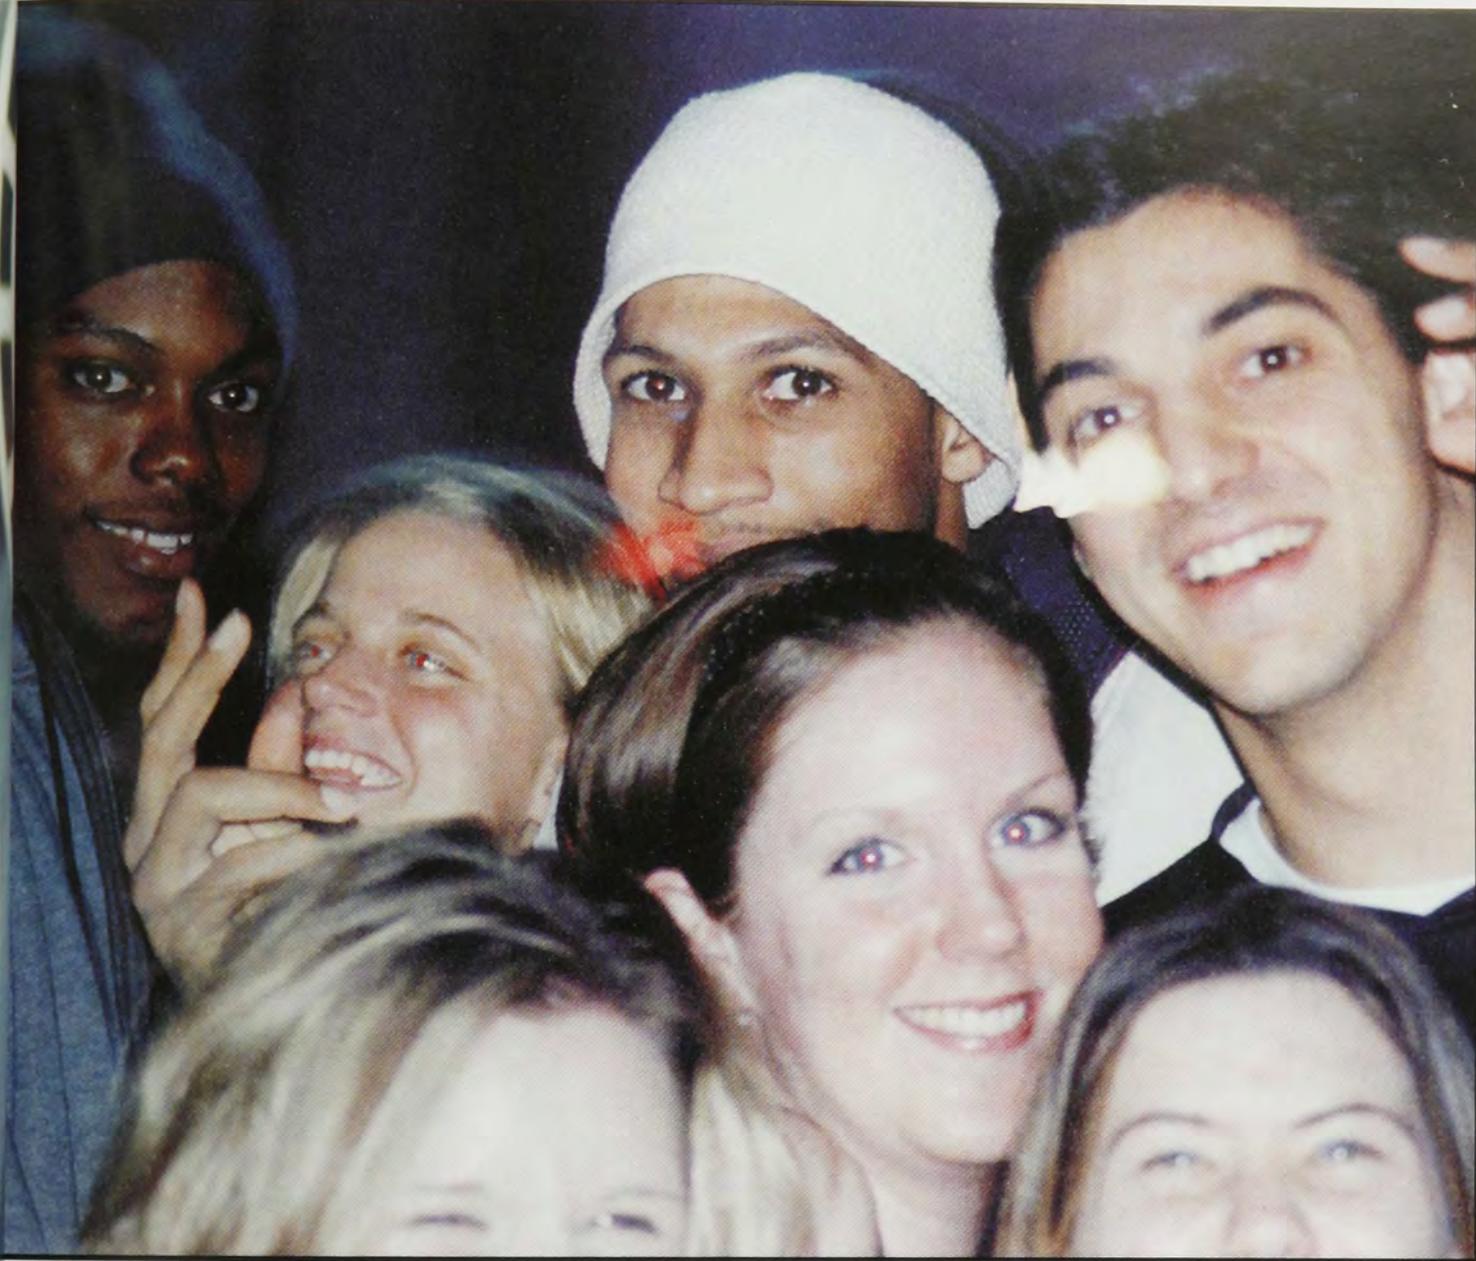

Bona students went "ga ga" for the Goo Goos on Thursday, Nov. 14. The pop sensation came to campus along with Lisa Loeb to perform for the community's fall concert series. Sponsored by CAB and 88.3 the Buzz, the crowd was very excited to have the Buffalo-based band stop for the night on their tour. They sang new songs and old time favorites including "Slide," "Iris" and "Broadway," among plenty of others.

Students definitely appreciated the show. Having both Lisa Loeb and the Goo-Goo Dolls come to campus was quite a treat. Big names enjoy playing for such welcoming and spirited students and fans!

## Kicking off Bona's sports with the community

In place of Midnight Mayhem, the St. Bonaventure sports teams put on a powerful show that rocked the Reilly Center in October 2002. The festivities of the afternoon were for Bonnies' fans of all ages as students, family, friends and area residents came out for a sneak peak at what is in store for 2002-2003. The main events were the basketball team scrimmages, slam dunk contests and 3-point shoot-outs with audience members. More than 750 people gathered in anticipation and cheered on the teams. Knowing there is so much support for the

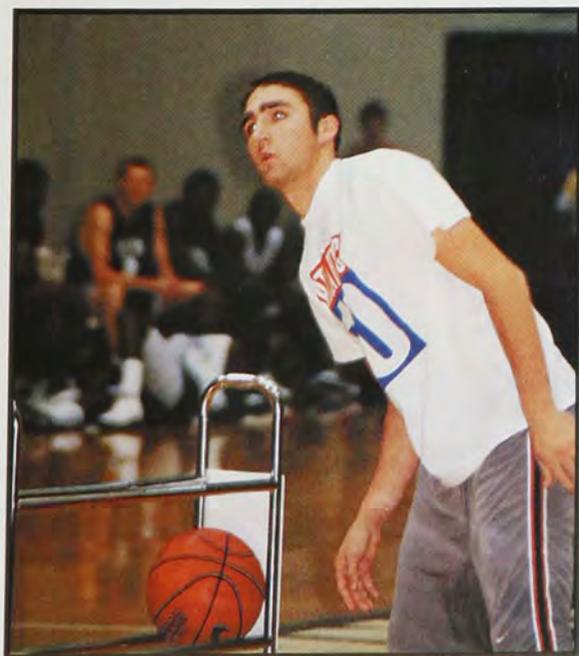

teams definitely encourages the players throughout the season, but we all know there is nothing like the Bonnies spirit!

This year's seniors got a head start to celebrating their final two semesters of school with their classmates. For Thursday night of the prom, students chose a Mardi Gras theme to kick up the festivities. Friday night's theme was Mafia Night. Saturday night is traditionally formal night, so students spent the day dressing up in their black-tie finest for a night at The Old Library Restaurant in Olean. Everybody had a great time dancing all night long. It was the perfect way for the juniors to usher in their senior year!!

## ---Spring Weekend 2003---

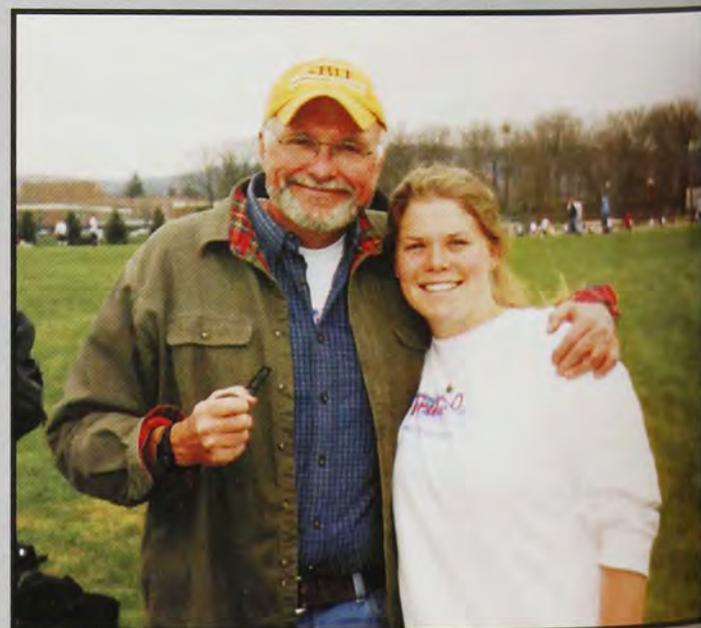

The Spring Weekend festivities began on Tuesday, April 22, with incredible games by our Division I baseball, softball and lacrosse teams. Following the games, the legendary "John & Mary," formerly of 10,000 Maniacs, performed at The Regina A. Quick Center for the Arts. Wednesday brought another fun-filled athletic day with Bonnies Baseball playing against Niagara and then the Basketball Bonanza in the Reilly Center to salute our graduating basketball players.

The 5th Annual Rick Farina Softball Tournament began on Thursday, April 24, with dozens of teams rushing to the fields in their quest for the championship.

As students release the stress of the past year, Spring Weekend is the last chance to hang out with friends before end of the year finals and then leaving for summer vacation. With various socials, bands, free food and movies, the annual Spring Weekend was once again, the hit of the year for Bona's students.

Athletics allow the chance to bond with other students, become part of a team and create unforgettable memories in the process.

In addition to having some of the best teams in the Atlantic 10 division, SBU student-athletes graduate among the best in the country with an 87 percent graduation rate. These amazing students work hard both on and off the field and court. Go Bona's!

# Paradise Jams Tournament

The men's basketball team had its season opener this year on the beautiful island of St. Thomas in the U.S. Virgin Islands. The Bonnies played against Virginia Tech, Brigham Young University and Michigan from Nov. 22-25, 2002. The games were held at the University of the Virgin Islands Sport and Fitness Center.

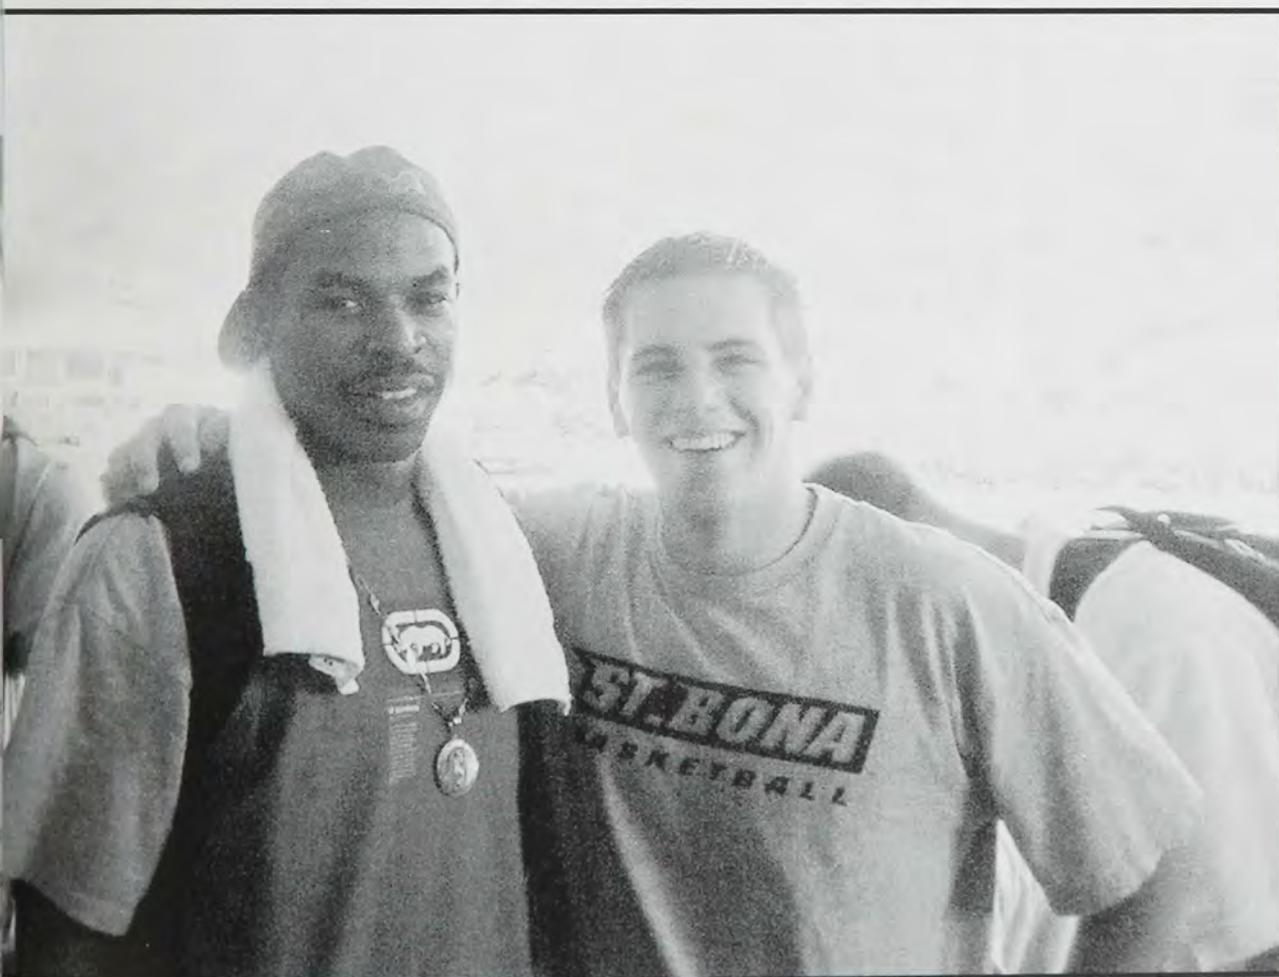

This ultra-competitive week led to a wonderful season start for SBU. The Bonnies pulled out with two wins and left the island with tremendous enthusiasm for the upcoming season. After the great bonding experience, the men came back with a new attitude and a great idea of what to expect for the upcoming year. From the looks of these pictures, they seem to have had a great time and managed to relax in the sun. Work hard, play hard; it seems to be a great motto for SBU's Bonnies!

# Men's Soccer

The men's soccer team was led to a 6-10 victory this past season by senior captains Johnny Phoumanny, captain Daryn Keddell, Kareem Reynolds, Bob Hammer, Mike Curran and Justin Ross. Under the direction of head coach Bill Brady, the team provided strong leadership skills for the underclassmen players. Their strong skills helped lead them to many victories and national recognition this season as freshman Andy Garcia was named to the Canadian Under-20 National Soccer Team. Garcia is just one example of the talented players we have representing our school. There is great potential for the sports programs at St. Bonaventure, and the soccer team definitely holds a promising future.

## Girls earn NSCAA Team Academic Award

The St. Bonaventure womens' soccer team has earned the National Soccer Coaches Association of America Team Academic Award for 2001-02. This is the third time in the last four years the Bonnies have been honored.

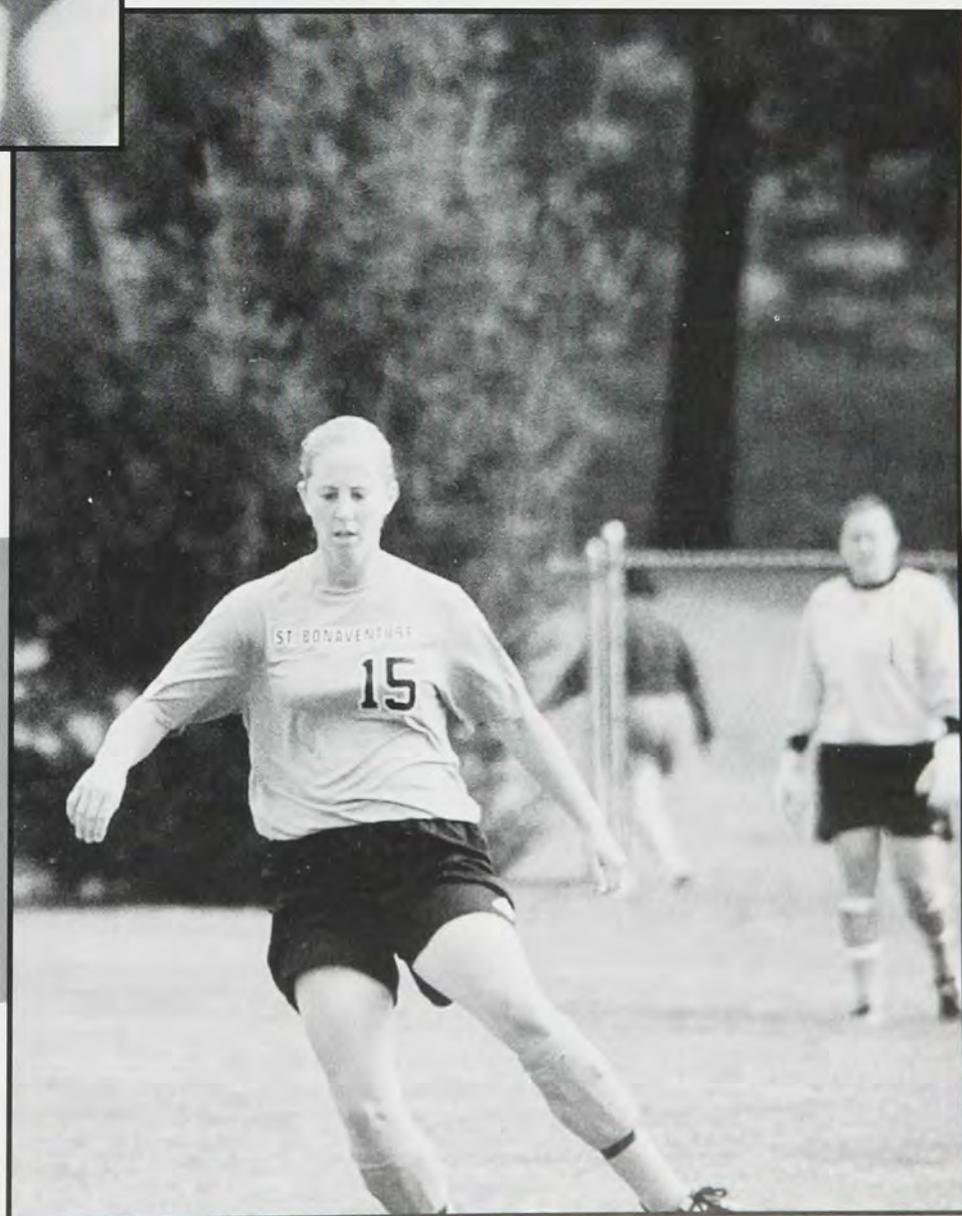

The award recognizes teams that earn a 3.0 or higher grade point average for an entire academic year. St. Bonaventures' women had a mark of 3.19. A total of 213 women's teams were honored, including 95 in NCAA Division I.

We are very proud of our young women for what they have achieved both academically and on the soccer field, said second-year coach Dan Magner, who led the Bonnies to a 10-9 mark in 2002. They make great sacrifices in order to be well-rounded people. We are thrilled to again earn this award from the NSCAA. The female athletes continue to make the Atlantic 10 Commissioners' Honor Roll, which recognizes student athletes with a 3.0 or better.

Congratulations to all of our soccer players! You make us very proud!

## High goals set standard for women's tennis

Led by top returning players and co-captains Michelle Kearney and Jennifer Iannone, as well as junior Amanda Pesono and sophomore Natalie Rumpel, the veterans maintained a positive outlook for the year.

With constant improvement and true dedication, the roster for the team was strong for 2002-2003. The team's dedication was also shown this year in the recent V Foundation Weekend. In conjunction with the men's tennis team, the Bonnies assisted with the Foundation through a program called "Help Cancer Meet Its Match." By having fans pledge a donation for each set the team wins, Bonaventure contributed to the \$24 million raised. The V Foundation was founded by ESPN and the late Jim Valvano in 1993.

Congratulations to the Bonnies for showing such a high standard both on and off the court!

## Rockin' the Reilly Center

The 2002-2003 men's basketball team rallied together this season to prove that nothing can defeat the Bonaventure spirit. The brown and white Bona pride was shown both on and off the court by the men. Led by Patricio Prato, Joe Shepherd, Robert Cheeks and assisted by senior student manager Tim McArdle, the graduating seniors contributed greatly to give this team the experience needed for future success. With nine home games, the entire community was behind them and ready to rock the Reilly Center at a moments notice. Congratulations to each member of the team for being so dedicated and for making such a great effort this season. GO BONA'S!

# Men's Tennis

**Vili Nurmi**

Sport: Tennis

Year: Senior

Hometown: Lahti, Finland

High School: Lahden Lyseo

Major: Marketing

Accomplishments:

- Three times an Atlantic 10 All-Conference selection.
- 2000-01 Atlantic 10 Most Outstanding Player.
- Helped Bonnies to 2001 NCAA Tournament berth.
- 1999-2000 Atlantic 10 Rookie of the Year.

## Bona Student-Athlete Profile

Senior Vili Nurmi was recently named to the sixth ranked doubles team in the East by the Intercollegiate Tennis Association, but head coach Michael Bates hopes his star player can lead the Bonnies to team success as well.

"What we shoot for every year is to win the A-10s, and our main goal is to make it back to the NCAA's," Bates said.

Nurmi, along with doubles partner Mario Arce, went 7-4 in doubles in the fall season with two wins over nationally ranked opponents.

Nurmi has played at the No.1 singles and doubles position throughout his four year career at St. Bonaventure. He earned A-10 Rookie of the Year honors in 1999-2000 and was named A-10 Most Outstanding Player in 2000-2001, when he helped the Bonnies to their first ever NCAA Tournament berth.

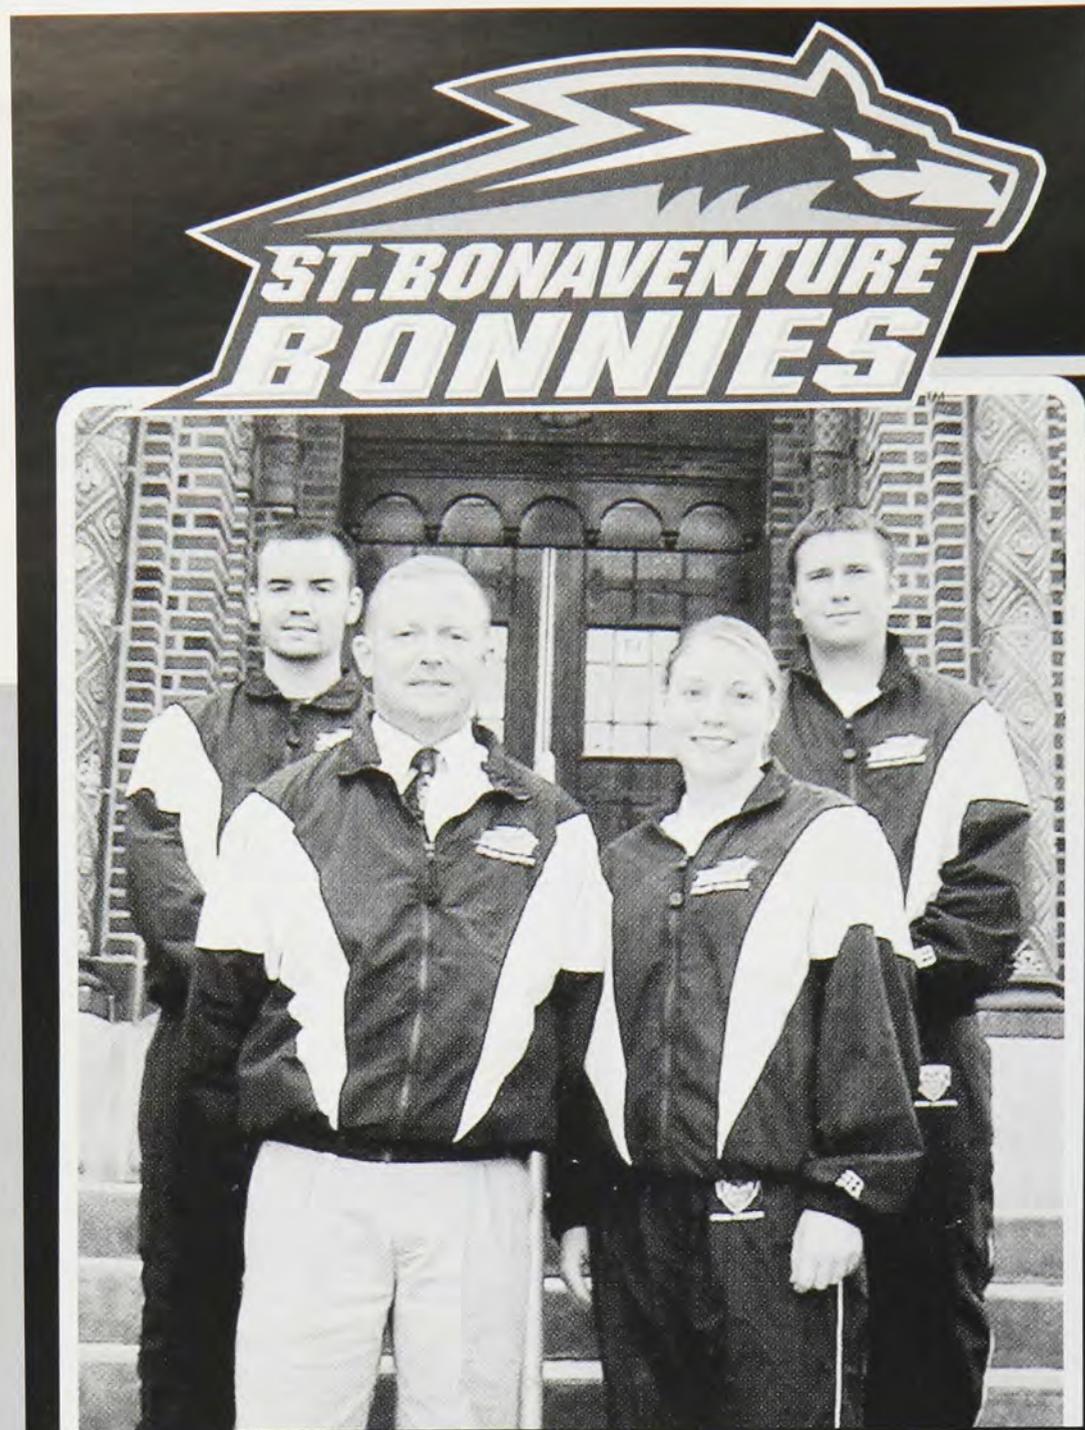

Bates feels Nurmi's success on the court also helps make him a leader for the rest of the team.

"A lot of the guys look up to him," Bates said. "He and Mikko (senior Mikko Haulos) were the only two to make it to the NCAA's."

Bates feels Nurmi has improved a great deal in his career, and hopes he can finish with a strong senior season.

"He's improved a lot and come a long way," Bates said. "He struggled a bit in the fall but hopefully he can turn it around in the spring."

## Striving for Success

St. Bonaventure mens and womens cross country teams completed their season at the Atlantic 10 Championship, which was hosted by Duquesne University at Schenley Park in Pittsburgh on Nov. 2, 2002. Freshman Paul Nettle was again the top Bonaventure mens finisher, placing 68th out of 108 runners with a time of 27:30. Nettle was the Bonnies first place finisher in all seven of their races this season.

Freshmen Jason Schultz and Domenico Amodeo finished with times of 28:29 and 29:10, respectively.

Shultz finished 91st and Amodeo 99th.

On the womens side, freshman Mary Town placed 98th of 116 runners with a time of 20:49. Freshman Brenna Fasko finished with a time of 21:58 and placed 111th, while sophomore Sarah Wall ran a 22:18 and finished 112. Both women finished with season-best times.

These runners gave their all at each meet. Training and practicing with all their heart, they know what it truly means to be a Bonnie.

## A young, promising future for Bonnies Golf

With a strong season following them from 2002, the members of the golf team were extremely excited for the 2003 season. After finishing in fourth place at the Atlantic 10 Championships, the young team tied Bonaventure's best ever finish at A-10s.

Head coach Steve Campbell relied heavily on the experience of sophomore MVP Jay Lindell. Lindell, who was also named A-10 Rookie of the Week four times during his freshman year, helped to carry the team to capture many titles this year. With the contributing experience of juniors Jeff Tracy, George Thomas, Mike Schall, Vincent Puglia and Chris Lucas, sophomore Jon Gonzalez and freshmen Josh Anderson, Mark Buscaglia, and Brian Pavlock, this team is destined to capture many more titles for the Bonnies in the near future!

# Bona pride at its best!

With their smiles, cheers, chants, stunts, jumps, tumbles, dances and talent, the St. Bonaventure cheerleading squad was a powerful unit at basketball games. Encouraging the crowd to get into the Bona spirit and cheering on the players to victory, these girls were definitely the spotlight of attention during games. Their brown and white pride was always evident for fans to see, and was something that was counted upon by

students, faculty, players and community fans. The hard work and effort these girls put forth was definitely noticed at each game. With their contributions, the fans were livelier and there was hardly ever a moment of silence in the Reilly Center at game time.

# SBU DANCE TEAM

The Dance Team entertains the Bonnies fans at basketball games with energetic and enthusiastic performances during halftime and time-outs. This year they had the opportunity to step in for a more vocal role at the basketball games. Although the position came up unexpectedly, the girls were able to pull together under the pressure and create new dynamic routines. In their spare time they travel up to Mt. Irenaeus where they are secluded from everything and are able to bond as a team.

## They don't 're-lax'

The Bonnies women's lacrosse team had a strong winning streak this season, and its no wonder why! Under the strong leadership of Tony Zostant, who was named Women's Lacrosse Coach of the Year, the girls had numerous achievements and many great games.

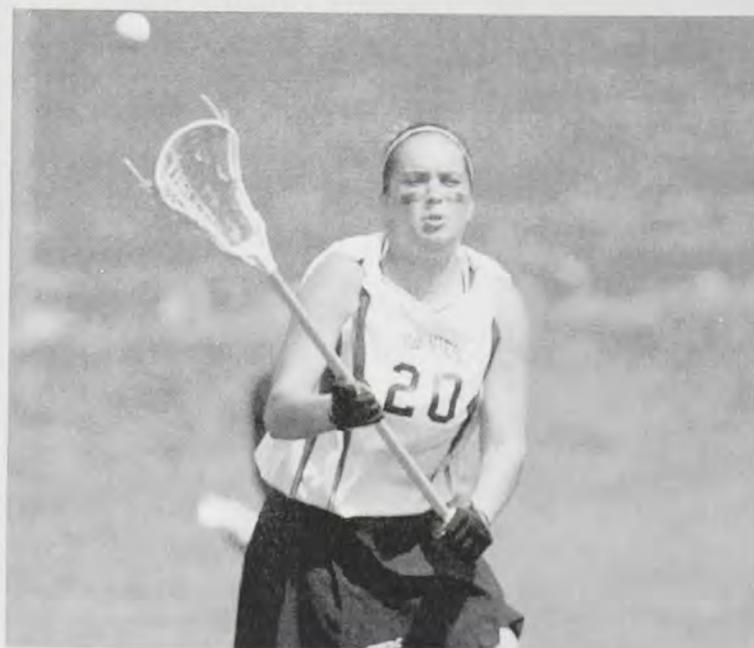

Constantly improving on past seasons, the strong leadership of the veterans and the new talent of underclassmen contributed to an amazing season. With such strong potential, keep your eyes peeled for great things from this young women's lacrosse team.

# Did you know ...

the cellar of Alumni Hall was the birthplace of the bunt? St. Bonaventure coaches John McGraw and Hughie Jennings would have their men take batting practice in the dim light. Unable to take a full swing because of the distance and the lighting, batters would pull their swings. The result was the bunt.

Both McGraw and Jennings saw its surprise advantages and decided to incorporate it into the Baltimore Orioles' 1982 season.

Above, the outfield prepares its defense during a spring practice.

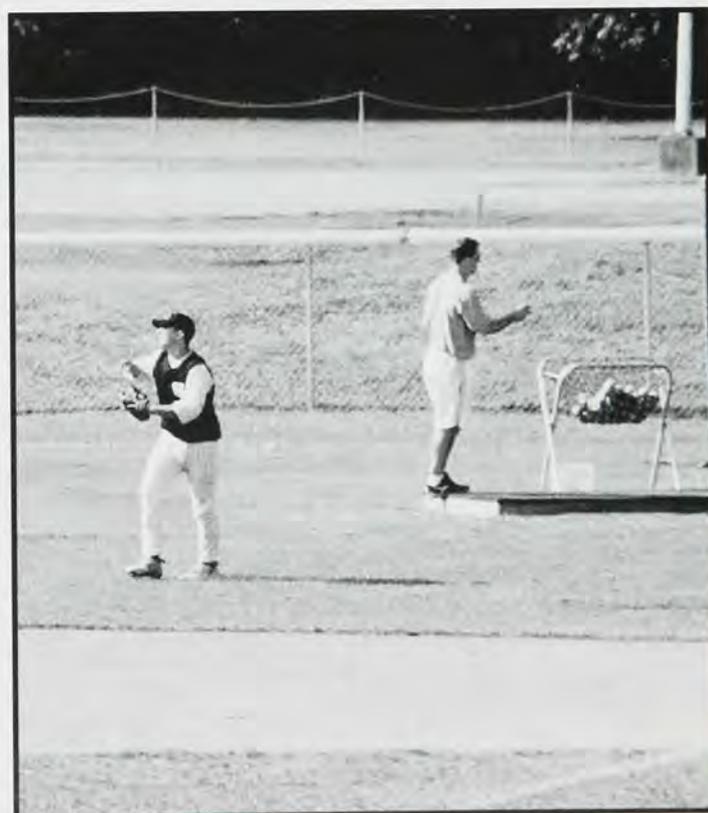

## Sliding into another Atlantic 10 East Championship

The mens baseball season has a strong tradition of success. With several past players making it into the pros, the Bona heritage seems to continue.

Under the strong coaching skills of Head Coach Larry Sudbrook, the men's team was favored to repeat a victory as Atlantic 10 East champs. This decision came from a preseason poll of the conference baseball coaches.

The consistent achievements of the baseball team has carried the champions from season to season. With such a strong past and a promising future, these boys have what it takes to make it to the top!

Congratulations to the women's softball team on another victorious season. The 2003 Bonnies looked to the leadership of the talented seniors, as well as the young rookie talent the team possessed. "This is unlike any team in St. Bonaventure history, said head coach Mike Threehouse. "This team can't be compared to any team we've had in the past. They have the opportunity to be the best."  
With a strong lineup and an impressive defense, the season was a huge success filled with great memories and incredible wins for the ladies.

# Faculty

When a student or alum thinks about the characteristics that distinguish St. Bonaventure from other institutions, one of the first aspects is the close student-faculty relationship. The accessible faculty and staff are always there with a smile to help students, whether it is assistance with homework or just listening. At Bona's, the teachers are also our friends ... what else could a student ask for!

*Former President*

In his nine years at St. Bonaventure University, Dr. Robert J. Wickenheiser has strengthened the core values of the institution, and at the same time re-emphasized the school's Catholic roots in its Franciscan tradition.

The Wickenheiser administration had accomplished several

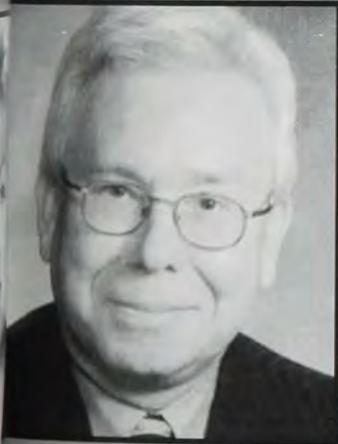

successful programs and plans for the University. During his time in office, Wickenheiser implemented Clare College, expanded University Ministries, initiated the position of Vice President for University Ministries and was supportive of the development of the Franciscan Center for Social Concern.

He oversaw the \$1.8 million F. Donald Kenney Museum and Art Study Wing at The Regina A. Quick Center for the Arts, as well as renovated the Garret Theatre and Butler Gymnasium. He was instrumental in the purchasing of the Castle Inn property and orchestrating plans for both a new campus residence hall and the Richter Center, a recreational facility to be completed by 2004.

As the first lay president of St. Bonaventure, he accomplished a great deal in the expansion and development of the Univeristy.

# School of Business

## Marketing Department

Incorporating a global perspective and maintaining the Franciscan tradition, St. Bonaventure's School of Business produces some of the industry's leading businessmen and women. With opportunities for information systems professionals expected to increase, the new business information systems curriculum draws on the traditional areas of computer science and business administration. The functional areas of business — such as accounting, economics and marketing — are paired with the development and implementation of the business information systems. And with such stiff competition in the job market, the Business School also offers students to further their education by pursuing their MBA in just 5 years!

With such an excellent education and a hands-on learning experience, it's no wonder why Bona graduates are so successful in their chosen professions!

For over 50 years, the Russell J. Jandoli School of Journalism & Mass Communication has instilled an ethical practice of journalism in its students. Remaining true to the vision of Dr. Russell J. education, childhood, elementary and special education, these soon to be teachers are taught diligently and become prepared for anything after graduation. Working in the classroom, tutoring and observing students, professors accomodate each education major with experience that sets them apart from other schools. By graduation, students are prepared for a challenging and creative career using creativity and traditional teaching methods. They definitely will make an impact on the future, making a difference and influencing the lives of students all over the country.

# The School of Liberal Arts

The School of Arts and Sciences is one of the larger schools at St. Bonaventure. Despite the increasing enrollment, the class sizes remain small and students can receive the individual attention needed. With the dedication of the faculty and staff, students walk away from the school of arts with a greater appreciation for cultural differences and varieties. Nurturing the artistic students on campus through

the languages, history, English, visual arts, music, theater and much more, each student has some basic knowledge of the arts before graduation. Successful artists, actors and professionals have graduated from the school of arts, and their talent is carried on through the other students as they pursue their education in the arts.

arts based university. In 1995, the faculty decided to create Clare College in order to ensure the integrity of the core and provide a shared intellectual experience for its undergraduates. Students in Clare College learn an appreciation of their history, culture, religion, and science, and they develop an awareness of other cultures and traditions. Having completed this curriculum, students will be better prepared to be intelligent and moral citizens of the emerging global community of the new century.

# Life at Bona's

Each student knows there is something that makes St. Bonaventure unique. And it's impossible to narrow it down to one specific aspect. Whether it's hanging out with friends, going to Forum, dance parties at the 'Skeller, grabbing a Burton Burger, going to Sunday evening Mass at the chapel and even just walking from classes, we each have a sense over the course of the day of how lucky we are to attend such a wonderful institution. Nestled in the Allegheny Mountains, St. Bonaventure is tucked away in Western New York. It's our little secret, and we're in a world of our own.

University Ministries organized a service trip to Belize this year from February 27 to March. Ten students gave up their spring break to help the people of Belize, and they had an incredible time! On the trip were Brendan Cullinane, Michael Curran, Sandra Torrell, Peter Jablonski, Katherine Higgins, Michael Carnathan, Claire Schreiber, Nicole Carpenter, Abigail Krause, Lois Bennett, and chaperones Sarah Nies and Cheryl Parris.

The students branched out into a variety of ways to help the community. Working in schools, interviewing political candidates during the Belize national and local elections, as well as polling candidates and assisting in local medical work, these students definitely lived in the Franciscan tradition of serving others.

When they weren't working, the group was able to visit the sights of Belize and hear various speakers and lectures. Some sights include orphanages, Mayan ruins, and hearing the Bishop of Belize say Mass two times! Not only were the people of Belize outstanding, but the members of the trip as well. Memories of their Spring Break 2003 are captured on these pages, and it's safe to say an incredible time was had by all!

Tuesday,  
April 8,  
2003

The 13th annual Fr. Joe Doino Honors & Awards Ceremony is sponsored by the Office of Student Life and Student Government. It honors those individuals and groups at St. Bonaventure University who have made significant contributions to our community.

The award was renamed after Fr. Joe Doino, O.F.M., in 1995 for his commitment to the University. Fr. Joe was known for his talent as a teacher, scholar, musician, preacher and priest. He was the advisor to Student Government and served on the Student Government Awards Committee since its inception. As an active member of the community, the award honors all those who contribute to life at Bona's, living as Fr. Joe, St. Francis and St. Bonaventure did.

## Enriching the lives of others

The University was awarded a \$28,000 grant from IBM — one of only 20 awarded in the United States — to use IBM's Eclipse platform to develop a framework for a series of Web-based programming contests for high school students.

The grant was proposed and orchestrated by Dr. David B. Levine and Dr. Steven K. Andrianoff, two associate professors of computer science, this series of technological advances will supplement the annual Eastern Invitational Computer Programming Contest, for which St. Bonaventure welcomes high school students from all over the east coast.

The popularity of this contest is overwhelming and is "another example of how St. Bonaventure lives in the Franciscan tradition of community that lies at its core: enriching the lives of others through outreach to neighboring schools and communities, an outreach that will only be widened through the capacity of the Internet, said Dr. Robert J. Wickenheiser.

There will be four phases to this project, which will begin in spring 2003 and be completed by July. Even through technology, Bonaventure stands out and continues to live in the Franciscan way of life.

## Academic excellence

Above, Peach Anderson is the woman behind it all when it comes to the new Academic Excellence program on St. Bonaventure's campus.

Academic excellence and Franciscan values are the twin pillars of a St. Bonaventure education. "The University is making every effort to promote academic excellence. One powerful way of sending the message that we value academic excellence is to tie academic achievement to registration privileges," said Dr. Frank E. "Skip" Saal, vice president for academic affairs. Housing is another area which will be affected by the program.

A Housing Advisory Committee was formed to assist the development of this new campus wide project. Led by Petrea Anderson, the committee is made up of resident assistants, students, an SGA representative, and Director of Housing Sonia Ostrander.

Hopefully this will help students become more focused on their classes while assisting the living and registration process as well.

# Encouraging service

St. Bonaventure University is one of 39 colleges and universities nationwide — and the only one in New York state — to receive a grant from Lilly Endowment Inc. for programs to help prepare a new generation of leaders for church and society.

St. Bonaventure's grant of nearly \$2 million will support the Journey Project, an effort to create a campus culture in which the faculty, staff, administrators and students give serious consideration to issues of faith, service and vocation. The project's goals are to inspire some students to pursue religious careers in church leadership and encourage students who choose secular careers to understand their work and volunteer commitments as forms of ministry and become active lay leaders in their religious communities.

The research, planning and development of the Lilly proposal was prepared by a 13-member committee which includes:

Dr. Kate Brooks	Dr. Charles Coate
Sr. Mary C. Gurley, O.S.F.	Romy Knittel
Dr. Richard Knott	Dr. Kathleen Mason
Prof. Larry L. Orsini	Fr. Dan Riley, O.F.M.
Dr. Christopher D. Stanley	Fr. Jud Weiksnar, O.F.M.
& students	
Timothy McArdle	Jason Purdy
Renee Willey	

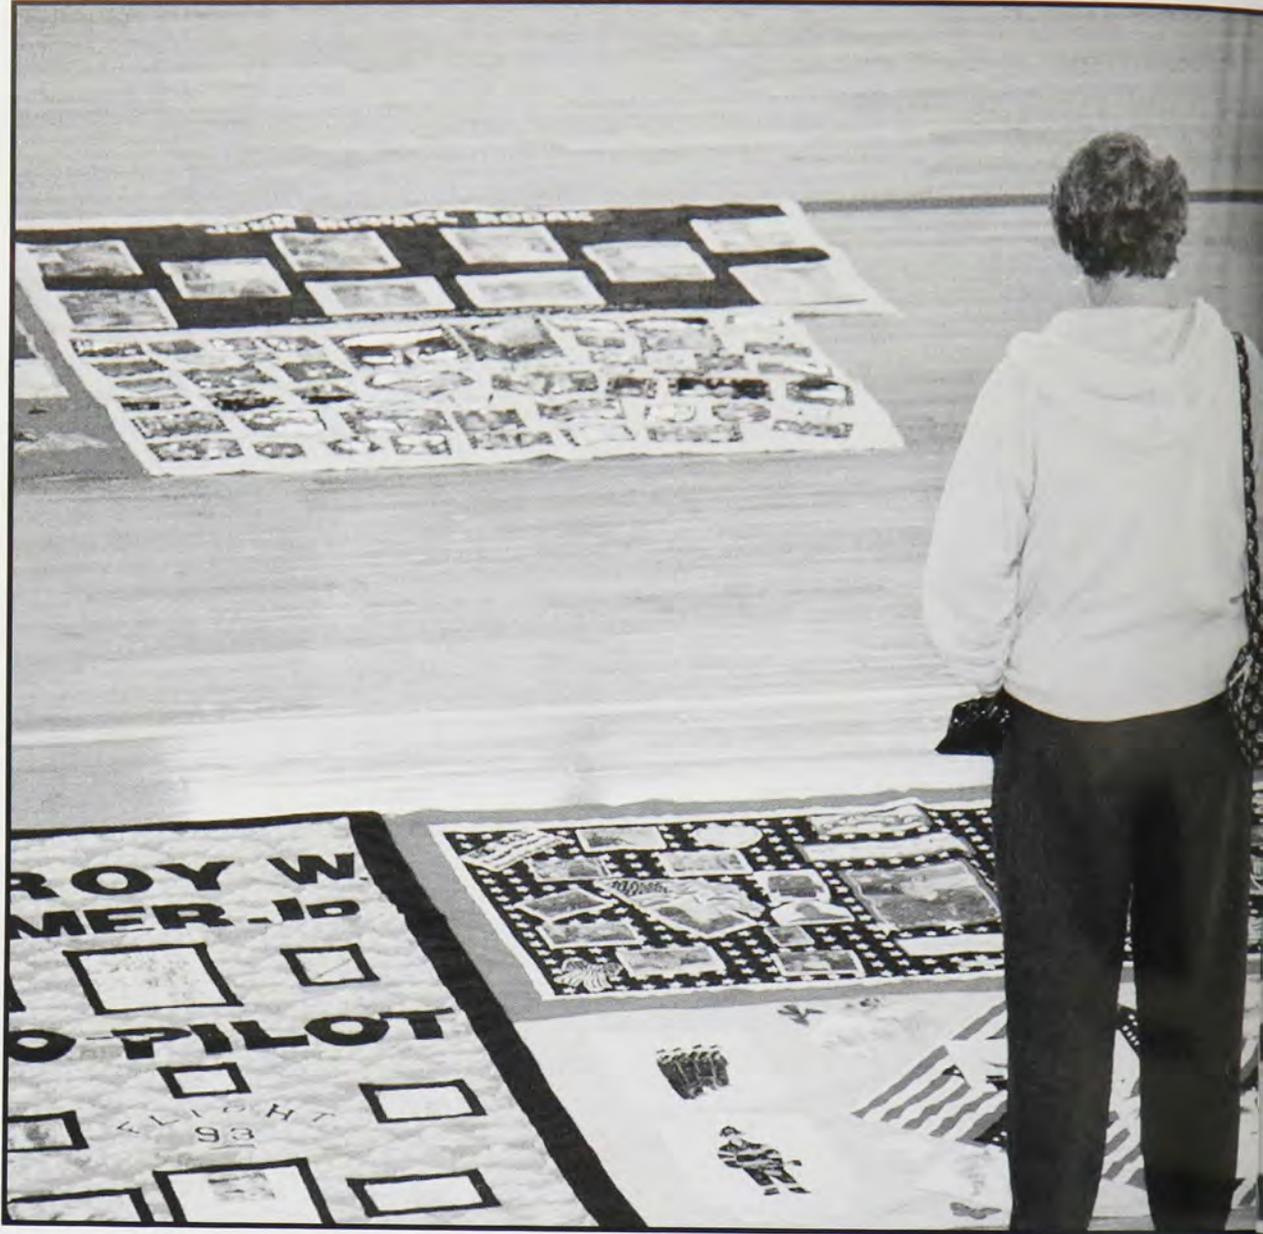

Janine Fodor, who is serving as interim director, is an attorney who has served as an adjunct faculty member, and served as the Lilly project manager. Fodor was in charge of arranging campus visits and retreats, as well as organizing the writing and editing phases of the project. Fodor has also been instrumental in coordinating the Journey Project Advisory Board, which is a hand selected group of faculty and students. Those include::

Steve Andrianoff	John Apczynski
Adam Brown	Bob Donius
Pat Dooley	Mike Fischer
Sr. Mary Gurley, O.S.F.	John Hanchette
Timothy McArdle	Cheryl Parris
Fr. Dan Riley, O.F.M.	Nicole Severino
Patricia Shumway	Tonya Thompson
Fr. Jud Weiksnar, O.F.M.	

This five-year development plan has much in store for the St. Bonaventure community. Keep your eyes peeled for the latest developments regarding the Journey Project!

## September 11 Remembered: Quilt projects mend together America's resolve

One stop during this year's Family Weekend was in Butler Gymnasium. Dozens of people came to pay their respects for the friends and families who died as a result of September 11. Approximately 80 panels of fabric quilts were put on display on Sept. 28. St. Bonaventure was just one of many stops these quilts were taking all over the country. The unique patches of fabric display a different meaning for each individual. Hours of hard work went into making each one. It was truly a sight to behold. Thanks to Bill Bace, director, and Bona grad from the class of 1975.

*-William E. Swan, Chair of Board of Trustees*

*“We will not sacrifice our values for anything -- not even athletic glory.”*

**“We are , above all, an institution of learning, and ... these events will make us stronger in life.”**

In a unity convocation, Board president William E. Swan rallied support and confidence in our institution from the St. Bonaventure community and fans, the students, faculty, alumni, and Board of Trustees.

On Sunday, March 9, the Board of Directors asked for Dr. Robert Wickenheiser's immediate resignation as university president. Following Wickenheiser's resignation, the board named Fr. Dominic Monti, O.F.M. as interim president and Sr. Margaret Carney, O.S.F. as interim senior vice president for the Franciscan charism.

In addition, pending further investigation, the board also placed on immediate administrative leave Gothard Lane, vice president for athletics and athletic director; Jan van Breda Kolff, head basketball coach; and Kort Wickenheiser, assistant basketball coach pending further inquiries into problems with the basketball program. Assistant coach Billy McCaffrey was named as interim head coach and Paul Grys as interim athletic director. Grys is a '71 graduate of St. Bonaventure and a retired IBM vice president client director.

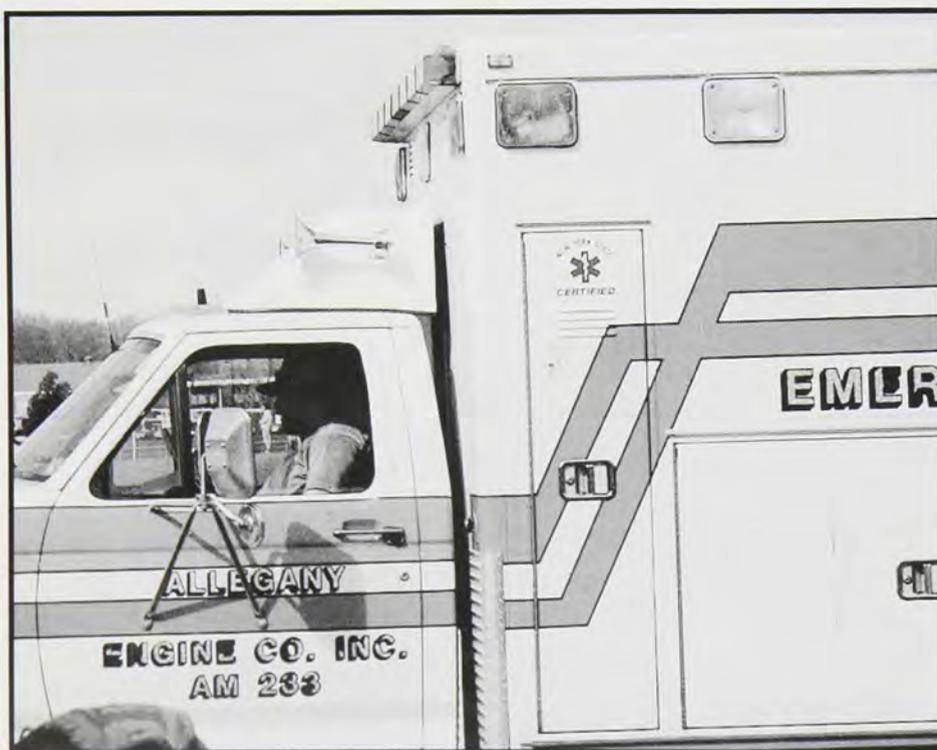

“We are fortunate to have the administration's dedication and cooperation in this matter. They understand that our Bonaventure spirit will never falter, and they are ensuring us they will continue to defend the Franciscan values that define our university,” commented sophomore Nicole Severino.

The convocation ended with an uprising chant of “Let's Go Bona's.” It goes to show you that nothing can ruin the Bona pride, and that we are, in the words of Swan, “the world's greatest student body.”

The Reilly Center Court was transformed into a beautiful setting for the Basketball Tipoff Gala in November 2002. White lights, candelabras and wonderful music created the atmosphere as the aroma of delicious food and the sight of happy faces bustled around the gym that Saturday evening.

Under the direction of Derek Morel and Greg Kennedy, hundreds of alumni, athletes, parents and fans came to show their support for the players. Dancing and dining with the players, the crowd was able to mix and mingle as the party continued into the night.

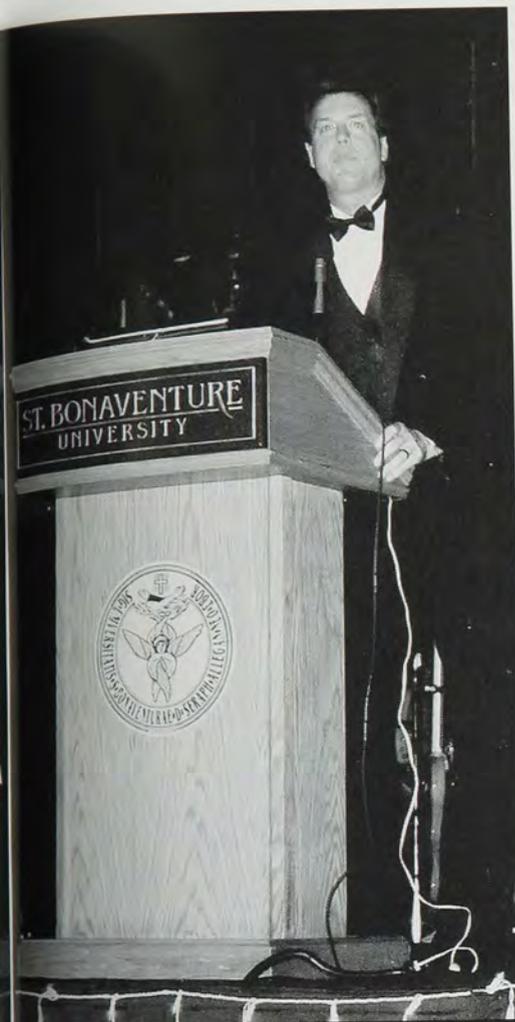

With a silent auction, a little gambling and hearing the optimism of the players and coaches, everyone had a great time, as always, supporting the Bonaventure community!

The Olean and Allegany communities are constant supporters of St. Bonaventure University. Their Bona pride never goes unnoticed at a game or community event.

The pride and support of our families is constantly present as well. Brown and white pride adorns the hearts and souls of countless alumni, parents, family, friends and community members. With all that spirit and pride, it's no wonder why St. Bonaventure will always be No. 1 to us.

### *Life's Choices*

Eddie, you chose to be committed, to endure and to persevere.

You have emerged a young man remarkably strong in character, mind and vision with a wonderful thread of compassion woven into your being.

# Congratulations Graduates!!

“Somehow I can't believe that there are any heights that can't be scaled by a man who knows the secrets of making dreams come true. This special secret, it seems to me, can be summarized in four Cs. They are **curiosity, confidence, courage, and constancy**, and the greatest of all is confidence. When you believe in a thing, believe in it all the way, implicitly and unquestionably.”  
~ Walt Disney

Our Guardian Angel

## HIS JOURNEY'S JUST BEGUN

Don't think of him as gone away —  
his journey's just begun;  
life holds so many facets —  
the earth is only one.

Just think of him as resting  
from the sorrows and tears  
in a place of warmth and comfort  
where there are no days and years.

Think how he must be wishing  
that we could know today,  
how nothing but our sadness  
can really pass away.

And think of him as living  
in the hearts of those he touched ...  
for nothing loved is ever lost —  
and he was loved so much.

Ellen Brenneman

## NEVER LET ANYONE GO...

**Remember** the roommates, the fears, the tears, the nerves, setting up the room, taking it apart and then rearranging it all over again.

**Remember** the first guy (girl) who caught your eye, that same guy (girl) whom you will still remember as your first crush.

**Remember** attempting to keep in touch with high school friends, and succeeding until you realized what a phone bill REALLY meant.

**Remember** promising to never change, but then realizing that it's an impossible promise to keep when high school has passed and moved on.

**Remember** those first friends you shared your fears with, who soon became acquaintances, those neighbors and classmates, who ended up becoming your closest friends.

**Remember** holding back the tears when you just wanted to be home again, to feel safe again.

**Remember** those days when you felt you couldn't relate to ANYONE, you felt you had no place, and just calling home would just make it worse.

**Remember** those bonding nights, when you never felt closer to a certain person, and that closeness creates ties that never die.

**Remember** how you never realized the importance of family, until you didn't see them every day.

**Remember** telling friends the deepest secrets of your life, and knowing they'd remain secrets.

**Remember** the craziness of the dorm, getting sudden bursts of energy, and looking for people to harass.

**Remember** pulling all-nighters, and never thinking they were as bad as they sounded until you actually lived through one.

**Remember** when your closet stretched throughout the whole floor and you never had to worry about a lack of clothes anymore.

**Remember** how over breaks you had the chance to step back and really see the friends you made and the memories shared, and you were satisfied.

**Remember** thinking HOW MUCH your life has changed in just months.

**Remember** the dream guy (girl) you thought about so much, who when he/ she finally opened his/ her mouth, changed your opinion of him/ her forever.

**Remember** how that guy (girl) you once lived for soon became a joke and an excuse for you and your friends to laugh at yourself.

**Remember** the times, never forget them, even the little ones can hold the greatest meaning.

**Remember** to never lose touch with those friends you've made here at college, because you have all changed and grown enormously together, and that's something very sacred to be shared.

**Remember** you are only here for a short while, the time flies before you realize it, so make it last, make it memorable, make it the best memories that you can carry with you for the rest of your days,

**Remember** this doesn't last forever, so never let a day go by without living it to the fullest.

**Remember** to never let a day go by without a laugh.

**Remember** to love the ones you love; life isn't forever.

**Remember** the laughs; let them echo in the back of your mind.

**Remember** to love your friends, whether they come, go, love you or hurt you, NEVER let anyone go.

And **always remember**, when you leave here in four years you are leaving with much more than you walked in here with.

**So many great memories, so many great friends.**

**We'll always remember the**

# Thank you to all of our alumni for your constant support and dedication to the future of St. Bonaventure University!

Right, Bob Donius leads the student representatives in a beautiful Benediction of Canticle of the Sun. Below, the Girls of Gaudete all dolled up! L-R, Nicole Severino, Jennifer Capaldi, Krystal Winchek, Erin McCabe, Tracie Swanseger, Jenna Marino, Nakeia Chambers and Carri Gregorski.

Above, both students and alumni had a blast at the Plaza. This event was able to bring together alumni from all over the world to celebrate the life of St. Francis and the goodness he stood for.

---

# The Gaudete Medal and Awards

St. Francis found joy in simple things and retained his rejoicing in spite of the suffering and pain in his life. Gaudete (gow-day-tay), which means "let us rejoice" in Latin, is a word often reserved for the hallowed walls of a church or a sacred time of worship.

St. Bonaventure University's Gaudete Medal recipients are business and community leaders who exemplify, in their professional and personal lives, the same spirit of joy and service expressed through the life

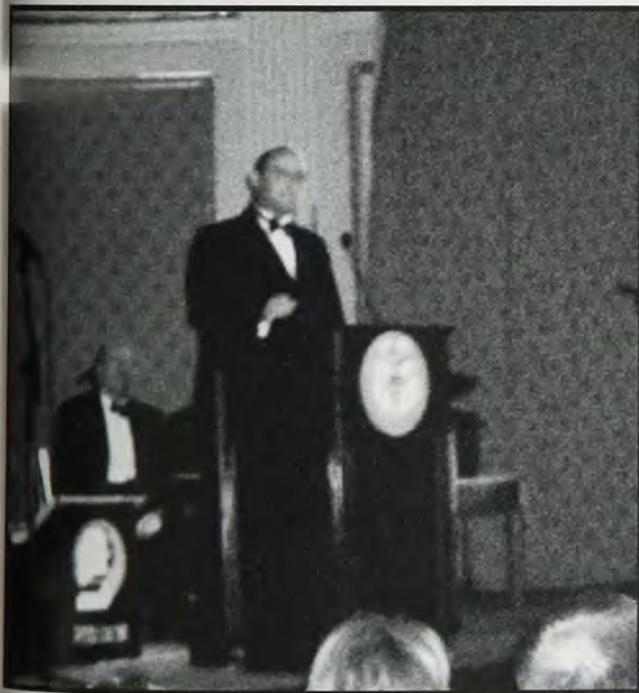

and teachings of St. Francis of Assisi.

The medal recipients possess joy and hope, a positive outlook on life, a sincerely compassionate spirit and a desire to serve humankind. The individuals are judged by the deeds they perform, or practices that inspire, encourage, enhance, enlighten and benefit others. Recipients exhibit integrity, selflessness and humility; their actions and life reflect courage even when dealing with adversity and taking unpopular positions.

# College is...

*College is about learning.* It's not as simple as learning whatever it is that's being taught in your required general education classes, though. It's about learning how to listen, how to speak, how to think. Learning who you are, who your friends are, and the type of people you want as friends. Learning how to trust your innermost feelings, and how to find those feelings in the first place. It's about learning what's really important to you, and learning what you really don't care about.

College is about learning how to tolerate, how to accept, how to like, and how to love. Learning how to give as well as you receive, and how to trust that everything will even itself out on its own (you buy a pizza one night, your roommate buys it the next). It's about learning that your mom and dad actually do have the right answers sometimes, and that your kid sister isn't such a dumb little kid anymore. College is about learning how to treat people as people, not as stereotypes anymore. Learning how to achieve, how to succeed, how to accomplish. It's about learning how to not come in first place and still be proud, and about coming in last and learning how to admit that you could have done better.

College is about learning that loud parties don't necessarily mean a good time. Learning that loneliness doesn't go away in a crowd, and that sometimes it's OK to be by yourself on a Friday or a Saturday night. It's about learning that your lunchtime crowd doesn't constitute your popularity, and that popularity is all a matter of perspective. It's about learning that boredom is simply laziness of the mind, and that watching three hours of Thursday night NBC is not quality relaxation time. College is about learning to pack a bag, how to pack a car, and how to pack a room full of way too much stuff. Learning that people probably like you a whole lot more than they'll ever tell you, and that it's your responsibility to make sure your friends know how much you appreciate them. It's about learning that simply doing what you're supposed to do isn't enough, you need to put forth twice that much in order to fully grasp whatever it is that's sitting in front of you. It's about learning how to make people smile.

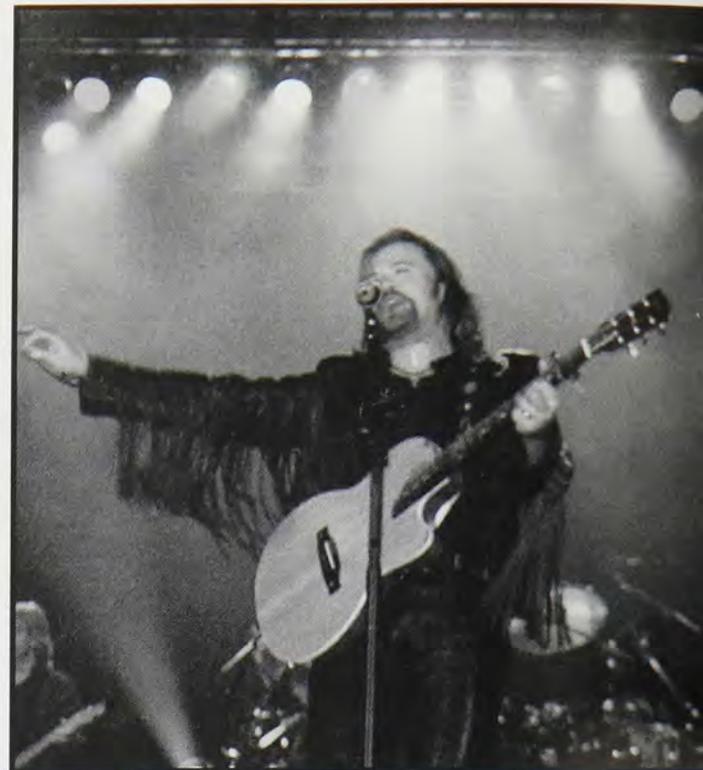

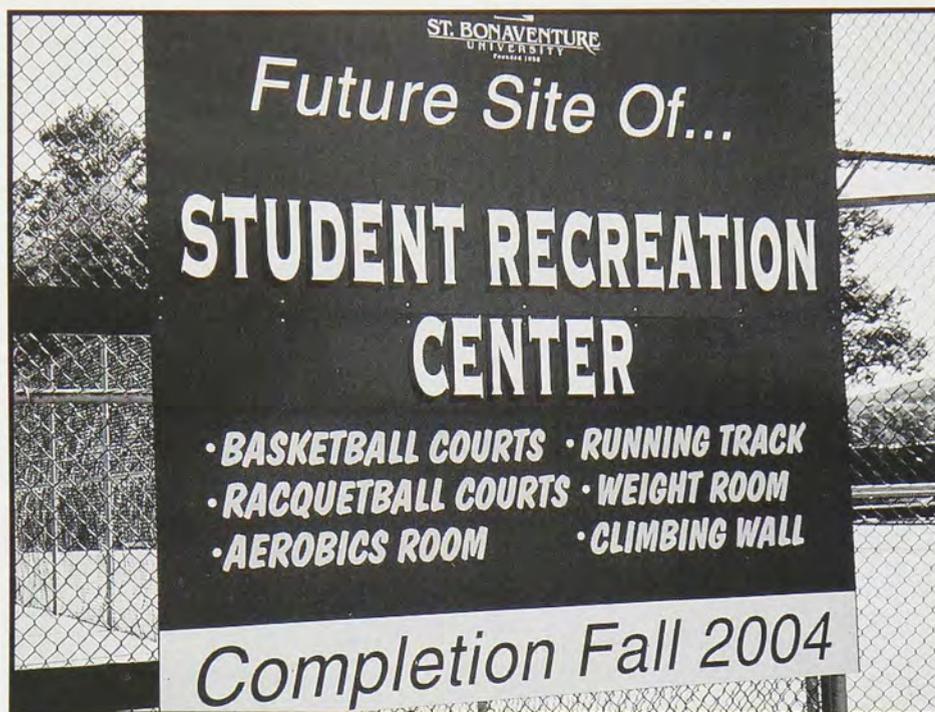

College is about learning how to miss people enough to not stick them in the past, and how to not miss them so much that it keeps you from moving into the future. Learning how to motivate yourself and how to motivate others. Learning what the phrase "make do" means, and how to use it to make it seem as if you're not simply "making do." It's about how to swear in all the different languages of your class/floor/dorm/housemates.

**College is about learning.  
Learning how to live.**

**You have brains in your head.  
You have feet in your shoes.  
You can steer yourself in any  
direction you choose.  
You're on your own.  
And you know what you know.  
You are the guy who'll decide  
where to go.**

**~Dr. Seuss**

### College Colors

The school colors are brown and white, derived from the characteristic garb of the Franciscan Friars. This is a brown robe, called a “habit” and made in the shape of the cross. A white rope, called a “cord,” is worn around the waist of the Friars. On the cord are three knots representing the vows of Poverty, Celibacy and Obedience.

## ALMA MATER

With myrtle wreath we'll deck thy brow

Bona's, old St. Bona's.

Thy verdant leaves our love avow,

Bona's, old St. Bona's

Thy name was ever fair and bright;

We'll keep it thus with memory's light  
And laud thy glorious Brown and White,

Bona's, old St. Bona's.

Our hearts shall ever be thy shrine

Bona's, old St. Bona's.

Around thy name shall honor twine

Bona's, old St. Bona's.

E'er hallowed shall thy memory grow;

Within our souls thy love shall grow,

Bona's, old St. Bona's.
